NEW YORK TIMES BESTSELLER • This instant classic explores how we can change our lives by changing our habits. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Wall Street Journal • Financial Times In The Power of Habit, award-winning business reporter Charles Duhigg takes us to the thrilling edge of scientific discoveries that explain why habits exist and how they can be changed. Distilling vast amounts of information into engrossing narratives that take us from the boardrooms of Procter & Gamble to the sidelines of the NFL to the front lines of the civil rights movement, Duhigg presents a whole new understanding of human nature and its potential. At its core, The Power of Habit contains an exhilarating argument: The key to exercising regularly, losing weight, being more productive, and achieving success is understanding how habits work. As Duhigg shows, by harnessing this new science, we can transform our businesses, our communities, and our lives. With a new Afterword by the author "Sharp, provocative, and useful."—Jim Collins "Few [books] become essential manuals for business and living. The Power of Habit is an exception. Charles Duhigg not only explains how habits are formed but how to kick bad ones and hang on to the good."—Financial Times "A flat-out great read."—David Allen, bestselling author of Getting Things Done: The Art of Stress-Free Productivity "You'll never look at yourself, your organization, or your world quite the same way."—Daniel H. Gnosis means knowledge. But we are not referring to just any knowledge. Gnosis is knowledge which produces a great transformation in those who receive it. Knowledge capable of nothing less than waking up man and helping him to escape from the prison in which he finds himself. That is why Gnosis has been so persecuted throughout the course of history, because it is knowledge considered dangerous for the religious and political authorities who govern mankind from the shadows. Every time this religion, absolutely different from the rest, appears before man, the other religions unite to try to destroy or hide it again. Primordial Gnosis is the original Gnosis, true Gnosis, eternal Gnosis, Gnostic knowledge in its pure form. Due to multiple persecutions, Primordial Gnosis has been fragmented, distorted and hidden.

"One of the most admired men in the world of seduction" (The New York Times) teaches average guys how to approach, attract and begin intimate relationships with beautiful women For every man who always wondered why some guys have all the luck, Mystery, considered by many to be the world's greatest pickup artist, finally reveals his secrets for finding and forming relationships with some of the world's most beautiful women. Mystery gained mainstream attention for his role in Neil Strauss's New York Times bestselling exposé, *The Game*. Now he has written the definitive handbook on the art of the pickup. He developed his unique method over years of observing social dynamics and interacting with women in clubs to learn how to overcome the guard shield that many women use to deflect come-ons from "average frustrated chumps." *The Mystery Method: How to Get Beautiful Women Into Bed* shares tips such as: \*Give more attention to her less attractive friend at first, so your target will get jealous and try to win your attention. \*Always approach a target within 3 seconds of noticing her. If a woman senses your hesitation, her perception of your value will be lower. \*Don't be picky. Approach as many groups of people in a bar as you can and entertain them with fun conversation. As you move about the room, positive perception of you will grow. Now it's easy to meet anyone you want. \*Smile. Guys who don't get laid, don't smile.

This intimate family novel that follows the rise and fall of a great love is also a moving tribute to the generation that struggled to survive in Spain after the Civil War. In *Open Heart*, Elvira Lindo tells the story of her parents—the story of an excessive love, passionate and unstable, forged through countless fights and reconciliations, which had a profound effect on their entire family. Manuel Lindo came from nothing, but stubbornly worked his way up at the Dredging and Construction Company. Obligated to move from city to city for his job, the family couldn't put down roots, and Elvira and her siblings' childhood was marked by unpredictability. As they pass through temporary homes, they're caught between Manuel's outsized temper and their young mother's worsening illness, which would tragically take her life. Beginning with nine-year-old Manuel's experience in Madrid in 1939, *Open Heart* takes us on a sweeping journey through Spain full of beautifully observed insights about love in its many forms.

Esta obra es una recopilación de muchos de los mejores poemas, relatos y reflexiones en prosa de David Belmonte. En ella encontrarás profundos escritos sobre la vida, el amor, la sociedad, actitudes personales y momentos existenciales de gran importancia en nuestras vidas. Siempre con un marcado carácter psicológico y espiritual que los dotan de significado. Invitándonos a su vez a actuar con valentía y consciencia en cualquier área de nuestras vidas. TERCERA EDICIÓN ABRIL 2023 La sociedad ha vivido mucho pero todavía está lejos de aquello a lo que llamamos vivir con amor y consciencia. Seguimos cayendo una y otra vez en las garras del ego y en el sufrir de nuestros infiernos. Tanto que a menudo acabamos marchitando gran parte de esos momentos que pudieron ser eternamente bellos y eternamente nuestros. Esta obra no es otra cosa que un llamado hacia la valentía del único y verdadero gran cambio. El cambio psicológico y espiritual que en pleno siglo XXI empieza a deslizarse sobre nuestras manos. Estoy convencido de que no es el momento de los poetas, sino de todos aquellos que están dispuestos a vivir en poesía. Porque las palabras se las lleva el viento, pero hay algo que siempre permanece en sus susurros. Y ese algo no es otra cosa que las sensaciones vividas aquí y ahora. Una bonita combinación de letras es lo de menos. Lo de más es que a través de la belleza del lenguaje nos descubramos firmes defensores de las profundidades de nuestro interior. De todo aquello que nos hacen sentir completamente vivos.

Which sort of seducer could you be? Siren? Rake? Cold Coquette? Star? Comedian? Charismatic? Or Saint? This book will show you which. Charm, persuasion, the ability to create illusions: these are some of the many dazzling gifts of the Seducer, the compelling figure who is able to manipulate, mislead and give pleasure all at once. When raised to the level of art, seduction, an indirect and subtle form of power, has toppled empires, won elections and enslaved great minds. In this beautiful, sensually designed book, Greene unearths the two sides of seduction: the characters and the process. Discover who you, or your pursuer, most resembles. Learn, too, the pitfalls of the anti-Seducer. Immerse yourself in the twenty-four manoeuvres and strategies of the seductive process, the ritual by which a seducer gains mastery over their target. Understand how to 'Choose the Right Victim', 'Appear to Be an Object of Desire' and 'Confuse Desire and Reality'. In addition, Greene provides instruction on how to identify victims by type. Each fascinating character and each cunning tactic demonstrates a fundamental truth about who we are, and the targets we've become - or hope to win over. The Art of Seduction is an indispensable primer on the essence of one of history's greatest weapons and the ultimate power trip. From the internationally bestselling author of *The 48 Laws of Power*, *Mastery*, and *The 33 Strategies Of War*.

You have in your hands the most rigorous, complete and readable book ever written about the fascinating science of human sexuality. This book goes beyond the well-worn sexual education advice and the usual evolutionist psychology. After *The Brain Snatcher*, Pere Estupinyà comes back with the first popular science book on sex aimed at a wide audience. While there are some tips for the more adventurous, there is also a wealth of new information to be discovered. Distancing himself from the many books on advice or techniques, Estupinyà brings sex to another dimension by combining popular beliefs and science. Do you want proof that our decision-making in the "heat of the moment" is less rational than we think? Did you know that mind and vagina each go their own way? Are you interested in learning about the effects of yoga on sexual pleasure? Did you know about the attempts in the 60s to "cure" homosexuals with electric shock therapy, the chemical analysis of female ejaculation, or the fundamental relationship between the sympathetic and parasympathetic nervous system? The author has spoken directly with asexual and intersexual individuals, fetishists, multi-orgasmic women, women who never have orgasms through penetration, and men who have no refractory period. He has also participated in sadomasochistic events; learned tantric techniques with a couple of coaches, spoken with porn performers at Barcelona's Bagdad, and attended workshops in which a woman teaches how to have orgasms with your mind and breathing. The result is an incredible miscellany of information that appeals to both the scientific community and the curious.
