The Oxford Handbook of Music and Medievalism provides a snapshot of the diverse ways in which medievalism--the retrospective immersion in the images, sounds, narratives, and ideologies of the European Middle Ages--powerfully transforms many of the varied musical traditions of the last two centuries.

Thirty-three chapters from an international group of scholars explore topics ranging from the representation of the Middle Ages in nineteenth-century opera to medievalism in contemporary video game music, thereby connecting disparate musical forms across typical musicological boundaries of chronology and geography. While some chapters focus on key medievalist works such as Orff's *Carmina Burana* or Peter Jackson's *Lord of the Rings* films, others explore medievalism in the oeuvre of a single

composer (e.g. Richard Wagner or Arvo Pärt) or musical group (e.g. Led Zeppelin). The topics of the individual chapters include both well-known works such as John Boorman's film *Excalibur* and also less familiar examples such as Eduard Lalo's *Le Roi d'Ys*. The authors of the chapters approach their material from a wide array of disciplinary perspectives, including historical musicology, popular music studies, music theory, and film studies, examining the intersections of medievalism with nationalism, romanticism, ideology, nature, feminism, or spiritualism. Taken together, the contents of the Handbook develop new critical insights that venture outside traditional methodological constraints and provide a capstone and point of

departure for future scholarship on music and medievalism.

Croatia Fodor's

For more than two millennia Istanbul has stood at the crossroads of the world, perched at the very tip of Europe, gazing across at the shores of Asia. The history of this city—known as Byzantium, then Constantinople, now Istanbul—is at once glorious, outsized, and astounding. Founded by the Greeks, its location blessed it as a center for trade but also made it a target of every empire in history, from Alexander the Great and his Macedonian Empire, to the Romans and later the Ottomans. At its most spectacular, Istanbul was re-founded by Emperor Constantine I as New Rome, the capital of the eastern Roman Empire. He dramatically expanded the city, filling it

with artistic treasures, and adorning the streets with opulent palaces. Constantine built new walls around it all—walls that were truly impregnable and preserved power, wealth, and withstood any aggressor—walls that still stand for tourists to visit. From its ancient past to the present, we meet the city through its ordinary citizens—the Jews, Muslims, Italians, Greeks, and Russians who used the famous baths and walked the bazaars, and the rulers who built it up and then destroyed it, including Mustafa Kemal Ataturk, the man who christened the city "Istanbul" in 1930. Thomas Madden's entertaining narrative brings to life the city we see today, including the rich splendor of the churches and monasteries that spread throughout the city. Istanbul draws on a

lifetime of study and the latest scholarship, transporting readers to a city of unparalleled importance and majesty that holds the key to understanding modern civilization. In the words of Napoleon Bonaparte, "If the Earth were a single state, Istanbul would be its capital."

Music in the Georgian Novel Indiana University Press

Young people in London have contributed to the production of a distinctively British rap culture. This book moves beyond accounts of Hip-Hop's marginality and shows, with an examination of the production, dissemination and use of rap in London, how this cultural form plays an important role in the everyday lives of young Londoners and the formation of

identities. Through in-depth interviews with a range of leading and emerging rap artists, close analysis of rap music tracks, and over two years of ethnographic research of London's UK Hip-Hop and Grime scenes, Bramwell examines how black and white urban youths use rap to come together to explore their creative abilities. By combining these methodological approaches in the development of a critical participant observation, the book reveals how the collaborative work of these urban youths produced these politically significant subcultures, through which they resist unfair and illegitimate policing practices and attempt to develop their economic autonomy in a city marred by immense social and economic inequalities.

Crescent City Marine Rowman & Littlefield

Challenges conventional jazz historiography by demonstrating the role of big bands in the development of jazz. This book describes how jazz musicians found big bands valuable. It explores the rehearsal band scene in New York and rise of orchestras. It combines historical research, ethnography, and participant observation with musical analysis.

How to Make a Living from Music

Taylor & Francis

The hawk was everything I wanted to be: solitary, self-possessed, free from grief, and numb to the hurts of human life.

How do we carry on when someone close to us dies? Is it simply a case of putting one foot in front of the other in a bleak new world or do we need something more? Reeling with grief after the sudden death of her father, Helen Macdonald found herself turning to the wild for comfort. With breathtaking honesty and insight, she recounts her months spent taming a goshawk and how, finally, this strange kinship led her to the first tentative steps to recovery. Selected from H is for Hawk VINTAGE MINIS: GREAT MINDS. BIG IDEAS. LITTLE BOOKS. A series of short books by the world's greatest writers on the

The original architects of rock 'n' roll were black musicians including Little Richard, Etta James, and Chuck Berry. Jimi Hendrix electrified rock with his

explosive guitar in the late 1960s. Yet by the 1980s, rock music produced by African Americans no longer seemed to be “authentically black.” Particularly within the music industry, the prevailing view was that no one—not black audiences, not white audiences, and not black musicians—had an interest in black rock. In 1985 New York-based black musicians and writers formed the Black Rock Coalition (brc) to challenge that notion and create outlets for black rock music. A second branch of the coalition started in Los Angeles in 1989. Under the auspices of the brc, musicians organized performances and produced recordings and radio and television shows featuring black rock. The first book to focus on the brc, *Right to Rock* is, like the coalition itself, about the

connections between race and music, identity and authenticity, art and politics, and power and change. Maureen Mahon observed and participated in brc activities in New York and Los Angeles, and she conducted interviews with more than two dozen brc members. In *Right to Rock* she offers an in-depth account of how, for nearly twenty years, members of the brc have broadened understandings of black identity and black culture through rock music.

Comrades and Commissars Penguin
Fifty-five fictional cities, each described in beautiful detail - each with a woman's name... In Invisible Cities Marco Polo conjures up cities of magical times for his host, the Chinese ruler Kublai Khan, but gradually it becomes clear that he is actually describing one city: Venice. As Gore Vidal wrote 'Of all tasks, describing the contents of a book is the most difficult and in the case of a marvellous invention like Invisible Cities, perfectly irrelevant.' This is a captivating meditation on culture, language, time, memory and the nature of human experience. 'Invisible Cities changed the way we read and what is possible in the balance between poetry and prose... The book I would choose as pillow and plate,

alone on a desert island' Jeanette Winterson 'Touches inexhaustibly on the essence of the human urge to create cities, be in cities, speak of cities' Guardian 'A subtle and beautiful meditation' Sunday Times

Holy Hip Hop in the City of Angels
Bloomsbury Publishing USA
A free ebook version of this title is available through Luminos, University of

California Press's Open Access publishing program for monographs. Visit www.luminosoa.org to learn more. In the 1990s, Los Angeles was home to numerous radical social and environmental eruptions. In the face of several major earthquakes and floods, riots and economic insecurity, police brutality and mass incarceration, some young black Angelenos turned to holy hip hop—a movement merging Christianity and hip hop culture—to “save” themselves and the city. Converting street corners to open-air churches and gangsta rap beats into anthems of praise, holy hip hoppers used gospel rap to navigate complicated social and spiritual realities and to transform the Southland's fractured terrains into musical Zions. Armed with

beats, rhymes, and bibles, they journeyed through black Lutheran congregations, prison ministries, African churches, reggae dancehalls, hip hop clubs, Nation of Islam meetings, and Black Lives Matter marches. Zanfagna's fascinating ethnography provides a contemporary and unique view of black LA, offering a much-needed perspective on how music and religion intertwine in people's everyday experiences.

The Retail Directory Rough Guides
Visceral, raw, singular, and distinctive, Frost is the story of a friendship between a young man at the beginning of his medical career and a painter who is entering his final days. A writer of world stature, Thomas Bernhard combined a

searing wit and an unwavering gaze into the human condition. Frost follows an unnamed young Austrian who accepts an unusual assignment. Rather than continue with his medical studies, he travels to a bleak mining town in the back of beyond, in order to clinically observe the aged painter, Strauch, who happens to be the brother of this young man's surgical mentor. The catch is this: Strauch must not know the young man's true occupation or the reason for his arrival. Posing as a promising law student with a love of Henry James, the young man befriends the mad artist and is caught up among an equally extraordinary cast of local characters, from his resentful landlady to the town's mining engineers. This debut novel by Thomas Bernhard, which came out in

German in 1963 and is now being published in English for the first time, marks the beginning of what was one of the twentieth century's most powerful, provocative literary careers.

Recovery WIPO

Old Odessa, on the Black Sea, gained notoriety as a legendary city of Jewish gangsters and swindlers, a frontier boomtown mythologized for the adventurers, criminals, and merrymakers who flocked there to seek easy wealth and lead lives of debauchery and excess. Odessa is also famed for the brand of Jewish humor brought there in the 19th century from the shtetls of Eastern Europe and that flourished throughout Soviet times. From a broad historical perspective, Jarrod Tanny examines the hybrid Judeo-

Russian culture that emerged in Odessa in the 19th century and persisted through the Soviet era and beyond. The book shows how the art of eminent Soviet-era figures such as Isaac Babel, Il'ia Ilf, Evgenii Petrov, and Leonid Utesov grew out of the Odessa Russian-Jewish culture into which they were born and which shaped their lives.

The Death and Life of Great American Cities Random House

Women's Bands in America is the first comprehensive exploration of women's bands across the three centuries in American history. Contributors trace women's emerging roles in society as seen through women's bands—concert and marching—spanning three centuries of American history. Authors explore town, immigrant, industry, family, school,

suffrage, military, jazz, and rock bands, adopting a variety of methodologies and theoretical lenses in order to assemble and interrogate their findings within the context of women's roles in American society over time. Contributors bring together a series of disciplines in this unique work, including music education, musicology, American history, women's studies, and history of education. They also draw on numerous primary sources: diaries, film, military records, newspaper articles, oral-history interviews, personal letters, photographs, published ephemera, radio broadcasts, and recordings. Thoroughly, contributors engage in archival historical research, biography, case study, content analysis, iconographic study, oral history, and qualitative research to bring their topics

to life. This ambitious collection will be of use not only to students and scholars of instrumental music education, music history and ethnomusicology, but also gender studies and American social history. Contributions by: Vilka E. Castillo Silva, Dawn Farmer, Danelle Larson, Brian Meyers, Sarah Minette, Gayle Murchison, Jeananne Nichols, David Rickels, Joanna Ross Hersey, Sarah Schmalenberger, Amy Spears, and Sondra Wieland Howe.

The Rough Guide to Croatia is the most comprehensive handbook to this spectacular destination. A 24 page full-colour section introduces Croatia's highlights, from the medieval city of Dubrovnik to the beaches of the Dalmatian coast. Throughout, there are

discerning reviews of all the best places to stay, eat and drink - to suit any pocket. Finally, the Contexts section provides an authoritative background on Croatia's history, politics and culture.

When the Stones Came to Town

Routledge

How can we--jazz fans, musicians, writers, and historians--understand the legacy and impact of a musician like Dave Brubeck? It is undeniable that Brubeck leveraged his fame as a jazz musician and status as a composer for social justice causes, and in doing so, held to a belief system that, during the civil rights movement, modeled a progressive approach to race and race relations. It is also true that it took Brubeck, like others, some time to understand the full spectrum of racial

power dynamics at play in post-WWII, early Cold War, and civil rights-era America. Dave Brubeck and the Performance of Whiteness uses Brubeck's performances of whiteness across his professional, private, and political lives as a starting point to understand the ways in which whiteness, privilege, and white supremacy more fully manifested in mid-century America. How is whiteness performed and re-performed? How do particular traits become inscribed with whiteness, and further, how do those traits, now racialized in a listener's mind, filter the sounds a listener hears? To what extent was Brubeck's whiteness made by others? How did audiences and critics use Brubeck to craft their own identities centered in whiteness? Drawing on

archival records, recordings, and previously conducted interviews, Dave Brubeck and the Performance of Whiteness listens closely for the complex and shifting frames of mid-century whiteness, and how they shaped the experiences of Brubeck's critics, audiences, and Brubeck himself. Throughout, author Kelsey Klotz asks what happens when a musician tries to intervene, using his privilege as a tool

with which to disrupt structures of white supremacy, even as whiteness continues to retain its hold on its beneficiaries.

The Wiley Blackwell Anthology of African American Literature, Volume 2 Duke University Press

This book investigates the literary representation of music in the Georgian novel against its musical, aesthetic and cultural background.
