From NBC's TODAY coanchor Savannah Guthrie and educator Allison Oppenheim comes an empowering fairy tale with a twist. In the tradition of Not All Princesses Dress in Pink and Princess in Black, Princesses Wear Pants follows the unflappable Princess Penelope Pineapple, who knows how to get the job done while staying true to herself. Princess Penelope lives in a beautiful palace with a closet full of beautiful dresses. But being a princess is much, much more than beauty. In fact, every morning Princess Penelope runs right past her frilly dresses to choose from her beloved collection of pants! What she wears each day depends on which job she has to do. Will she command the royal air force sporting her sequined flight suit? Will she find her zen in her yoga pants and favorite tee? Or, will she work in the kingdom's vegetable garden with pocketed overalls for all of her tools?

Unfortunately for Princess Penelope, not everyone in the Pineapple Kingdom thinks pants are always appropriate princess attire. When the grand Lady Busyboots demands that Princess Penelope must wear a gown to the annual Pineapple Ball, the young royal finds a clever way to express herself.

Penelope's courage (and style choices) result in her saving the day! In their debut children's picture book, Savannah Guthrie and Allison Oppenheim team up for a savvy and imaginative story that celebrates fashion and girl power. Perfect for fans of Nickelodeon's Nella the Princess Knight, Princesses Wear Pants challenges gender stereotypes in the name of individuality, showing girls it's not how they look but what they do that matters.

The Street-Wise Spanish Survival Guide Chronicle Books

NATIONAL BESTSELLER "A poignant and piercing examination of the phenomenon of tears—exhaustive, yes, but also open-ended. . . A deeply felt, and genuinely touching, book." —Esmé Weijun Wang, author of *The Collected Schizophrenias* "Spellbinding and propulsive—the map of a luminous mind in conversation with books, songs, friends, scientific theories, literary histories, her own jagged joy, and despair. Heather Christle is a visionary writer." —Leni Zumas, author of *Red Clocks* This bestselling "lyrical, moving book: part essay, part memoir, part surprising cultural study" is an examination of why we cry, how we cry, and what it means to cry from a woman on the cusp of motherhood confronting her own depression (The New York Times Book Review). Heather Christle has just lost a dear friend to suicide and now must reckon with her own depression and the birth of her first child. As she faces her grief and impending parenthood, she decides to research the act of crying: what it is and why people do it, even if they rarely talk about it. Along the way, she discovers an artist who designed a frozen-tear-shooting gun and a moth that feeds on the tears of other animals. She researches tear-collecting devices (lachrymatories) and explores the role white women's tears play in racist violence. Honest, intelligent, rapturous, and surprising, Christle's investigations look through a mosaic of science, history, and her own lived experience to find new ways of understanding life, loss, and mental illness. The Crying Book is a deeply personal tribute to the fascinating strangeness of tears and the unexpected resilience of joy.
