When Adam ate of the tree of the knowledge of good and evil he entered a world he could never of imagined. Since that time, apart from God, man has had to live a life based on his own perceptions of good and evil.

Unfortunately, it has also infiltrated the church. Thankfully, God is in control and has taken all of the errors of man to fulfill His own unique story. Dr. Henry has served as a missionary, pastor, author, teacher and Vice-President of Academic Affairs of Providence Bible College & Theological Seminary. He moves in the calling of God. He currently resides in Virginia with his wife.

Originally the Venda Building Society, VBS Mutual Bank was a small, little-known lender in Limpopo before it rocketed from obscurity in 2016 by giving President Jacob Zuma a controversial home loan to repay the state for improvements to his Nkandla homestead. The bank was growing rapidly and sold itself as a fearless champion of black advancement. Its main shareholder, Vele Investments, was on a meteoric trajectory towards becoming a financial conglomerate worthy of national attention. When the bank abruptly went into curatorship in March 2018, no one had any reason to doubt that it was just another unfortunate corporate failure. Then the

astonishing truth emerged: the collapse of VBS was due to an epic R2-billion fraud that had created Vele's empire out of thin air and left the bank a hollow shell. *VBS: A Dream Defrauded* unravels the fraud, exploring how suspected mastermind Tshifhiwa Matodzi and his associates first took control of VBS, fed ANC patronage networks and operated under a nationalist mantle endorsed by Venda royalty. The book explains how the bank and its shareholder Vele were seemingly built into a multibillion-rand business, exposes the political machinations that guaranteed VBS up to R3.5 billion in unlawful funding from municipalities and other state institutions, and describes the free-for-all that ensued after the bank's collapse, when all involved tried to cover their tracks. Written by one of the journalists who first broke the story, this book draws on interviews with VBS insiders and other role-players, as well as documents and detailed forensic evidence collected in the course of two years of investigations. This is a compelling account of a

bank heist whose shockwaves continue to haunt the politicians, businessmen and traditional leaders who enabled it. *The Troubleshooting Guide to Christian Education* Xlibris Corporation
Reeling from a negotiation gone wrong, FBI Special Agent April Ramos is caught off guard when a frazzled young woman shoves a crying baby into her arms, then disappears. Worry for the child's safety quickly turns to fear when a man claiming to be the girl's father abducts them at gunpoint. April puts her hostage negotiation skills to use to learn more about who she's dealing with: Jason Snyder, a fugitive accused of murder. As Jason spins a tall tale about being framed for the killing of his business partner, April must sort through his claims to find the truth. A truth that becomes all the more evident after April overhears a conversation between Jason and the local sheriff and realizes something more sinister may be happening in their small town of Sweet Briar, Texas. But aligning herself with a known fugitive to uncover the burden of proof could cost April her

job . . . or worse, her life and the lives of other innocent people. The Lutheran Witness Group Publishing (Company)

Using ethnographic research, Willful Ignorance: Overcoming the Limitations of (Christian) Love for Refugees Seeking Asylum examines the attitudes of clergy and lay leaders regarding their (in)attention to racism as it intersects with the harsh reality of U.S. immigration policies and practices. This multi-faceted work begins with a reality check on the scope of forced migration and its intersection with the historical legacy of racism in America, including testimonies from displaced migrants and immigration advocates who help to alleviate state-inflicted suffering at the U.S.-Mexico border. Helen T. Boursier examines the rationales Christian leaders use to justify the

local church's nominal response, including the discursive buffers and stall tactics they use to deflect their lack of preaching, teaching, leadership and/or ministry with displaced migrants who are their near neighbors. The Christian church's firm foundation to embody love as social justice provides a historical rebuttal, while case studies of congregations that offer displaced migrants compassionate hospitality model exemplary contemporary response. Closing with practical suggestions for how to begin building bridges with migrants, Boursier argues for a philosophy of religion that embraces resistance to racism and exclusion from asylum, through a missiology of compassion that exemplifies an ecclesiology of love.

"A practical book to help parents communicate with their children and show how much they care through notes and letters. The book includes the authors' experiences, encouragement to parents to start, sample letters, and 100 colorful tear out sheets. Children are subjected to great stress and anxiety while growing up in a dangerous and fast

changing world. Parents struggle too, especially to find ways to communicate with their children and to show how much they care. This practical and valuable little book presents a proven method of staying in touch with your children throughout their school years. Lunch Box Letters is the result of the experience of two parents who--separately--wrote notes to their children on a regular basis and were immensely encouraged by the results. Now they show how you can use their successful method to communicate with your own kids. They provide sample letters to let you see just how simple these little notes are to write--and how important they are to both parent and child. They also answer common questions that parents raise, such as 'Where do I find the time?' 'What if I have three kids?' or 'What if I'm a lousy speller?'"--

More teens are turning away from the faith than ever before: it is estimated that 75 to 88% of Christian teens walk away from Christianity by the end of their freshman year of college.

Something must be done. Family Driven Faith equips Christian parents with the tools they need to raise children biblically in a post-Christian, anti-family society. Voddie Baucham, who with his wife has overcome a multi-generational legacy of broken and dysfunctional homes, shows that God has not left us alone in raising godly children. He has given us timeless precepts and principles for multi-generational faithfulness, especially in Deuteronomy 6. God's simple command to Moses to teach the Word diligently to the children of Israel serves as the foundation of Family Driven Faith. - Publisher. *The Parish Record* Warner Press

The book probes how the serious and sometimes fatal decision was made to admit individuals to asylums during Germany's age of extremes. The book shows that - even during the Nazi killing of the sick - relatives played an even more important role in most admissions than doctors and the authorities. In light of admission practices, this study traces how ideas about illness, safety, and normality changed when the Nazi regime collapsed in 1945 and illuminates how closely power configurations in the psychiatric sector were linked to political and social circumstances.
