From Neil MacGregor, the acclaimed
 creator of *A History of the World in 100
 Objects* and the Director of the British
 Museum, comes a unique, enthralling
 exploration of the age of William
 Shakespeare to accompany a new BBC
 Radio 4 series. Shakespeare lived through
 a pivotal period in human history. With the
 discovery of the New World, the horizons
 of Old Europe were expanding
 dramatically - and long-cherished
 certainties were crumbling. Life was

exhilaratingly uncertain. What were
 Londoners thinking when they went to see
 Shakespeare's plays? What was it like
 living in their world? Here Neil MacGregor
 looks at twenty objects from
 Shakespeare's life and times, and
 uncovers the fascinating stories behind
 them. The objects themselves range from
 the grand (such as the hoard of gold coins
 that make up the Salcombe treasure) to
 the very humble, like the battered trunk
 and worn garments of an unknown pedlar.
 But in each case, they allow MacGregor to
 explore issues as diverse as piracy and
 Islam, Catholicism and disguise.
 MacGregor weaves the histories of objects
 into the words of Shakespeare's plays
 themselves to suggest to us where his
 ideas about religion, national identity, the
 history of England and the world, human
 nature itself, may have come from. The
 result is a fresh and thrilling evocation of

Shakespeare's world.

The Dark Lady of the Sonnets by George
 Bernard Shaw is an essay about Mistress
 Mary Fitton, a dark lady who seduces
 many men in the dark of night. Excerpt:
 "How the Play came to be Written I had
 better explain why, in this little piece
 occasion, written for a performance in aid
 of the funds of the project for establishing
 a National Theatre as a memorial to
 Shakespeare, I have identified the Dark
 Lady with Mistress Mary Fitton. First, let
 me say that I do not contend that the Dark
 Lady was Mary Fitton, because when the
 case in Mary's favor (or against her...)"

A hilarious, darkly comic graphic retelling
 of Shakespeare's *Hamlet* in radically
 condensed prose by legendary Swedish
 children's author Barbro Lindgren and
 illustrator Anna Höglund. *Look Hamlet*.

Hamlet not happy. Hamlet's mommy dumb. Hamlet's daddy dead. So begins this wonderfully strange, dark, and hilarious picture book version of Shakespeare's greatest tragedy boiled down to its smallest possible size: 100 words, give or take, and fifteen etchings that look like the lovechild of Beatrix Potter and Edward Gorey. In our despondent antihero, a lop-eared bunny Hamlet with handbag in tow, is somehow embodied all the tremendous pathos of Shakespeare's Danish Prince. And in legendary Swedish children's author Barbro Lindgren's pithy prose resides the poetry of the original, reworked for the era of memes and short attention spans. Bold and brilliant, irreverent and humane, *Look Hamlet* is the perfect irreverent gift for Shakespeare readers of all ages. As the Bard himself wrote: "brevity is the soul of wit."

The star and creative force behind *Mr. Show* and *Arrested Development* pens his "first and final book, chronicling his meteoric rise and abysmal fall in the literary world." After a decade spent in isolation in the Ugandan jungles thinking about stuff, David Cross has written his first book. Known for roles on the small screen such as "never-nude" Tobias Funke on *Arrested Development* and the role of "David" in *Mr. Show With Bob And David*, as well as a hugely successful stand-up routine full of sharp-tongued rants and rages, Cross has carved out his place in American comedy. Whether deflating the pomposity of religious figures, calling out the pathetic symbiosis of pseudo-celebrity and its leaching fandom, or merely pushing the buttons of the way-too-easily offended P.C. left or the caustic, double-standard of the callous (but funnier) right, Cross has something to say about everyone, including his own ridiculous self. Now, for the first time, Cross is weaving his media mockery, celebrity denunciation, religious commentary and sheer madness into book form, revealing the true story behind his almost existential distaste of Jim Belushi ("The Belush"), disclosing the up-to-now unpublished minutes to a meeting of Fox television network executives, and offering up a brutally grotesque run-in with Bill O'Reilly. And as if this wasn't enough for your laughing pleasure in these troubled times, some of the pieces splinter off with additional material being created online in exclusive video and animated web content created

solely for the book—a historical first (presumably)! With a mix of personal essays, satirical fiction posing as truth, advice for rich people, information from America's least favorite Rabbi and a top-ten list of top-ten lists, *I Drink for a Reason* is as unique as the comedian himself, and cannot be missed.

Welcome to the George Inn near London Bridge; a cosy, wood-pannelled, galleried coaching house a few minutes' walk from the Thames. Grab yourself a pint, listen to the chatter of the locals and lean back, resting your head against the wall. And then consider this: who else has rested their head against that wall, over the last 600 years? Chaucer and his fellow pilgrims almost certainly drank in the George on their way out of London to Canterbury. It's fair to say that Shakespeare will have popped in from the nearby Globe for a pint, and we know that Dickens certainly did. Mail carriers changed their horses here, before heading to all four corners of Britain -- while sailors drank here before visiting all four corners of the world... The pub, as Pete Brown points out, is the 'primordial cell of British life' and in the George he has found the perfect case study. All life is here, from murderers, highwaymen and ladies of the night to gossiping pedlars and hard-working clerks. So sit back and watch as buildings rise and fall over the centuries, and 'the beer drinker's Bill Bryson' (TLS) takes us on an entertaining tour through six centuries of history, through the stories of everyone that ever drank in one pub.

Soul of the Age National Geographic Books

The New York Times bestselling author of *A History of the World in 100 Objects* brings the world of Shakespeare and the Tudor era of Elizabeth I into focus. We feel we know Shakespeare's characters. Think of Hamlet, trapped in indecision, or Macbeth's merciless and ultimately self-destructive ambition, or the Machiavellian rise and short reign of Richard III. They are so vital, so alive and real that we can see aspects of ourselves in them. But their world was at once familiar and nothing like our own. In this brilliant work of historical reconstruction Neil MacGregor and his team at the British Museum, working

together in a landmark collaboration with the Royal Shakespeare Company and the BBC, bring us twenty objects that capture the essence of Shakespeare's universe. A perfect complement to *A History of the World in 100 Objects*, MacGregor's landmark New York Times bestseller, *Shakespeare's Restless World* highlights a turning point in human history. This magnificent book, illustrated throughout with more than one hundred vibrant color photographs, invites you to travel back in history and to touch, smell, and feel what life was like at that pivotal moment, when humankind leaped into the modern age. This was an exhilarating time when discoveries in science and technology altered the parameters of the known world. Sir Francis Drake's circumnavigation map allows us to imagine the age of exploration from the point of view of one of its most ambitious navigators. A bishop's cup captures the most sacred and divisive act in Christendom. With *A History of the World in 100 Objects*, MacGregor pioneered a new way of telling history through artifacts. Now he trains his eye closer to home, on a subject that has mesmerized him since childhood, and lets us see Shakespeare and his world in a whole new light.

A compelling exploration of how our pursuit of happiness makes us unhappy. We live in an age of unprecedented prosperity, yet everywhere we see signs that our pursuit of happiness has proven fruitless. Dissatisfied, we seek change for the sake of change—even if it means undermining the foundations of our common life. In *Why We Are Restless*, Benjamin and Jenna Storey offer a profound and beautiful reflection on the roots of this malaise and examine how we might begin to cure ourselves. Drawing on the insights of Montaigne, Pascal, Rousseau, and Tocqueville, *Why We Are Restless* explores the modern vision of happiness that leads us on, and the disquiet that follows it like a lengthening shadow. In the sixteenth century, Montaigne articulated an original vision of human life that inspired people to see themselves as individuals dedicated to seeking contentment in the here and now, but Pascal argued that we cannot find happiness through pleasant self-seeking, only anguished God-seeking. Rousseau later tried and failed to rescue Montaigne's

worldliness from Pascal's attack. Steeped in these debates, Tocqueville visited the United States in 1831 and, observing a people "restless in the midst of their well-being," discovered what happens when an entire nation seeks worldly contentment—and finds mostly discontent. Arguing that the philosophy we have inherited, despite pretending to let us live as we please, produces remarkably homogenous and unhappy lives, *Why We Are Restless* makes the case that finding true contentment requires rethinking our most basic assumptions about happiness. *Living with the Gods* Open Road + Grove/Atlantic

Hello. I am Daniel Handler, the author of this book. Did you know that authors often write the summaries that appear on their book's dust jacket? You might want to think about that the next time you read something like, "A dazzling page-turner, this novel shows an internationally acclaimed storyteller at the height of his astonishing powers." *Adverbs* is a novel about love -- a bunch of different people, in and out of different kinds of love. At the start of the novel, Andrea is in love with David -- or maybe it's Joe -- who instead falls in love with Peter in a taxi. At the end of the novel, it's Joe who's in the taxi, falling in love with Andrea, although it might not be Andrea, or in any case it might not be the same Andrea, as Andrea is a very common name. So is Allison, who is married to Adrian in the middle of the novel, although in the middle of the ocean she considers a fling with Keith and also with Steve, whom she meets in an automobile, unless it's not the same Allison who meets the Snow Queen in a casino, or the same Steve who meets Eddie in the middle of the forest. . . . It might sound confusing, but that's love, and as the author -- me -- says, "It is not the nouns. The miracle is the adverbs, the way things are done." This novel is about people trying to find love in the ways it is done before the volcano erupts and the miracle ends. Yes, there's a volcano in the novel. In my opinion a volcano automatically makes a story more interesting.

1606: William Shakespeare and the Year of Lear traces Shakespeare's life and times from the autumn of 1605, when he took an old and anonymous Elizabethan play, *The Chronicle History of King Leir*, and transformed it into his most searing tragedy, *King Lear*. 1606 proved to be an especially grim year for England, which witnessed the bloody aftermath of the Gunpowder Plot, divisions over the Union of England and Scotland, and an outbreak of plague. But it turned out to be an exceptional one for Shakespeare, unrivalled at identifying the fault-lines of his cultural moment, who before the year was out went on to complete two other great Jacobean tragedies that spoke directly to these fraught times: *Macbeth* and *Antony and Cleopatra*. Following the biographical style of 1599, a way of thinking and writing that Shapiro has made his own, 1606: William Shakespeare and the Year of Lear promises to be one of the most significant and accessible works on Shakespeare in the decade to come.

The Elizabethan age was a tumultuous time, when long-cherished certainties were crumbling and life was exhilaratingly

uncertain. Shakespeare's *Restless World* uncovers the extraordinary stories behind twenty objects from the period to re-create an age at once distant and yet surprisingly familiar. From knife crime to belief in witches, religious battles to the horizons of the New World, Neil MacGregor brings the past to life in a fresh, unexpected portrait of a dangerous and dynamic era. 'Fascinating ... filled with anecdotes and insights, eerie, funny, poignant and grotesque ... another brilliant vindication of MacGregor's understanding of physical objects to enter deep into our forefathers' mental and spiritual world' Christopher Hart, *Sunday Times* 'Enjoyable and intriguing, an absorbing evocation ... he draws us into the minds of the Elizabethan and Jacobean audience. Next time you see one of the plays reading this book will make those first audiences seem real to you' Peter Lewis, *Daily Mail* 'How gripping are these tales from a lost world. And what a world Shakespeare's was - adventurous, melancholy, rich and plagued by beggary, courteous and quarrelsome, sceptical and credulous' *Daily Telegraph* 'Elegant, informative ... provides stimulating insights' Anne Somerset, *Spectator*

My background is in IT and I spent a number of years in Geneva working at CERN. This allowed me to pursue my interest in physics. More surprisingly it also gave me an interest in Shakespeare. CERN's motto, "There are more things in heaven and earth, Horatio, than are dreamt of in your philosophy," is from *Hamlet*. As I read more of Shakespeare's work I came across many instances where a line of some 400 years ago could so readily be applied not only to that era but also to the science and arts of today. My format is to begin in italics with a quote from Shakespeare followed - with due poetic licence - by my lines linking the poem to the image. Interestingly, I found describing the image made me think further on the quoted lines giving me a still deeper appreciation of Shakespeare's work. I developed this further still in quite different chapters. Whatever enjoyment and understanding I have gained in the writing of this book, Shakespeare started it...The chapters are: Part I ...that lightly links in Verse and Image Shakespeare to Science and Art: Part II ...William discovers that all the world's a stage: Part III ...that imagines the first rehearsal of the soliloquy 'to be or not to be' between himself and his reluctant lead actor: Part IV ...each play viewed in a sonnet where I begin with a line from the play: Part V ...he was not of an age, but for all time.
