Calmet's Dictionary of the Holy Bible, by the Late Mr. Charles Taylor ... Third Edition B&H Publishing Group

This book illuminates the experiences of a

set of students and faculty who are members of the Dalit caste - commonly known as the 'untouchables' - and are relatively 'successful' in that they attend or are academics at a prestigious university. The book provides a background to the study, exploring the role of caste and its enduring influence on social relations in all aspects of life. The book also contains a critical account of the current experiences of Dalit students and faculty in one elite university setting - the University of Shah Jahan (pseudonym). Drawing on a set of in-depth semi-structured interviews, the empirical study that is at the centre of this book explores the

perceptions of staff and students in relation to the Quota policy and their experiences of living, working and studying in this elite setting. The data chapters are organised in such a way as to first explore the faculty views. The experiences of students are then examined with a focus on the way in which their caste is still an everyday part of how they are sometimes 'othered'. Also, a focus on female Dalit experiences attempts to capture the interconnecting aspects of abject discrimination in their university life. Faces of Discrimination in Higher Education in India explores: critical exploration of the Quota System policy and related social

justice issues; faculty voices: Quota, caste and discrimination; students' perceptions and experiences of the Quota policy; being a 'female Dalit' student; positioning caste relations and the Quota policy: a critical analysis. This study will be of interest to educational sociologists examining policies in education and analysts of multicultural and South Asian studies. It will also steer pertinent discussions on equality and human rights issues.

An international film festival sparks a cross-cultural romance sparks in this novel of cultural history, ethnic tensions, and the

power of love. Aisha and Benjamin meet at a film festival in Spain, and the instant attraction hits them both like a lightning bolt. She is a documentary filmmaker, and he is a historian. She is a Muslim, and he is a Jew. And as they get closer, the misunderstanding between them, and the tensions between their two worlds, escalates to dizzying extremes. *Red Star, Crescent Moon* mixes contemporary and the historical worlds in a bold tale of clashing cultures. It is a tale of new romance and ancient conflicts, where pop culture and political violence exist side by side. The romance of Aisha and Benjamin is set against the backdrop of a

Hollywood epic in production, a movie megastar with seductive intentions, and terrorists who wish to reclaim Spain for Islam.

Jan Breman analyses labour bondage in India's changing political economy from 1962 to 2017. Focusing on what has happened since Independence, he argues that colonial rule changed the country's agrarian economy. Capitalism has led to progressive inequality, lack of welfare and the exclusion of the dispossessed from mainstream society.

Katha Death and life. Pain and joy. Sorrow and love. War and peace. Storm and petrichor. Life. This was life. King Ferryl and Queen Adelaide have risked everything to

save their beloved kingdom, but at what cost? Aware that yielding to the maddened king in the east will mean losing everything, they must gamble all they hold dear to face him, and learn to play his deadly game if they want to survive. But their resolve, their faith in the mission unravels a little more every day with each damning revelation, each new obstacle... It doesn't help that they're separated by an entire continent. With Queen Adelaide captured by a traitor and Duchess Delaney playing spy to the mad king, Ferryl must learn to face his fears once and for all. For he knows the only path to victory is to stay the course, no matter the cost. Hanging in the balance

is the hope of a world without Darkness-a world full of the promise of the One to come. The War and the Petrithor is the culmination of the first saga in The Chalam Faerytales-a story that began before the foundations of the world. Like threads on a loom, the fates of all are woven together in this gripping, heart-wrenching fifth installment of the series. Who will pay the ultimate price to end the threat of Darkness once and for all? Notice: Contains mature language, adult situations, sexual content, and thematic violence. Reader discretion is advised. All India Radio (AIR), New Delhi As the title indicates, this book is a critical study of an Indian epic,

The Ramayana. It proceeds in the same order as that of Sanskrit original consisting of : Bala kanda, Ayodhya kanda, Aranya kanda, Kishkindha kanda, Sundara kanda, Yuddha kanda and Uttara kanda. While Valmiki's Ramayana is composed of about 24,000 slokas (verses), the Ramayana the Poisonous Tree consists of 16 stories, long and short, accompanied by 11 links (narratives that link the stories) and 504 foot-notes that show evidence from the Sanskrit original in support of the critique. Besides the main components of the text, this book has a long Preface discussing the social essence of the epic in the context of history

of evolution of human society from the ancient times to the modern times. The book also offers a critical review of the works of some earlier critics of Ramayana. The authoress describes Ramayana as a Poisonous Tree because it defends the autocratic rule of the kings against the people, their imperial expansion by invading other weak kingdoms, exploitation of the poor by the rich, oppression of lower castes by upper castes, aggression of the civilized non-tribal communities against primitive tribal communities, male chauvinism against women, superstitious beliefs against the rational thinking, fathers' domination over sons, elder

brothers' superiority over younger brothers and so on. She substantiated her arguments by providing hundreds of foot notes from the Sanskrit original. She characterizes the culture of Ramayana as predominantly feudal in nature with an admixture of remnants of primitive tribal culture. The book, it is hoped, will be of interest to both academic and non-academic circles. It is relevant to the students, teachers and researchers who are connected with such disciplines as South Asian Studies, Cultural Studies, Comparative Literature, Comparative Religions, Indology, Literary Criticism and so on. It is also relevant to the social and political

activists who would like to disseminate progressive ideas among the people who are subjected to various forms of inequality: Class, Caste, Gender, Race, Ethnicity.

In this volume Arthur Eedle has brought together a wide range of topics from Science and the Bible. In each chapter he attempts to open up the ground for deeper understanding, basing his exposition on Jesus' words, "Every scribe instructed into the kingdom of heaven is like a householder, who brings forth from

his treasures things new and old." (Matthew 13:52) As a result of many years of research into Biblical and Scientific matters, he desires to share his findings, and does so in a conversational format, to induce a sense of romanticism, of the unveiling of beauty and wonders not commonly understood.

The Uses of Social Investment provides the first study of the welfare state, under the new post-crisis austerity context and associated crisis management politics, to take stock of the limits and potential of social investment. It surveys the

emergence, diffusion, limits, merits, and politics of social investment as the welfare policy paradigm for the 21st century, seen through the lens of the life-course contingencies of the competitive knowledge economy and modern familyhood. Featuring contributions from leading scholars in the field, the volume revisits the intellectual roots and normative foundations of social investment, surveys the criticisms that have leveled against the social investment perspective in theory and policy practice, and presents empirical evidence of social investment progress together with novel research methodologies for assessing

socioeconomic "rates of return" on social investment. Given the progressive, admittedly uneven, diffusion of the social investment policy priorities across the globe, the volume seeks to address the pressing political question as to whether the social investment turn is able to withstand the fiscal austerity backlash that has re-emerged in the aftermath of the global financial crisis.
