Widely acclaimed as the founder of Chicano literature, Rudolfo Anaya is one of America's most compelling and prolific authors. A recipient of a National Humanities Medal and best known for his debut novel, *Bless Me, Ultima*, his writings span multiple genres, from novels and essays to plays, poems, and children's stories. Despite his prominence, critical studies of Anaya's writings have appeared almost solely in journals, and the last book-length collection of essays on his work is now more than twenty-five years old. *The Forked Juniper* remedies this gap by offering new critical evaluations of Anaya's ever-evolving artistry. Edited by distinguished Chicano studies scholar Roberto Cantú, *The Forked Juniper* presents thirteen essays written by U.S., Mexican, and German critics and academics. The essayists employ a range of critical methods in their analyses of such major works as *Bless Me, Ultima* (1972), *Jalamanta: A Message from the Desert* (1996), and the *Sonny Baca* narrative quartet (1995–2005). Through the lens of cultural studies, the essayists also discuss intriguing themes in Anaya's writings, such as witchcraft in colonial New Mexico, the reconceptualization of Aztlán, and the aesthetics of the New World Baroque. The volume concludes with an interview with renowned filmmaker David Ellis, who produced the 2014 film *Rudolfo Anaya: The Magic of Words*. The symbol of the forked juniper tree—venerated as an emblem of healing and peace in

some spiritual traditions and a compelling image in *Bless Me, Ultima*—is open to multiple interpretations. It echoes the manifold meanings the contributors to this volume reveal in Anaya's boundlessly imaginative literature. *The Forked Juniper* illuminates both the artistry of Anaya's writings and the culture, history, and diverse religious traditions of his beloved Nuevo Mexico. It is an essential reference for any reader seeking greater understanding of Anaya's world-embracing work.

A Practical Art Therapy Scarecrow Press

It can be difficult to be spontaneous during every art therapy group. It is helpful to have a resource full of creative and inspiring ideas that can be utilized as needed. This broad-ranging collection of projects injects variety into art therapy sessions. *A Practical Art Therapy* is written in an easy-to-read format that is filled with practical creative experiences for therapists to use with individuals and groups. Chapters cover various media and methods, including murals, collages, sculpture and drawing, making it easily accessible for even the busiest therapist. Susan Buchalter includes practical art projects using everyday objects, and follows them through with a list of materials needed, a procedure plan and aims of the project. The creative exercises draw on situations and ideas that children and adults can relate to - for example, drawing wishes and goals, sculpting their own stress and creating a collage self-portrait. The author suggests ways of expanding art-making activities, such as drawing to music and creating personal logos. This book is suitable for those new to the arts therapies field, practising art therapists, counselors and social workers.

The critically acclaimed, award-winning, modern classic *Speak* is now a stunning graphic novel. "Speak up for yourself—we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless—an outcast—because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. Through her work on an art project, she is finally able to face what really happened that night: She was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. With powerful illustrations by Emily Carroll, Laurie Halse Anderson's *Speak: The Graphic Novel* comes alive for new audiences and fans of the classic novel. This title has Common Core connections.
