This lively gathering of materials about Shakespeare's Julius Caesar will enrich students'

understanding of the historical context of the play and encourage interpretations of its cultural meaning. Shakespeare's Julius Caesar reflects perennial cultural concerns about order and freedom, particularly as they clash in the figures of Caesar and Brutus. This innovative experiment in Shakespeare literacy features a wide variety of materials—from a modernized text of Plutarch's lives of Caesar and Brutus set on facing pages for easy comparison, to historical and contemporary parodies, to a rap version of the play. Most of the materials presented here are available in no other printed form. Study questions, project ideas, and bibliographies provide additional sources for examining the cultural and historical context of the play. Following a literary interpretation of the play, Derrick presents a wide variety of materials, including: a modernized version of Plutarch's lives of Caesar and Brutus, set side-by-side to aid in the comparison of their characters; dramatic sequels to the play in the Elizabethan theater; a comparison of Julius Caesar to the Lincoln assassination, with reprints of 19th-century newspaper accounts, John Wilkes Booth's obsessions about Brutus, and the desperate notes he left after the assassination; excerpts from popular culture, including a rap version of the play that is perfect for student performances, parodies from

Mad Magazine, James Baldwin's little-known appeal to African American consciousness, Why I Stopped Hating Shakespeare, and John Housman's reflections on making the film version that starred Marlon Brando; popular allusions to the play and its verse from the 18th century to the present; and a chapter on teaching the play that includes commentary by noted teachers and a parallel layout of a rendering in Basic English alongside Shakespeare's edited play.

William Shakespeare's Julius Caesar Almond Books

Cicero composed his incendiary Philippics only a few months after Rome was rocked by the brutal assassination of Julius Caesar. In the tumultuous aftermath of Caesar's death, Cicero and Mark Antony found themselves on opposing sides of an increasingly bitter and dangerous battle for control. Philippic 2 was a weapon in that war. Conceived as Cicero's response to a verbal attack from Antony in the Senate, Philippic 2 is a rhetorical firework that ranges from abusive references to Antony's supposedly sordid sex life to a sustained critique of what Cicero saw as Antony's tyrannical ambitions. Vituperatively brilliant and politically committed, it is both a carefully crafted literary artefact and an explosive example of crisis rhetoric. It ultimately led to Cicero's own

gruesome death. This course book offers a portion of the original Latin text, vocabulary aids, study questions, and an extensive commentary. Designed to stretch and stimulate readers, Ingo Gildenhard's volume will be of particular interest to students of Latin studying for A-Level or on undergraduate courses. It extends beyond detailed linguistic analysis to encourage critical engagement with Cicero, his oratory, the politics of late-republican Rome, and the transhistorical import of Cicero's politics of verbal (and physical) violence.

I, Cinna (The Poet) has one short scene in Shakespeare's Julius Caesar where he is mistaken for someone else and killed by the mob. Now, in a new play by Tim Crouch, this unlucky man is given a chance to tell his story. Written for ages 11+, I, Cinna (The Poet) is a fusion of theatre, multimedia and creative writing tasks. Cinna asks his young audience to consider the relationship between words and actions, art and politics, self and society. During the performance he asks us to write alongside him: a small poem on a big theme. Originally commissioned for the World Shakespeare Festival which is produced by the Royal Shakespeare Company for London 2012 Festival. Shortlisted for the Writers' Guild Award for Theatre Play for Young People 2013.
