DRAVEN BRANSON

Face2face Pre-intermediate Workbook with Key Heinemann
The Student's Book provides approximately 80 hours of core teaching material, which can be extended to 120 hours with the inclusion of the photocopiable resources and extra ideas in the Teacher's Book. Each self-contained double-page lesson is easily teachable off the page. The Student's Book comes packaged with a free fully-interactive CD-ROM/Audio CD with over 200 exercises in all language areas, video, games, recording capability, progress chart and customised tests (please note that the Class Audio is available separately). There is also a selection of material from the Real World lessons which can be listened to on normal CD players.

Nefertiti's Face Cambridge University Press

Presents the story of Plenty Coups, the last great Chief of the Crow Nation. This title contains a philosophical and ethical inquiry into a people faced with the end of their way of life.

Cambridge International AS and A Level Computer Science Coursebook Cambridge University Press

Helps students to develop the thinking skills required for success in the BMAT, which is required by seven universities for entrance onto competitive courses, such as medicine and veterinary science.

Face2face Pre-intermediate Student's Book with DVD-ROM Cambridge University Press

Little is known about Nefertiti, the Egyptian queen whose name means "a beautiful woman has come." She was the wife of Akhenaten, the pharaoh who ushered in the dramatic Amarna Age, and she bore him at least six children. She played a prominent role in political and religious affairs, but after Akhenaten's death she apparently vanished and was soon forgotten. Yet Nefertiti remains one of the most famous and enigmatic women who ever lived. Her instantly recognizable face adorns a variety of modern artifacts, from expensive jewelry to cheap postcards, t-shirts, and bags, all over the world. She has

appeared on page, stage, screen, and opera. In Britain, one woman has spent hundreds of thousands of pounds on plastic surgery in hope of resembling the long-dead royal. This enduring obsession is the result of just one object: the lovely and mysterious Nefertiti bust, created by the sculptor Thutmose and housed in Berlin's Neues Museum since before World War II. In *Nefertiti's Face*, Egyptologist Joyce Tyldesley tells the story of the bust, from its origins in a busy workshop of the late Bronze Age to its rediscovery and controversial removal to Europe in 1912 and its present status as one of the world's most treasured artifacts. This wide-ranging history takes us from the temples and tombs of ancient Egypt to wartime Berlin and engages the latest in Pharaonic scholarship. Tyldesley sheds light on both Nefertiti's life and her improbable afterlife, in which she became famous simply for being famous.

Face2face Upper Intermediate Workbook Without Key Harvard University Press

Information theory and inference, taught together in this exciting textbook, lie at the heart of many important areas of modern technology - communication, signal processing, data mining, machine learning, pattern recognition, computational neuroscience, bioinformatics and cryptography. The book introduces theory in tandem with applications. Information theory is taught alongside practical communication systems such as arithmetic coding for data compression and sparse-graph codes for error-correction. Inference techniques, including message-passing algorithms, Monte Carlo methods and variational approximations, are developed alongside applications to clustering, convolutional codes, independent component analysis, and neural networks. Uniquely, the book covers state-of-the-art error-correcting codes, including low-density-parity-check codes, turbo codes, and digital fountain codes - the twenty-first-century standards for satellite communications, disk drives, and data broadcast. Richly illustrated, filled with worked examples and over 400 exercises, some with detailed solutions, the book is ideal for self-learning, and for undergraduate or graduate courses. It also provides an unparalleled entry point for professionals in areas as diverse as computational biology, financial engineering and

machine learning.

The Manchester Triage System (MTS) is the most widely used triage system in the UK, Europe and Australia, with tens of millions of patients being processed through hospital emergency departments. It is also used in hospitals throughout Brazil. *Emergency Triage* is the core text for the MTS, which utilises a risk averse system of prioritisation for patients in all unscheduled care settings. As such, it is an essential text for all emergency department staff using the MTS, in particular triage nurses. The book is both a training tool and a reference for daily use in the Emergency Department and prehospital settings. This edition features revised protocols that reflect new approaches to prioritisation, with accompanying revised flowcharts - the core part of the book. Table of Contents Presentation flow charts index 1: Introduction 2: The decision-making process and triage 3: The triage method 4: Pain assessment as part of the triage process 5: Patient management, triage and the triage nurse 6: Auditing the triage process 7: Telephone triage 8: Beyond prioritisation to other applications This Edition was updated in 2023 to Version 3.8.

Face2face Elementary Student's Book with DVD-ROM Harvard University Press

"The Teacher's Book contains : a description of the face2face methodology ; a visual reference guide to the key features of the Student's Book ; photocopiable instructions for the free Student's Book CD-ROM/Audio CD. The 'Classware' brings together onto one DVD-ROM the text, images and audio from the Student's Book plus the video from the CD-ROM. This gives teachers a new way of presenting and using the 'Student's Book material in class. This software can be used with interactive whiteboards, portable whiteboards, or simply a computer and projector."--Publisher.

Face2face Cambridge University Press

face2face Second edition is the flexible, easy-to-teach, 6-level course (A1 to C1) for busy teachers who want to get their adult and young adult learners to communicate with confidence.

face2face Second edition is informed by the Cambridge English

Corpus and its vocabulary syllabus is mapped to the English Vocabulary Profile, meaning students learn the language they really need at each CEFR level. The free DVD-ROM in the Intermediate Student's Book includes consolidation activities and an electronic portfolio for learners to track their progress, with customisable tests and grammar and vocabulary reference sections. The Class Audio CDs (available separately) contains the complete recordings for the listening activities in the Student's Book.

face2face Elementary and Pre-intermediate DVD Face2face Pre-intermediate Student's Book with DVD-ROM

"The presentation and practice of vocabulary and grammar are of equal importance and there is a strong focus on listening and speaking with an emphasis on 'real world' language for social situations. The listening and reading material provides fresh new angles on universal topics and students are given numerous opportunities to practise new language through a wide variety of communicative activities, many of which are personalised. face2face is also fully compatible with the Common European Framework of Reference for Languages and gives students regular opportunities to evaluate their progress." - product description.

Cambridge IELTS 11 General Training Student's Book with answers Cambridge University Press

The face2face Elementary/Pre-intermediate DVD contains video sequences from the Elementary and Pre-intermediate CD-ROMs and comes with an accompanying Teacher's Guide on how to exploit the material in class.

English as a Global Language Cambridge University Press

face2face Second edition is the flexible, easy-to-teach, 6-level course (A1 to C1) for busy teachers who want to get their adult and young adult learners to communicate with confidence. face2face Second edition vocabulary selection is informed by Cambridge English Corpus as well as the English Vocabulary Profile, meaning students learn the language they really need at each CEFR level. The Intermediate Level Workbook with Key offers additional consolidation activities as well as a Reading and Writing Portfolio for extra skills practice. A Workbook without Key is also available.

Face2face Intermediate Workbook with Key Cambridge University Press

The Upper Intermediate Student's Book provides 80 hours of core teaching material, which can be extended to 120 hours with the inclusion of the photocopiable resources in the Teacher's Book (with Teacher's DVD). Vocabulary and Grammar are given equal importance and there is a clear focus on improving student's listening and speaking skills in social situations. The Student's Book includes optional video for the Real World lessons (available on the Teacher's DVD) with vocabulary selection informed by English Profile and the Cambridge Learner Corpus. (Please note that the face2face Second edition Class Audio CD's are available separately).

Cambridge Advanced Learner's Dictionary Harvard University Press

face2face is the flexible, easy-to-teach General English course that helps adults and young adults to speak and listen with confidence. face2face is informed by Cambridge English Corpus and its vocabulary syllabus has been mapped to the English Vocabulary Profile, meaning students learn the language they really need at each CEFR level. The course improves students' listening skills by drawing their attention to the elements of spoken English that are difficult to understand. The Class Audio CDs include complete recordings for the listening activities in the Student's Book.

Preparing for the BMAT John Wiley & Sons

In this innovative study, James Whitley examines the relationship between the development of pot style and social changes in the Dark Age of Greece (1100-700 BC). He focuses on Athens where the Protogeometric and Geometric styles first appeared. He considers pot shape and painted decoration primarily in relation to the other relevant features - metal artefacts, grave architecture, funerary rites, and the age and sex of the deceased - and also takes into account different contexts in which these shapes and decorations appear. A computer analysis of grave assemblages supports his view that pot style is an integral part of the collective representations of Early Athenian society. It is a lens through which we can focus on the changing social circumstances of Dark Age Greece. Dr Whitley's approach to the study of style challenges many of the assumptions which have underpinned more traditional studies of Early Greek art.

face2face Upper Intermediate Student's Book Cambridge University Press

Street level discretion -- Three pathologies: the indifferent, the enforcer, and the caregiver -- A gymnastics of the self: coping with the everyday pressures of street-level work -- When the rules run out: informal taxonomies and peer-level accountability -- Impossible situations: on the breakdown of moral integrity at the frontlines of public service

Radical Hope Cambridge University Press

Slavery existed in North America long before the first Africans arrived at Jamestown in 1619. For centuries, from the pre-Columbian era through the 1840s, Native Americans took prisoners of war and killed, adopted, or enslaved them. Christina

Snyder's pathbreaking book takes a familiar setting for bondage, the American South, and places Native Americans at the center of her engrossing story. Indian warriors captured a wide range of enemies, including Africans, Europeans, and other Indians. Yet until the late eighteenth century, age and gender more than race affected the fate of captives. As economic and political crises mounted, however, Indians began to racialize slavery and target African Americans. Native people struggling to secure a separate space for themselves in America developed a shared language of race with white settlers. Although the Indians' captivity practices remained fluid long after their neighbors hardened racial lines, the Second Seminole War ultimately tore apart the inclusive

communities that Native people had created through centuries of captivity. Snyder's rich and sweeping history of Indian slavery connects figures like Andrew Jackson and Cherokee chief Dragging Canoe with little-known captives like Antonia Bonelli, a white teenager from Spanish Florida, and David George, a black runaway from Virginia. Placing the experiences of these individuals within a complex system of captivity and Indians' relations with other peoples, Snyder demonstrates the profound role of Native American history in the American past.

Emergency Triage Cambridge University Press

The Cambridge Advanced Learner's Dictionary is the ideal dictionary for advanced EFL/ESL learners. Easy to use and with a great CD-ROM - the perfect learner's dictionary for exam success.

First published as the Cambridge International Dictionary of English, this new edition has been completely updated and redesigned. - References to over 170,000 words, phrases and examples explained in clear and natural English - All the important new words that have come into the language (e.g. dirty bomb, lairy, 9/11, clickable) - Over 200 'Common Learner Error' notes, based on the Cambridge Learner Corpus from Cambridge ESOL exams Plus, on the CD-ROM: - SMART thesaurus - lets you find all the words with the same meaning - QUICKfind - automatically looks up words while you are working on-screen - SUPERwrite - tools for advanced writing, giving help with grammar and collocation - Hear and practise all the words.
