It is ideologically driven to build a group of church historians who will tell the story of African Christianity, not Christianity in Africa, as an African story, by intentionally privileging the patterns of African agency without neglecting the noble roles played by missionaries. The effort has been to identify the major themes or story lines in African encounters and in the

appropriation of the gospel. --from publisher description.

Father Luigi Gambero, internationally-known expert on early Christianity, presents a comprehensive survey of the development of Marian doctrine and devotion during the first eight centuries. Focusing on the lives and works of over thirty of the most famous Church Fathers and early Christian writers, Fr. Gambero has produced a clear and readable summary of the richness of the patristic age's theological and devotional approach to the Mother of God. The book contains numerous citations from the works of those men who developed the defining Christological and Mariological positions that have constituted the foundational doctrinal teaching of the Church. Each chapter concludes with an extended reading from the works of the patristic authors. A number of these texts have never before been published in English. The thought of the Fathers and early Christian writers continues to fascinate readers today. Their theological acuity and spiritual depth led them faithfully into the mysteries of Sacred Scripture. Their vast experience made them reliable and trustworthy witnesses to the faith of the people of God.

From the primeval age of Ayà̀nàgalú (the Yorùbá pioneer-drummer-turned-deity-of-drumming) to the modern era, Yorùbá musical traditions have been shaped by individual performers: drummers, dancers, singers, and chanters, who express self-mediated visions of their social and cultural environment. *Yorùbá Music in the Twentieth Century* explores the role of the performer and the performing group in creating these traditions, contributing to the ongoing reorientation of scholarship on African music toward individual creativity within a larger social network. Drawing on extensive field research conducted over the course of two decades, Bode Omojola examines traditional Yorùbá genres such

as bàtá and dùndún drumming as well as more contemporary genres such as Yorùbá popular music. The book also addresses a spectrum of social issues, ranging from gender inequality to the impact of Christianity and Islam on Yorùbá musical practice. Throughout, Omojola emphasizes the interrelatedness of the different components of the Yorùbá musical landscape, as well as the role of specific individuals and groups of musicians, who have continued to draw from indigenous Yorùbá musical resources to create new musical forms in the process of engaging the social dynamics of a rapidly changing environment. Bode Omojola is a Five College Associate Professor of Music at Mt. Holyoke College.

From the bestselling author of *The Lamb's Supper* comes an illuminating work on the Catholic Eucharist and its link to the Jewish Passover meal. "Read this book. And don't just read it. Pray about it. Reflect on it. And share it with others."—Brant Pitre, author of *The Case for Jesus* In this brilliant book—part memoir, part detective story, and part biblical study—Scott Hahn opens up new vistas on ancient landscapes while shedding light on his own enduring faith journey. *The Fourth Cup* not only tracks the author's gradual conversion along the path of Evangelicalism to the doorsteps of the Catholic faith, but also explores the often obscure and misunderstood rituals of Passover and their importance in foreshadowing salvation in Jesus Christ.

Revealing the story of his formative years as an often hot-headed student and earnest seeker in search of answers to great biblical mysteries, Hahn shows how his ardent exploration of the Bible's Old Testament turned up intriguing clues connecting the Last Supper and Christ's death on Calvary. As Hahn tells the story of his discovery of the supreme importance of the Passover in God's plan of salvation, we too experience often-overlooked relationships between Abel, Abraham, and the Hebrews' liberation from slavery in Egypt. Along the way, Hahn reveals how the traditional fourth cup of wine used in the concluding celebration of Passover explains in astonishing ways Christ's paschal sacrifice. Rooted in Scripture and ingrained with lively history, *The Fourth Cup* delivers a fascinating view of the bridges that span old and new covenants, and celebrates the importance of the Jewish faith in understanding more fully Christ's life, death, and resurrection.

The Hymnal Companion to the Book of Common Prayer Dag Heward-Mills

Although popularized in Africa by Western missionaries, the Christian faith as practiced by Africans has acquired unique traits over time. Some of the most radical reinterpretations of Christianity are offered by those churches known as "AICs" (variously, African Initiated, African Instituted, or African Independent Churches)—new denominations founded by Africans skeptical of dogma offered by mainstream churches with roots in European empires. As these churches spread throughout the African diaspora, they have brought with them distinct practices relating to gender. Such practices range from the expectation that women avoid holy objects and sites during menstruation to the maintenance of church structures in which both men and women may be ordained and assigned the same duties and responsibilities. How does having a female body affect one's experience of indigenized Christianity in Africa? *Spirit, Structure, and Flesh* addresses this question by exploring the ways ritual, symbol, and dogma circumscribe, constrain, and liberate women in AICs. Through detailed description of worship and doctrine, as well as careful analyses of church history and organizational processes, Deidre Helen Crumbley explores gendered experiences of faith and power in three Nigerian indigenous AICs, demonstrating

the roles of women in the day-to-day life of these churches.

The texts comprise the original isiZulu hymns as well as English translations, and are brought to life with an accompanying compact disc of song, story and interview excerpts. These include detail about the seminal moment of change and controversy in the 1990s, when the organ was introduced by church member and ethnomusicologist, Bongani Mthethwa, to accompany the Shembe hymnal repertory. The initiative gave birth to dozens of youth choirs who sang the hymns in a new style, and began to compose their own repertory about Shembe in a more 'gospel-inflected' musical version of their faith. --
