On the train, on the
beach, on the sofa ...
many people in all parts
of the world enjoy doing
wordsearches. If you are

studying English and want
to learn and practise
vocabulary related to
various topics, then this
book is for you! The topics
reflect the kinds of
everyday conversations
that you might have both
with native and non-
native speakers of
English. The topics are
also those that are
typically tested in English
examinations e.g. TOEFL,

Cambridge (First
Certificate, Advanced),
IELTS, and Trinity. Each
chapter begins with a list
of questions to enable you
to have a conversation
about a particular topic in
various situations: on a
social occasion (e.g. a
work dinner, a conference
lunch, a party); in the
classroom during an
English lesson; when
chatting, either face to

face or online; and during an English oral exam. After the list of questions, you will find a Word List associated with the topic and exercises to test your knowledge of less common words. The final aim is then to find the words from the Word List in the related Wordsearch. Easy English! is a series of books to help you learn and revise your English with minimal effort. You can improve your English by: reading texts in English that you might normally read in your own language e.g.

jokes, personality tests, lateral thinking games, and wordsearches; doing short exercises to improve specific areas grammar and vocabulary, i.e. the areas that tend to lead to the most mistakes - the aim is just to focus on what you really need rather than overwhelming yourself with a mass of rules, many of which may have no practical daily value. Other books in the Easy English! series include: Wordsearches: Widen Your Vocabulary in English Test Your Personality: Have Fun and

Learn Useful Phrases
Word games, Riddles and Logic Tests: Tax Your Brain and Boost Your English
