Over the past fifteen years, writer, producer and director Christopher Nolan has emerged from the margins of independent British cinema to become one of the most commercially successful directors in Hollywood. From *Following* (1998) to *Interstellar* (2014), Christopher Nolan's films explore philosophical concerns by experimenting with nonlinear storytelling while also working within classical Hollywood narrative and genre frameworks. Contextualizing and closely reading each of his films, this collection examines the director's play with memory, time, trauma, masculinity, and identity, and considers the function of music and video games and the effect of IMAX on his work.

"What do Angela Merkel, Hillary Rodham Clinton, Christine Lagarde, Oprah Winfrey, Sheryl Sandberg, JK Rowling and Beyoncé have in common?" was the headline in the English newspaper *The Observer* in 2014. "Other than riding high in Forbes list of the world's most powerful women," journalist Tracy McVeigh wrote in answer to her own question, "they are also all firstborn children in their families. Firstborn children really do excel." So what does it mean to be an eldest daughter? Firstborns Lisette Schuitemaker and Wies Enthoven set out to discover the big five qualities that characterize all eldest daughters to some degree. Eldest daughters are responsible, dutiful, thoughtful, expeditious and caring. Firstborns are more intelligent than their siblings, more proficient verbally and more motivated to perform. Yet at the same time they seriously doubt that they are good enough. Being an eldest daughter can have certain advantages, but the overbearing sense of responsibility often gets in the way. Parents may worry about their 'difficult' eldest girl who wants to be perfect in everything she does whilst her siblings may not always understand her. "The Eldest Daughter Effect" shows how firstborn girls become who they are and offers insights that can give them more freedom to move. And parents will gain a better understanding of their firstborn children and can support them more fully on their way.
