Adventures in the Afterlife is a powerful journey of spiritual awakening; a bold quest for answers and enlightenment. The old assumptions of heaven are confronted and an expansive new vision of our continuing life is presented. After being diagnosed with cancer, William Buhlman, author of *Adventures Beyond the Body*, pursued answers to the mysteries of our existence after death. Confronting his mortality, he experienced profound insights into what lies beyond our physical body. Our journey into the next life is the basis for *Adventures in the Afterlife*. The

author chronicles his out-of-body experiences and lucid dreams through the eyes of a fictional character, Frank Brooks. The insights are sometimes surprising, but a clear message is always apparent; we are powerful, spiritual beings and we shape our reality now and in the future. The purpose of this book is to prepare us for the many thought-responsive environments we will experience. William Buhlman teaches and lectures worldwide on the subjects of out-of-body experiences and spiritual empowerment. Visit the author at [www.astralinfo.org](http://www.astralinfo.org).

David Icke marks his 20th year of uncovering astounding secrets and suppressed information with the publication of his most amazing book yet: *Human Race Get off Your Knees* : The Lion

*Sleeps No More*. He takes the manipulation of the human race and the nature of reality to still new levels of understanding and he calls for humanity to rise from its knees and take back the world from the sinister network of families and non-human entities that covertly control us from cradle to grave. His most staggering revelation is that the Earth and the collective human mind is manipulated from the Moon, which, he says, is not a 'heavenly body, but an artificial construct - a gigantic 'spacecraft' (probably a hollowed-out 'planetoid') - which is home to the extraterrestrial group that has been manipulating humanity for aeons. Humanity is at a fork in the road and it is time to make a choice. Are we going to awaken to our true genius and potential as Infinite Consciousness? Or are we going to remain entrapped in body/mind and the

manufactured illusions of the Moon Matrix? It is time to shake off the shackles, stop being Pavlov's dogs and grab reality by the balls and wake up to who we are truly meant to be.

"Entertaining, insightful and simply brilliant. Quantum Physics for Hippies shatters your perception of reality." - Dr. Mark Müller Bob, a spiritual hippie, meets the witty nerd Alice, who day-dreams about quantum physics all day long. This chance meeting starts them on a mind-blowing journey into the nature of reality that will change their lives forever. Written by quantum physicists and beautifully illustrated, Quantum Physics for Hippies takes the bizarre world of quantum physics and makes it understandable for everyone, hippies and nerds alike. Is this book for you? If you would love to know what quantum physics is really about, but complicated explanations or equations put you off, then this book is for you. Why? We found that there are two types of books about quantum physics. Type A is written by nerds. Usually, they have hundreds of pages, a lot of equations and bury you in useless details. They are mostly correct, but not fun to read. Type B is written by esoterics. They are easy to read, but often full of nonsense, not helping at all in your mission to find the truth. So we decided to write a new type of quantum physics book. Type Hippie-Nerd! Easy, fun to read and correct all at the same time, while still blowing your mind. Happy Readings!

"The priesthood is going through a dark time", according to Pope Emeritus Benedict XVI and Robert Cardinal Sarah. "Wounded by the revelation of so many scandals, disconcerted by the constant questioning of their consecrated celibacy, many priests are tempted by the thought of giving up and abandoning everything." In this book, the pope emeritus and the prefect of the Congregation for Divine Worship and the Discipline of the Sacraments give their brother priests, and the whole Church, a message of hope. They honestly address the spiritual challenges faced by priests today, while pointing to deeper conversion to Jesus Christ as the key to faithful and fruitful priestly ministry and genuine reform. Benedict XVI and Cardinal Sarah "fraternally offer these reflections to the people of God and, of course, in a spirit of filial obedience, to Pope Francis", who has said, "I think that celibacy is a gift for the Church. . . . I don't agree with allowing optional celibacy, no." Responding to calls for refashioning the priesthood, including proposals from participants in the Amazonian Synod, two wise, spiritually astute pastors explain the importance of priestly celibacy for the good of the whole Church. Drawing on Vatican II, they present celibacy as not just "a mere precept of ecclesiastical law", but as a sharing in Jesus' sacrifice on the Cross and his identity as Bridegroom of the Church.

This book introduces the 3 kinds of investigations that can be made with a syncrometer. In the first kind of investigation, you can detect entities in your body, taken as a whole. For example, mercury aflatoxin, Streptococcus pneumonia, Epstein Barre virus, orthophosphotyrosine, benzene. Such a test is not as sensitive as the organ test, described next, but for this reason allows you to select those entities most abundant in the body and therefore of special significance; in the second, you can identify which organs contain a particular entity. For example, the mercury may be in the kidney, the Streptococcus in the joints, and so on. This allows you to embark on a cleanup program for your body in a focused way. The syncrometer lets you monitor your progress. And finally, you can detect entities in products. For example, lead in your household water, thulium in your reverse osmosis water, asbestos in your sugar.

According to esoteric teachings we have an energy body of lighter, less dense material that is connected to our physical bodies. Those who can see it call it the aura and can sometimes tell the state of a person's health by the way it appears. Those who use its energy refer to the force as prana, chi, vital force, orgone or a number of other names. There are seven chakras, or energy points, where this energy collects in the etheric body. Working with the chakras and these spiritual energies can play a big part in the psychic development and enlightenment of those sensitive enough to work on these levels. This book shows you how. Subjects include a chapter on each chakra center; also Prana or Vitality, Force-Centres, Kundalini, Healing, Mediumship, Birth, Death, Mesmerism, Magnetisation of Objects, Ectoplasm, and more.

Indigo children are bright, intuitive, strong-willed, and sometimes self-destructive individuals. They are often labeled (and misdiagnosed) as having ADD or ADHD because they won't comply with established rules and patterns; and they may exhibit behavioral problems at home and at school. In *The Care and Feeding of Indigo Children*, Doreen Virtue, Ph.D., explores the psyche of these special kids and offers alternative solutions to Ritalin based on her extensive research and interviews with child-care experts, teachers, parents, and the Indigo Children themselves. Read the accounts of these remarkable children as they explain why they act-out, are aggressive or withdrawn; and what they want from the adults in their lives. You'll also be fascinated by the psychic experiences that these kids have had in their lives so far. This is a groundbreaking book that can positively affect the ways in which you interact with your child, altering the shape of their future in miraculous ways.

Like his predecessor, Heinrich Harrer, who spent seven years in Tibet, Hartwig Hausdorf has ventured, virtually on foot, over many of the sacred places of the Far East. But his aim has been not to discover his own soul, but to uncover tell tale signs of an Alien Mind which may have passed that way millennia ago, and may be passing by again. He has sought out the fabled, forbidden 1000-foot White Pyramid of Xian. In so doing, he has stumbled upon the key to the ancient Chinese dream of material immortality, a dream inspired by Alien Mind, and a key hidden in the fabulous, mercury-filled tomb chamber of the first emperor of China, Shi Huangdi. A tomb chamber the excavation of which the Chinese government has kept secret from the West. He has unearthed new facts about the mysterious stone disks of Bayan Kara Ula, which some believe tell the story of a forced alien landing 12,000 years ago.

**Mythical Monsters**

Were human beings created by powers from outer space? Did extraterrestrial giants build the megaliths of Malta and the menhirs of Brittany? Was the Ark of the Covenant a machine built by the astronaut gods? In *Signs of the Gods?* Erich von Däniken travels far and wide around the globe to study the many strange phenomena that all point to one conclusion---that many thousands of years ago, Earth was visited by a race of superhuman powers and intelligence. The questions he addresses along the way include: Why are the religious sites in Greece all laid out in the same geometrical pattern---a pattern which is repeated throughout the world? Does the extraordinary longevity of the ancient Sumerian kings mean that the Land of the Two Rivers was ruled by a race of supermen? Could the first men have been produced by cloning? Do the great ruins of Zimbabwe point to an impossibly detailed knowledge of astronomy? Erich von Däniken's *Chariots of the Gods* provoked a worldwide storm of controversy. In *Signs of the Gods?* he produces powerful arguments to support his theory of astronaut gods, with evidence that is difficult to explain any other way. Hear what he has to say with an open mind---and you may find yourself agreeing with him.
