SANTIAGO MAYRA

Motorboating - ND ProStar Publications
 Boys' Life is the official youth magazine for
 the Boy Scouts of America. Published since
 1911, it contains a proven mix of news,
 nature, sports, history, fiction, science,
 comics, and Scouting.

Yachting

FIELD & STREAM, America's largest
 outdoor sports magazine, celebrates the
 outdoor experience with great stories,
 compelling photography, and sound
 advice while honoring the traditions
 hunters and fishermen have passed down
 for generations.

YOUR SAILBOAT NEEDS NO ENGINE

In this fast-paced world that puts immense

stress on your time, relationships and
 finances, you often have so many
 questions. Why were you born? Where are
 you going? Why did you choose to
 experience life in this physical body? Why
 do you feel the connection with some and
 not with others? Will you overcome your
 life-challenges and why do you have them
 at all? *Your Sailboat Needs No Engine* is a
 book that has the answer to your
 questions "Why me?" and "How do I find
 my purpose?" The laws of the universe are
 broken down to a simple philosophy in
Your Sailboat Needs No Engine. Sailboat is
 a metaphor for the consciousness in
 physical form, sailing through the human
 life experience. Engine refers to external
 factors/material beliefs to whom we give
 our power, believing that they are the
 forces that hold the keys to navigating
 through this life-journey. This book guides

the reader (Sailboat) towards the
 understanding that he does not need to
 depend upon an external push (engine) to
 sail forward. The winds or guides are
 within and all the sailboat needs to do is
 reclaim his power and make friends with
 the winds by bridging the gap to his soul-
 self. The biggest take-away from this book
 is the path to knowing the soul-self. Once
 the sailboat is one with his soul-self, his
 clears his foggy vision and needs no
 engine. He is self-propelled. His take all his
 future decisions from that place of clarity,
 sailing with the winds on his side. *Your
 sailboat needs no engine* is a book of self-
 introspection and hope. It is a story of
 belief - in self, in the universe and in life.
 Philosophies do not have to be hard to
 understand or in a language that not all
 can relate to. A breezy read, the book's
 bite-sized chapters can be read in ten

minutes and they guide readers towards answers, lightness and flow in their lives.
