The Rise and Fall of Ancient Egypt W. W. Norton & Company
The Potomac", one of the most celebrated volumes in the Rivers of America series. Frederick Gutheim follows the Potomac from its source in West Virginia to the Chesapeake Bay. Along the way, he brings to life the planters and presidents, frontiersmen and industrialists who have shaped the region's history. From Captain John Smith's 1609 expedition upriver to John Adam's doubting view of the still undeveloped federal city, from the insurrection at Harper's Ferry to the rapid transformation of twentieth-century Washington into a living- and at times unruly-metropolis, "The Potomac" traces the life of a great river and of the people who have lived along its banks.

Attila the Stockbroker has travelled the world for ten

years, taking his highly individual, fiery cocktail of energetic performance poetry, hardcore minimalist folk-rock anthems (accompanied by his trusty mandola, Nelson) and surreal political satire from Shoreham Harbour to Sydney Harbour, from Harlow to Helsinki, via Leipzig, Vancouver, Auckland, Amsterdam and Tirana - not to mention Slough! Scornflakes is Attila's second book of poems, the follow-up to 1985's Cautionary Tales for Dead Commuters... Inspiration by Hilaire Belloc. Clothes sense by The Levellers. Holder of a poetic licence for a minstrel cycle, Attila's other interests include lugworms, cultivating coriander plants and 'attempting to control the growth of other vegetables, especially Tory C2s'. In Britain, Attila has done substantial work for The Guardian and Radio Four, written for the music press (ha!) and even stranger publications, and made considerable numbers of sporadic and often unlikely radio and TV appearances from John

Peel to Pebble Mill. He's a regular at events such as the Edinburgh Fringe and Glastonbury Festival, and performs at every conceivable type of venue - arts centres, rock gigs, poetry festivals, comedy clubs...He has released five LPs in the UK - most recently Scornflakes and Donkeys' Years - and has also had albums issued in Canada, Australia, New Zealand and Germany. His most recent release is an Antipodean CD called 668 - Neighbour of the Beast. Scornflakes is illustrated with cartoons by Womble.

"There's nothing semi about Finn Murphy's trucking tales of The Long Haul."—Sloane Crosley, Vanity Fair More than thirty years ago, Finn Murphy dropped out of college to become a long-haul trucker. Since then he's covered more than a million miles as a mover, packing, loading, hauling people's belongings all over America. In *The Long Haul*, Murphy recounts with wit, candor, and charm the America he has seen change over the decades and the poignant, funny, and often haunting stories of the people he encounters on the job.

"Magisterial . . . [A] rich

portrait of ancient Egypt's complex evolution over the course of three millennia."—Los Angeles Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Publishers Weekly In this landmark volume, one of the world's most renowned Egyptologists tells the epic story of this great civilization, from its birth as the first nation-state to its absorption into the Roman Empire. Drawing upon forty years of archaeological research, award-winning scholar Toby Wilkinson takes us inside a tribal society with a pre-monetary economy and decadent, divine kings who ruled with all-too-recognizable human emotions. Here are the legendary leaders: Akhenaten, the "heretic king," who with his wife Nefertiti brought about a revolution with a bold new religion; Tutankhamun, whose dazzling tomb would remain hidden for three millennia; and eleven pharaohs called Ramesses, the last of whom presided over the militarism, lawlessness, and corruption that caused a political and societal decline. Filled with new information and unique interpretations,

The Rise and Fall of Ancient Egypt is a riveting and revelatory work of wild drama, bold spectacle, unforgettable characters, and sweeping history. "With a literary flair and a sense for a story well told, Mr. Wilkinson offers a highly readable, factually up-to-date account."—The Wall Street Journal "[Wilkinson] writes with considerable verve. . . . [He] is nimble at conveying the sumptuous pageantry and cultural sophistication of pharaonic Egypt."—The New York Times

This study of two domestic neighbourhoods at Nippur, TA and TB, correlates information from texts found in these houses with architectural

modifications to the buildings, and considers the socio-economic circumstances of the occupants. The chapters following Stone's reconstructions of the houses include descriptions of the artifacts and general conclusions. Then follow lengthy appendices of object catalogues, text copies and lists of personal names found in the texts, and plates of architectural plans.

These include studies on premodern
