Discover how resin can transform your next woodturned project into a work of art... You've probably seen the dazzling work of woodturners who've combined resin with wood to create gorgeous, one-of-a-kind projects ranging from pens and bowls to platters, boxes and more. The end result is so amazing that you'd think the process would be too complicated and too expensive. It's not. In fact, once you learn the basic techniques of preparing and working with resin, you'll discover that it turns like butter and stunning results will have you thinking about your next project before the lathe has cooled down. From Keith Lackner, one of the leading resin woodturners today, *Woodturning with Resin* is a go-to guide for anyone who enjoys woodturning or is interested in getting started. With expert instruction and stunning photos, *Woodturning with Resin* takes you through the golden rules of preparing and curing resin for the lathe. Also covered are the fundamentals of how turning with resin is different than turning wood, the best tools, grinds, and speeds to use, and how to achieve a finish that makes the resin sparkle. With all this premium information under your belt, you'll be able to tackle the wide range of projects that are detailed step-by-step. *Woodturning with Resin* also includes a gallery of projects to spark your imagination and a helpful Troubleshooting Guide for when things don't seem to turn out right. *Woodturning with Resin*

is the only guide you need to discover the fun, beauty, and unlimited potential of adding resin to your woodturning projects.

In *The Wood Burn Book*, Instagram star Rachel Strauss (@woodburncorner) teaches you everything you'll need to know to master your favorite new hobby: pyrography, or writing with fire. This essential guide opens with a brief background to the art of wood burning, a list of tools and how to use them, basic techniques that can be used over and over again, and even what to burn and how to be safe doing it. You will also find a detailed explanation of the process from start to finish, with patterns and frames, techniques for lettering and adding color, as well as dozens of projects ready for gifting, including picture frames, cutting boards, coasters, cards, wooden spoons, and jewelry. Above all, Strauss has created the book she wished she had when she first discovered pyrography: a simple guide that quickly gets the reader successfully burning. With the right tools and a little time, you'll be able to create meaningful handmade gifts without breaking the bank. Whether it's to create a family name sign as a housewarming gift for newlyweds, or customize baby blocks for a new little one, wood burning is the versatile hobby that can be used time and time again to create memorable gifts for all of life's occasions. In addition, wood burning is a practice in mindfulness, requiring patience and focus to awaken the senses and calm the mind. Mastering the art of writing with fire begins with the ability to follow a line. If you can trace, you can burn.

The Art of Woodburning Independently Published A delightfully Danish guide to whittling for the home, crammed with projects for all ages and abilities. Our interest in the simple

but satisfying art of whittling has never been higher. Our Danish-inspired book on whittling (snitte in Danish) has a range of wonderful simple whittling projects for the home. The beautiful Scandinavian projects range from simple wooden toys for children, including a bird whistle, ring catcher, animal figures and a wooden sword to practical items like door hooks, butter knives and then to decorative pieces such as a wooden necklace, buttons, delicate carved flowers and a chess set. All the projects are amazingly simple, and with the visual step-by-step technique section at the front of the book, even a beginner could take on these projects. The art of whittling has never been more accessible and these beautiful but simple projects capture the spirit of the Scandinavian love of craft and nature. Author and Danish craftsman Frank Egholm shares not only his considerable knowledge but also his passion for simple wooden carving.

The Creative Woodturner is not your usual "how-to" woodturning book. It won't tell you what a chuck is, how to sharpen a scraper, or how to turn a goblet. Instead, this book is a "how-to" for unlocking curiosity, how to break the rules, and for following one's own artistic path with confidence. Designed to give readers a wide-perspective on creativity, The Creative Woodturner begins first with insightful commentary, quotes, and examples from the woodturning and art community that will both inspire and inform. In addition, the author shares his Idea Tools: questions to ask during the planning and creative process that are as important to the creation of the woodturning project as any equipment in the shop. Finally, 16 one-of-a-kind projects--from boxes and vessels to bowls and one-of-a-kind sculptures--are featured that will spark the creative mindset of any woodturner.

As you read and use this book, you will come to agree that "tape is the new paint." Stunning photos demonstrate step by step how to create eleven different tape art projects on wood, aluminum Dibond, fabric, stone, asphalt, and glass. Learn how lines are tapered, curves executed, and how stripes and motifs are cut out, in 2-D, 3-D, and in negative space. Beginning and advanced tape artists will also find suggestions for more projects to try on their own--from portraits, landscapes, and abstract pictures to furniture decoration, clothes, and human bodies--as well as various tape types, including fabric tape, PVC tape, and packaging tape. An overview of the history and development of this relatively new art form is also included. The book concludes with an extensive gallery of works created since 2011, which have been shown in exhibitions and at art festivals and corporate events. Cover Image: Courtesy Of Thomas Tiltmann
