Publisher Description  
[Titian Remade](#) Routledge  
Bilingual texts have been left outside the mainstream of both translation theory and literary history. Yet the

tradition of the bilingual writer, moving between different sign systems and audiences to create a text in two languages, is a rich and venerable one, going back at least to the Middle Ages. The self-translated, bilingual text was commonplace in the multilingual world of medieval and early modern Europe, frequently bridging Latin

and the vernaculars. While self-translation persisted among cultured elites, it diminished during the consolidation of the nation-states, in the long era of nationalistic monolingualism, only to resurge in the postcolonial era. The Bilingual Text makes a first step toward providing the fields of translation studies and comparative literature

with a comprehensive account of literary self-translation in the West. It tracks the shifting paradigms of bilinguality across the centuries and addresses the urgent questions that the bilingual text raises for translation theorists today: Is each part of the bilingual text a separate, original creation or is each incomplete without the other? Is self-translation a unique genre? Can either version be split off into a single language or literary tradition? How can two linguistic versions of a

text be fitted into standard models of foreign and domestic texts and cultures? Because such texts defeat standard categories of analysis, *The Bilingual Text* reverses the usual critical gaze, highlighting not dissimilarities but continuities across versions, allowing for dissimilarities within orders of correspondence, and englobing the literary as well as linguistic and cultural dimensions of the text. Emphasizing the arcs of historical change in concepts of language and

translation that inform each case study, *The Bilingual Text* examines the perdurance of this phenomenon in Western societies and literatures.

Human bodies have been represented and defined in various ways across different cultures and historical periods. As an object of interpretation and site of social interaction, the body has throughout history attracted more attention

than perhaps any other element of human experience. The essays in this volume explore the manifestations of the body in Italian society from the fourteenth through the seventeenth centuries. Adopting a variety of interdisciplinary approaches, these fresh and thought-provoking essays offer original perspectives on corporeality as understood in the early modern literature, art, architecture, science, and politics of Italy. An impressively diverse

group of contributors comment on a broad range and variety of conceptualizations of the body, creating a rich dialogue among scholars of early modern Italy. Contributors: Albert R. Ascoli, University of California, Berkeley; Douglas Biow, The University of Texas at Austin; Margaret Brose, University of California, Santa Cruz; Anthony Colantuono, University of Maryland, College Park; Elizabeth Horodowich, New Mexico State University; Sergius

Kodera, New Design University, St. Pölten, Austria; Jeanette Kohl, University of California, Riverside; D. Medina Lasansky, Cornell University; Luca Marcozzi, Roma Tre University; Ronald L. Martinez, Brown University; Katharine Park, Harvard University; Sandra Schmidt, Free University of Berlin; Bette Talvacchia, University of Connecticut

**The bread and the rose**  
Penguin  
Exciting new critical perspectives on popular Italian cinema including

melodrama, poliziesco, the mondo film, the sex comedy, missionary cinema and the musical. The book interrogates the very meaning of popular cinema in Italy to give a sense of its complexity and specificity in Italian cinema, from early to contemporary cinema. *A Polyglot of Foreign Proverbs* Cambridge University Press This book has been considered by academicians and scholars of great significance and value to literature. This forms a

part of the knowledge base for future generations. We have represented this book in the same form as it was first published. Hence any marks seen are left intentionally to preserve its true nature. *Dialogues of Love* Legas / Gaetano Cipolla The international bestseller, now in B-format paperback with a brand new cover. **The Body in Early Modern Italy** Routledge Niccolò Machiavelli (1469-1527) is the most famous and controversial

figure in the history of political thought and one of the iconic names of the Renaissance. The Cambridge Companion to Machiavelli brings together sixteen original essays by leading experts, covering his life, his career in Florentine government, his reaction to the dramatic changes that affected Florence and Italy in his lifetime, and the most prominent themes of his thought, including the founding, evolution, and corruption of republics and principalities, class

conflict, liberty, arms, religion, ethics, rhetoric, gender, and the Renaissance dialogue with antiquity. In his own time Machiavelli was recognized as an original thinker who provocatively challenged conventional wisdom. With penetrating analyses of *The Prince*, *Discourses on Livy*, *Art of War*, *Florentine Histories*, and his plays and poetry, this book offers a vivid portrait of this extraordinary thinker as well as assessments of his place in Western thought since the Renaissance.

**Using Russian** Univ of California Press  
The small but influential community of Italians that took shape in England in the fifteenth century initially consisted of ecclesiastics, humanists, merchants, bankers and artists. However, in the wake of the English Reformation, Italian Protestants joined other continental religious refugees in finding Tudor England to be a hospitable and productive haven, and they brought with them a cultural perspective informed by

the ascendancy among European elites of their vernacular language. This study maintains that questions of language are at the centre of the circulation of ideas in the early modern period. Wyatt first examines the agency of this shifting community of immigrant Italians in the transmission of Italy's cultural patrimony and its impact on the nascent English nation; Part Two turns to the exemplary career of John Florio, the Italo-Englishman who worked as a language

teacher, lexicographer and translator in Elizabethan and Jacobean England.

The Battle of Britain and the Blitz Alpha Edition

Italian cinema is now regarded as one of the great cinemas of the world. Historically, however, its fortunes have varied. Following a brief moment of glory in the early silent era, Italian cinema appeared to descend almost into irrelevance in the early 1920s. A strong revival of the industry which gathered pace

during the 1930s was abruptly truncated by the advent of World War II. The end of the war, however, initiated a renewal as films such as *Roma città aperta* (Rome Open City), *Sciuscià* (Shoeshine, 1946), and *Ladri di biciclette* (Bicycle Thieves, 1948), flagbearers of what soon came to be known as Neorealism, attracted unprecedented international acclaim and a reputation that only continued to grow in the following years as Italian films were feted

worldwide. Ironically, they were celebrated nowhere more than in the United States, where Italian films consistently garnered the lion's share of the Oscars, with Lina Wertmüller becoming the first woman to ever be nominated for the Best Director award. This second edition of *Historical Dictionary of Italian Cinema* contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 400 cross-referenced entries on major movements, directors,

actors, actresses, film genres, producers, industry organizations and key films. This book is an excellent resource for students, researchers, and anyone wanting to know more about Italian Cinema.

"Cuckoldry, Impotence and Adultery in Europe (15th-17th century) "

Routledge

The book on sex in the twenty-first century

"Alfred Kinsey only scratched the surface.

Interviewing a mere 18,000 horny humans?

Please . . . Drs. Ogas and

Gaddam [offer] hot new scientific findings."—The Washington Post Want to know what really turns your partner on? A Billion Wicked Thoughts offers the clearest picture ever of the differences between male and female sexuality and the teeming diversity of human desire. What makes men attracted to images and so predictable in their appetites? What makes the set up to a romantic evening so important for a woman? Why are women's desires so hard to predict?

Neuroscientists Ogi Ogas and Sai Gaddam reveal the mechanics of sexual relationships based on their extensive research into the mountains of new data on human behavior available in online entertainment and traffic around the world. Not since Alfred Kinsey in the 1950s has there been such a revolution in our knowledge of what is really going on in the bedroom. What Ogas and Gaddam learned, and now share, will deepen and enrich the way you, and your partner, think and

talk about sex.

The Cambridge Companion to Machiavelli

Cambridge University Press

This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-

demand technology. This title was originally published in 1991.

**The Marescalco** Wildside Press

Richard Yates, who died in 1992, is today ranked by many readers, scholars, and critics alongside such titans of modern American fiction as Updike, Roth, Irving, Vonnegut, and Mailer. In this work, he offers a spare and autumnal novel about a New England prep school. At once a meditation on the twilight of youth and an examination of America's

entry into World War II, *A Good School* tells the stories of William Grove, the quiet boy who becomes an editor of the school newspaper; Jack Draper, a crippled chemistry teacher; and Edith Stone, the schoolmaster's young daughter, who falls in love with most celebrated boy in the class of 1943.

BDSM. A Guide for Explorers of Extreme Eroticism University of Toronto Press

Length: 2 acts.

**Weird Realism**

Macmillan + ORM

Masuccio Salernitano (1410-1475), born Tommaso Guardati, was an Italian poet, best known for *Il Novellino*, a collection of 50 "novelle" or short stories, each prefaced by a letter of dedication to a famous person and with an epilogue containing the "moral" of the story. [Diplomacy in the Near and Middle East : a documentary record. 1. 1535 - 1914](#) Cambridge University Press  
First published in Rome in 1535, Leone Ebreo's *Dialogues of Love* is one

of the most important texts of the European Renaissance. Well known in the Italian academies of the sixteenth century, its popularity quickly spread throughout Europe, with numerous reprintings and translations into French, Latin Spanish, and Hebrew. It attracted a diverse audience that included noblemen, courtesans, artists, poets, intellectuals, and philosophers. More than just a bestseller, the work exerted a deep influence over the centuries on figures as diverse as

Giordano Bruno, John Donne, Miguel de Cervantes, and Baruch Spinoza. Leone's *Dialogues* consists of three conversations - 'On Love and Desire,' 'On the Universality of Love,' and 'On the Origin of Love' - that take place over a period of three subsequent days. They are organized in a dialogic format, much like a theatrical representation, of a conversation between a man, Philo, who plays the role of the lover and teacher, and a woman, Sophia, the

beloved and pupil. The discussion covers a wide range of topics that have as their common denominator the idea of Love. Through the dialogue, the author explores many different points of view and complex philosophical ideas. Grounded in a distinctly Jewish tradition, and drawing on Neoplatonic philosophical structures and Arabic sources, the work offers a useful compendium of classical and contemporary thought, yet was not incompatible

with Christian doctrine. Despite the unfinished state and somewhat controversial, enigmatic nature of Ebreo's famous text, it remains one of the most significant and influential works in the history of Western thought. This new, expertly translated and annotated English edition takes into account the latest scholarship and provides an invaluable resource for today's readers.

**Suicide Point** Published for the Carleton University Centre for Renaissance

Studies and Research by Doverhouse Editions Bringing together an interdisciplinary group of scholars, this volume explores nineteenth-century Italian sexualities from a variety of viewpoints, illuminating in particular personal and political relationships, same-sex desires, gender roles that defy societal norms, sexual behaviours of different classes and transnational encounters. *The Italian Encounter with Tudor England* Rowman & Littlefield  
Andrew Plaks reinterprets

the great texts of Chinese fiction known as the "Four Masterworks of the Ming Novel" (ssu ta ch'i-shu). Arguing that these are far more than collections of popular narratives, Professor Plaks shows that their fullest recensions represent a sophisticated new genre of Chinese prose fiction arising in the late Ming dynasty, especially in the sixteenth century. He then analyzes these radical transformations of prior source materials, which reflect the values and intellectual concerns of

the literati of the period. Originally published in 1987. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage

found in the thousands of books published by Princeton University Press since its founding in 1905. **Ficino and Renaissance Neoplatonism** JHU Press Dopo un lungo periodo trascorso all'insegna della trasgressione, che le ha comportato l'acquisizione di una poco lusinghiera fama tra le persone che la conoscono, Carla incontra il timido e inesperto Andrea, con il quale, tra lo stupore dei suoi amici, creerà un rapporto stabile, che determinerà apparentemente in lei un profondo cambiamento.

Ma con lo scorrere del tempo, certi suoi istinti si manifestano nuovamente, e ciò determina la nascita di qualcosa di singolare tra lei e il suo remissivo fidanzato, che darà origine ad un rapporto che da un lato sembrerà appagarli entrambi, ma dall'altro li turberà. Sarà il tempo e tutta una serie di eventi particolari a far sì che riescano a trovare un equilibrio che possa consolidare la loro atipica relazione. Basato su una storia reale e raccontato direttamente dalla protagonista, è stato

proposto parzialmente a capitoli su una pagina facebook e su un blog, ottenendo decine di migliaia di visualizzazioni e interazioni, per poi infine diventare un vero e proprio romanzo in cui lei ripercorre le vicende che la portarono a creare con il fidanzato quel tipo di relazione che oggi è conosciuta con il termine anglosassone di "cuckold". Un racconto dove eros, sentimento e approfondimenti di natura psicologica e sociologica vanno di pari passo, fornendo spunti di

riflessione su un fenomeno sempre più diffuso, oltretutto sulla sessualità in generale.

### **Popular Italian Cinema**

Cambridge University Press

The studies collected in this volume deal with the interpretation of opera. In most cases the results are based on structural analysis, a concept which may require some clarification in this context. During the past decade 'structure' and 'structural' have become particularly fashionable terms lacking exact

denotation and used for the most divergent purposes. As employed here, structural analysis is concerned with such concepts as 'relationship', 'coherence' and 'continuity', more or less in contrast to formal analysis which deals with measurable material. In other words, I have analysed the structure of an opera by seeking and examining factors in the musico-dramatic process, whereas analysts of form are generally preoccupied with the study of

elements contained in the musical object. Though admittedly artificial, the dichotomy of form and structure may elucidate the present situation with regard to the study of opera. Today, nearly one hundred years after the death of Wagner, the proclaimed anti thesis of Oper und Drama is generally taken for what it really was: a means to propagate the philosophy of its inventor. The conception of opera (whether 'continuous' or composed of 'numbers') as a special form of

drama is no longer contested. Nevertheless musical scholarship has failed to draw the consequences from this view and few scholars realize the need to study general theory of drama and more specifically the dramatic experience. A Good School Peter Lang Incorporated, International Academic Publishers Examines in a different light the innovative and influential scripted comedies of the Italian Renaissance.
