Stacey May Fowles' debut picture book is a whimsical, warmhearted story of how a super-special surprise can lead to anxiety — or invite imagination. One beautiful fall day, Fern opens her mailbox and finds an envelope. After much worrying about what it could possibly contain, her friend Fawn encourages her to open it. Inside, she finds an invitation to a super-special surprise at the museum — but Fern doesn't like surprises! Luckily, Fawn offers to come with her to the party. What could possibly happen, he asks. Along the way, Fern voices her worries: What if they can't make it in time? What if they don't know anyone there? Fawn playfully follows his friend's way of thinking, while gently suggesting twists to her story and a fun new cast of characters — the chipmunk who could show them a shortcut, the grumpy bear who could clear their path, the brave dentist who might treat the bear's toothache — until at last they arrive, and Fern is able to enjoy the wonderful surprise happening around her. Marie Lafrance's delightfully dreamy illustrations bring the imagined world of Fern and Fawn to life in this super-special story about catastrophic thinking. Key Text Features illustrations Correlates to the Common Core State Standards in English Language Arts: CCSS.ELA-LITERACY.RL.1.3 Describe characters, settings, and major events in a story, using key details. Boys' Life Simon and Schuster

Sports fandom—often more than religious, political, or regional affiliation—determines how millions of Americans define themselves. In *We Average Unbeautiful Watchers*, Noah Cohan examines contemporary sports culture to show how mass-mediated athletics are in fact richly textured narrative entertainments rather than merely competitive displays. While it may seem that sports narratives are “written” by athletes and

journalists, Cohan demonstrates that fans are not passive consumers but rather function as readers and writers who appropriate those narratives and generate their own stories in building their sense of identity. Critically reading stories of sports fans' self-definition across genres, from the novel and the memoir to the film and the blog post, *We Average Unbeautiful Watchers* recovers sports games as sites where fan-authors theorize interpretation, historicity, and narrative itself. Fan stories demonstrate how unscripted sporting entertainments function as identity-building narratives—which, in turn, enhances our understanding of the way we incorporate a broad range of texts into our own life stories. Building on the work of sports historians, theorists of fan behavior, and critics of American literature, Cohan shows that humanistic methods are urgently needed for developing nuanced critical conversations about athletics. Sports take shape as stories, and it is scholars in the humanities who can best identify how they do so—and why that matters for American culture more broadly.

The Soul of Baseball Coaches Choice

A successful college baseball coach recounts his transition from a fear-based life to a rewarding career of passionate motivation, outlining the lessons he has learned about opportunity, courage, and failure.

A Little Book of Thank Yous Groundwood Books Ltd

Boys' Life is the official youth magazine for the Boy Scouts of America. Published since 1911, it contains a proven mix of news, nature, sports, history, fiction, science, comics, and Scouting.

Too Hot to Handle Triumph Books

In 2003 my older brother Nearo (Bub) Williams Jr. began writing a memoir consisting of his great love of the game of baseball, the Brooklyn Dodgers, and Jackie Robinson, one of his heroes. Beginning in his days of playing Little League through semi-professional status as a starting pitcher, Bub held a burning desire to one day pitch Major League Baseball (MLB). In Little League, he began to learn how the game of baseball resembled situations of life and he used baseball metaphors as a method towards gaining ultimate life achievements. As a scholar of the game, Bub made it a life's work to mentor young people using this same concept, teaching them valuable lessons in strategic

thinking. The manuscript also pays homage to numerous early MLB players and Negro Baseball League (NBL) players, spanning from the early 1920s through the 1980s. In it you will find motivating life coaching advice for all ages. The story begins in Bridgewater Township, NJ in the late 1950s, with highlights of other career adventures after he permanently relocates to Atlanta GA in 1972. On October 28, 2008, Bub passed away, suddenly. Knowing this was a work that he passionately desired to finish, it has always been on my heart to complete his manuscript as a dedication to him. The lessons within the work are priceless to not only future baseball players, or to those who love the game, but to all those striving to succeed in life!

Baseball Life Advice Rowman & Littlefield

In this book, authors H.A. Dorfman and Karl Kuehl present their practical and proven strategy for developing the mental skills needed to achieve peak performance at every level of the game.

Baseball's New Frontier Simon and Schuster

Celebrated trans author S. Bear Bergman's illustrated guide to practical advice for the modern age, filtered through a queer lens. Pelican Publishing

Baseball and Philosophy brings together two high-powered pastimes: the sport of baseball and the academic discipline of philosophy. Eric Bronson asked eighteen young professors to provide their profound analysis of some aspect of baseball. The result offers surprisingly deep insights into this most American of games. The contributors include many of the leading voices in the burgeoning new field of philosophy of sport, plus a few other talented philosophers with a personal interest in baseball. A few of the contributors are also drawn from academic areas outside philosophy: statistics, law, and history. This volume gives the thoughtful baseball fan substantial material to think more deeply about. What moral issues are raised by the Intentional Walk? Do teams sometimes benefit from the self-interested behavior of their individual members? How can Zen be applied to hitting? Is it ethical to employ deception in sports? Can a game be defined by its written rules or are there also other constraints? What can the U.S. Supreme Court learn from umpiring? Why should baseball be the only industry exempt from antitrust laws? What part does luck play in any game of skill?

Science of Hitting U of Nebraska Press

From sandlots to major league stands, two fans set out to recapture their love of the game. For most of their lives together Dale Jacobs and Heidi LM Jacobs couldn't imagine a spring without baseball. Their season tickets renewal package always seemed to arrive on the bleakest day of winter, offering reassurance that sunnier times were around the corner. Baseball was woven into the fabric of their lives, connecting them not only to each other but also to their families and histories. But by 2017 it was obvious something was amiss: the allure of another Sunday watching their Detroit Tigers had devolved to obligation. Not entirely sure what they were missing, they did have an idea on where it might be found: in their own backyard. Drawing a radius of one hundred miles around their home in Windsor, Ontario, Dale and Heidi set a goal of seeing fifty games at all levels of competition over the following summer. From bleachers behind high schools, to manicured university turf, to the steep concrete stands of major league parks, *100 Miles of Baseball* tells the story of how two fans rediscovered their love of the game—and with it their relationships and the region they call home.

The Invitation Open Court

Truest Fan is a story for anyone who wants to be their best, bring out the best in others, and live with greater purpose and impact. It distills ways of thinking, acting, and doing so you can perform at your highest level while encouraging others to do the same. You will follow the journey of seven characters who each convey lessons you can put into practice in your business as well as in life. Just as in baseball, before you reach the major leagues, you need to develop success habits... daily rituals and routines in which you engage to reach your biggest goals. This book helps focus your attention on what matters most in your life—be it a spouse, business, colleagues, or kids. Many people lose years of their life because of the intensity of urgent to-do's and the distractions we all face. Truest Fan strips back this facade. It helps you consider what your life would be like if you were purposely living each day as your own Truest Fan. Think about it... What would your life be like if you were to swing for the fences in each relationship, each project, and each goal? It might amaze you to find that you would begin to win more games. And along the way you would enjoy the journey a whole lot more!

Baseball Life Advice National Geographic Books

When You Come to a Fork in the Road, Take It! Hachette UK

What Does it Take to Have a Great Baseball Career? You daydream about one day seeing your face on a baseball card. You live for pressure and the green grass beneath your cleats. But as your career progresses, the game gets harder. You slump and struggle. You get injured and overlooked. Your confidence plummets. Can you keep improving? Are your big dreams still within reach? A Handbook for the Dedicated Player *Clean Your Cleats* is filled with stories and advice learned the hard way, over a long career on the diamond. Develop better routines and improve your consistency. Handle the ups and downs with confidence and resolve. Strengthen relationships with teammates, parents and coaches. Learn mindset strategies to become the best version of you. Dan Blewett, in this practical guide, helps players understand all the little things in baseball that make a huge difference over a long career. Why clean your cleats? Because every detail matters.

Sparky and Me U of Nebraska Press

Exploring a pitching career that began with a complete-game victory over Hall of Famer Don Drysdale in 1964 and ended when he could no longer control his pitches, this book details the life of Pittsburgh Pirates great, Steve Blass. This insider's view of the humorous and bizarre journey of a World Series champion pitcher turned color commentator will delight Pirates and baseball fans alike. Recounting his first years in the Major Leagues and his battle with the baffling condition that would ultimately bear his own name, Steve Blass tells the story of his life on and off the field with a poignant, dazzling wit and shares the life of a baseball player who had the prime of his career cut short.

The Extra 2% ESPN

What happens when three financial industry whiz kids and certified baseball nuts take over an ailing major league franchise and implement the same strategies that fueled their success on Wall Street? In the case of the 2008 Tampa Bay Rays, an American League championship happens—the culmination of one of the greatest turnarounds in baseball history. In *The Extra 2%*, financial journalist and sportswriter Jonah Keri chronicles the remarkable story of one team's Cinderella journey from divisional doormat to World Series contender. When former Goldman Sachs colleagues Stuart Sternberg and Matthew Silverman assumed

control of the Tampa Bay Devil Rays in 2005, it looked as if they were buying the baseball equivalent of a penny stock. But the incoming regime came armed with a master plan: to leverage their skill at trading, valuation, and management to build a model twenty-first-century franchise that could compete with their bigger, stronger, richer rivals—and prevail. Together with “boy genius” general manager Andrew Friedman, the new Rays owners jettisoned the old ways of doing things, substituting their own innovative ideas about employee development, marketing and public relations, and personnel management. They exorcized the “devil” from the team's nickname, developed metrics that let them take advantage of undervalued aspects of the game, like defense, and hired a forward-thinking field manager as dedicated to unconventional strategy as they were. By quantifying the game's intangibles—that extra 2% that separates a winning organization from a losing one—they were able to deliver to Tampa Bay something that Billy Beane's “Moneyball” had never brought to Oakland: an American League pennant. A book about what happens when you apply your business skills to your life's passion, *The Extra 2%* is an informative and entertaining case study for any organization that wants to go from worst to first.

A Pirate for Life Walking in Mercy Press

An exciting new collection of sublimely simple wisdom from a bestselling author, celebrated athlete, and a true American hero. Three-time MVP and Hall of Famer Yogi Berra hit home runs twice in a row with his two previous books, *The Yogi Book* and *It Ain't Over*. Now, his winning streak will continue with this latest work -- a collection of appealing, funny, and surprisingly moving essays on life, happiness, and getting through the slumps. Filled with another delightful helping of Yogi's inimitable and unwittingly wise aphorisms, these reflections focus on the valuable lessons he's learned on and off the field. From his early years as an immigrant's son who dropped out of the eighth grade through his triumphant career as a player and manager who played in a record seventy-five World Series games, Yogi illustrates his homespun philosophies with apt analogies to his trove of baseball stories. He expounds on such topics as Patience (Waiting for your pitch); Sacrifice (Laying down a bunt); Trusting Others (Taking direction); and Staying Focused (Keeping your eye on the ball), to show how the rules of life and baseball are uncannily similar. And, in the tradition of *Don't Sweat the Small Stuff* and *All I Really*

Need to I Know I Learned in Kindergarten, he explains his recipe for fulfillment and happiness with life lessons that are profoundly simple, simply profound--and classic Yogi to the core. Following on the heels of two New York Times bestselling books and filled with memorable photos, this new collection of Yogi wisdom will undoubtedly expand his growing legion of fans. When You Come to a Fork in the Road, Take It! is a wise, humble, touching book that's a guaranteed winner. In short, it's Déjà vu all over again. A baseball legend reflects on the following lessons... "A nickel ain't worth a dime any more." "It ain't over til it's over." "You can't think and hit at the same time." "I didn't really say everything I said." "The future ain't what it used to be." . . . and many more.

Baseball's Last Great Scout Taylor & Francis
A NEW YORKER AND THE ECONOMIST BEST BOOK OF 2022 "Life Is Hard is a humane consolation for challenging times. Reading it is like speaking with a thoughtful friend who never tells you to cheer up, but, by offering gentle companionship and a change of perspective, makes you feel better anyway" The New York Times Book Review 'An eloquent, moving, witty and above all useful demonstration of philosophy's power to help us weather the storms of being human' Oliver Burkeman, author of FOUR THOUSAND WEEKS _____ Pain, Loneliness, Grief, Injustice ... Hope? Life is hard - as the past few years have made painfully clear. From personal trauma to the injustice and absurdity of the world, sometimes simply going on can feel too much. But could there be solace - and even hope - in acknowledging the hardships of the human condition? Might doing so free us from the tyranny of striving for our "best lives" and help us find warmth, humanity, and humour in the lives we actually have? Could it inspire in us the desire for a better world? In this profound and personal book, Kieran Setiya shows how philosophy can help us find our way. He shares his own experience with chronic pain and the consolation that comes from making sense of it. He asks what we can learn from loneliness and loss about the value of human life. And he explores how we can fail with grace, confront injustice, and search for meaning in the face of despair. Drawing on ancient and modern philosophy, as well as fiction, comedy, social science and personal essay, Life is Hard is a book for this moment - a work of solace and compassion. It draws us towards justice, for ourselves and others, by acknowledging what it means to be alive.

The Mental Game Of Baseball Baseball Life Advice

It's not just for fathers; it's not just for sons. "Lessons for Joey" is a collection of heartfelt advice on the importance of following one's dreams and being a person of high character. This book is not only a loving tribute from a dad to his son, it is a thorough and timeless guide that will inspire a person of any age or walk of life to become the absolute best they can be. It serves as a reminder to us all that life is what we make it, and that there are no limits to our potential--except those we place on ourselves. Motivating and moving, "Lessons for Joey" will make you laugh, it will make you cry, and it will help you to realize that there is but one thing in this world more powerful than any other: love.

What I Know about Baseball Is What I Know about Life McFarland

Grace Porter is reeling from grief after her partner of seven years unexpectedly leaves. Amidst her heartache, the 30 year-old library tech is tasked with reading newly discovered letters that Amelia Earhart wrote to her lover, Gene Vidal. She becomes captivated by the famous pilot who disappeared in 1937. Letter by letter, she understands more about the aviation hero while piecing her own life back together. When Grace discovers she is pregnant, her life becomes more intertwined with the mysterious pilot and Grace begins to write her own letters to Amelia. While navigating her third trimester, amidst new conspiracy theories about Amelia's disappearance, the search for her remains, and the impending publication of her private letters, Grace goes on a pilgrimage of her own. Letters to Amelia is a stunning, contemporary epistolary novel from the creator of the internationally acclaimed Love Lettering Project. It underscores the power of reading and writing letters for both connection and self-discovery, and celebrates the unwritten, undocumented parts of our lives. Above all, Letters to Amelia is a story of the essential need for connection--and our universal ability to find hope in the face of fear. Praise for Letters to Amelia: "Brimming over with Lindsay Zier-Vogel's obvious love for the story of Amelia Earhart, Letters to Amelia is a wonderful novel about flight and passion, about love-letters and reaching out; a novel about how we never know quite what's coming next, but still keep launching ourselves into the blue tomorrow."--Jon McGregor, author of Reservoir 13 "A tender portrait of heartbreak and a thoughtful ode to new motherhood. Letters to Amelia is an endorsement of finding our

own ways to heal, and a celebration of that big, messy, wonderful journey of coming into one's own. Charming and beautifully rendered, this is a big-hearted hopeful novel, full of life and love." --Stacey May Fowles, author of Baseball Life Advice: Loving the Game that Saved Me "When we think of Amelia Earhart, we think enigmatic adventurer and feminist pioneer--and, of course, of her mysterious disappearance. But in Letters to Amelia, we meet a different Amelia Earhart, as seen through the eyes of Grace, the novel's protagonist, a young library tech tasked with reading her letters: an Amelia who is funny, charming, joyful, sad, and most of all, full of life. Zier-Vogel writes with uncanny empathy about heartbreak, friendship, motherhood, and the common threads that connect women across time, geography, and even between earth and sky. Letters to Amelia is a gorgeous, big-hearted debut that will make you feel like you are flying, and Zier-Vogel is a writer whose career is about to soar." --Amy Jones, author of Every Little Piece of Me "Letters to Amelia invites us to hold our heroines close and to take heart - it is gentle and joyous, full of tenderness, alive and sturdy with hope." --Anne Michaels, author of Fugitive Pieces and The Winter Vault

The Game Can't Love You Back Loveswept
