HINDI FICTION was in its infancy when Premchand appeared on the scene. After Premchand's contribution Hindi fiction reached its fullest maturity and flowering. Premchand gave to Hindi fiction a new social awareness, a new sense of purpose. In his hands the Hindi novel comes very close to life and faithfully reflects reality. Premchand was an idealist who desired to mould life according to dreams, but he did not close his eyes to the harsh, ugly truths of life. He mitigated nothing, condoned nothing; his work uplifts and exalts the reader. He was truly a people's writer who wrote about the life of common folk in a language they

could understand. His appeal goes much beyond the closed circle of the intelligentsia and he has readers among people who have very little education. In this he reminds us of mediaeval poets like Tulsidas and Kabir whose words bring magic into the lives of the people in India.

The verses of the great
religious poets of north
India stand at the fount of
the Hindi language, and
many would say that they
also represent its greatest
flowering. These poems
are awash in universal
themes--cruelty,
loneliness, hope,
infatuation, the weight of
time--and are well known
to Indians in every walk of
life today. Their authors
are revered not only as
poets but as saints
through a hagiographical
literature that extends to
comic books, TV serials,
and motion pictures.
Songs of the Saints of
India presents six of the
best known of these
poets--Ravidas, Kabir,
Nanak, Surdas, Mirabai,
and Tulsidas--with a
biographical and
interpretive essay on each
and a selection of
representative verses in
original translations. The
book provides a new way
to be introduced to
Hinduism as it is lived
today.

BRILL**

In the past two decades,
scholars have
transformed our
understanding of the
interactions between India
and the West since the
consolidation of British
power on the
subcontinent around
1800. While
acknowledging the merits
of this scholarship,
Sheldon Pollock argues
that knowing how
colonialism changed
South Asian cultures,
particularly how Western
modes of thought became
dominant, requires
knowing what was there
to be changed. Yet little is
known about the history
of knowledge and
imagination in late
precolonial South Asia,
about what systematic
forms of thought existed,
how they worked, or who
produced them. This
pioneering collection of
essays helps to rectify this
situation by addressing
the ways thinkers in India
and Tibet responded to a
rapidly changing world in
the three centuries prior
to 1800. Contributors
examine new forms of
communication and
conceptions of power that
developed across the
subcontinent; changing
modes of literary
consciousness, practices,

and institutions in north
India; unprecedented
engagements in
comparative religion,
autobiography, and
ethnography in the Indo-
Persian sphere; and new
directions in disciplinarity,
medicine, and geography
in Tibet. Taken together,
the essays in Forms of
Knowledge in Early
Modern Asia inaugurate
the exploration of a
particularly complex
intellectual terrain, while
gesturing toward
distinctive forms of non-
Western modernity.

Surdas—and his remarkable lyrics refashioning the widely known narrative of the Hindu deity Krishna and his lover Radha—has been regarded as the epitome of artistry in Hindi verse from the end of the sixteenth century to the present day. This award-winning translation of Sur's Ocean reconstructs the early tradition of

Surdas's poems.

Mapping Histories
Penguin UK

Edited by Professor Neera Chandhoke, 'Mapping Histories' is a fitting tribute to renowned historian Ravinder Kumar, well known for his pioneering work on the social consequences of colonial rule in India, and for founding the Centre for Contemporary Studies at the Nehru Memorial Museum and Library. Here, Fellows of the centre present a collection of historical and contemporary studies on India, which deal with diverse themes from religion to the environment, cultural studies to feminism. Together, these lively and challenging essays offer readings on how we understand India's history and, conversely, how we can use this comprehension of the past to interpret India's complex present.

Forms of Knowledge in Early Modern Asia Sahitya Akademi

A tribute to the first Singer-Superstar of Indian

Cinema Hailed as shahenshah-e-mausiqi (emperor of music) and acclaimed as the ghazal king, K.L. Saigal became a phenomenon in his own lifetime. Idolized for his distinctive style by the first generation of Bollywood playback singers, he is now also the subject of study by several scholars. With no formal training, Saigal recorded 185 songs, including the immortal Diya jalao jagmag jagmag, Rumjhum rumjhum chaal tihari, Baag laga doon sajani and Jab dil hi toot gaya. He also acted in thirty-six feature films, including Tansen, Street Singer and Shahjehan. His popularity, however, skyrocketed with Devdas in which he played the doomed lover to perfection, a portrayal which would influence every actor playing a tragic hero thereafter. This book, interspersed with archival photographs and appended with a filmography and selected songs, provides a fascinating account of one of Hindi cinema's greatest legends.
