The Cornerstone Biblical Commentary series provides students, pastors, and laypeople with up-to-date, accessible evangelical scholarship on the Old and New Testaments. Presenting the message for each passage, as well as an overview of other issues relevant to the text, each volume equips pastors and Christian leaders with exegetical and theological

knowledge so they can better understand and apply God's Word. This volume includes the entire NLT text of Leviticus, Numbers, and Deuteronomy. Other features: Provides pastors, teachers, and students with up-to-date evangelical scholarship. Both exegetical and translation commentary. Part of an 18-volume collection. Features New Living Translation Text. David Baker, Ph.D., University of London, is professor of Old Testament and Semitic languages at Ashland Theological Seminary in Ohio. He serves as editor for the Evangelical Theological Society's Dissertation series

and Studies series. He has authored several articles/books, including the NIV Application Commentary on Joel, Obadiah, and Malachi and The Face of Old Testament Studies: A Survey of Contemporary Approaches. Dr. Baker served as a Leviticus reviewer for the New Living Translation. Dale Brueggemann, Ph.D., Westminster Theological Seminary, pastored in Idaho throughout the 1970s. He has taught at Valley Forge Christian College in Philadelphia, and at Central Bible College in Missouri. Eugene H. Merrill, Ph.D., Columbia University, is Distinguished Professor of Old Testament

Studies at Dallas Theological Seminary in Texas and Distinguished Professor of Old Testament Interpretation at The Southern Baptist Theological Seminary in Kentucky. The purpose of this book is to combine perspectives of scholars from Africa on Child Theologies from a variety of theological sub-disciplines to provide some theological and ministerial perspectives on this topic. The book disseminates original research and new developments in this study field, especially as relevant to the African context. In the process it addresses also the global need to hear voices from Africa in this academic field. It

wants to convey the importance of considering Africa's children in theologising. The different chapters represent diverse methodologies but the central and common focus is to approach the subject from the viewpoint of Africa's children. The individual authors' varied theological sub-disciplinary dispositions contribute to the unique and distinct character of the book. Almost all chapters are theoretical orientated with less empirical research, although some of the chapters refer to empirical research which the authors have done in the past. Most of the academic literature in the field of Theologies of Childhood is from American or British- European origin. The African context is fairly absent in this discourse, although it is the youngest continent and presents unique and relevant challenges. This book was written by theological scholars from Africa, focussing on Africa's children. It addresses not only theoretical challenges in this field but also provides theological perspectives for ministry with children and for important social change. Written from a variety of theological sub-disciplines, the book is aimed at scholars across theological sub- disciplines,

especially those theological scholars interested in the intersections between theology, childhood studies and African cultural or social themes. It addresses themes and provide insights that is also relevant for specialist leaders and professionals in this field. No part of the book was plagiarised from another publication or published elsewhere before. *Plymouth Pulpit* CRC Press

They came from the sky... Loud pulses of sound that changed the world in a fraction of a second. At first, no one, especially Eddie Rotten, knew what caused them, but everyone was there to witness the startling results. As the birds fell from the skies and the dead rose, Eddie and his family fought for survival against the unknown forces that had shifted the equilibrium of society. Had the government developed a radical new method of population control? Why did the news outlets remain dark on the issue? Conspiracy theories flourish as Eddie, along with his family and the newly formed Zombie Fight Clubs, fight to right the moral order and shed light on the most heinous cover-up in human history. Decide for yourself what is real and what isn't...

The Evangelical/Pentecostal church has 90 million followers in the United States and covers millions more in North America, South America, Western Europe, Australia, New Zealand and Africa — this post-Protestant movement has dominated and captivated the Christian community since the 1970s. Described as emerging, charismatic, modern, reformed, refined, innovative and contemporary; this global church has promoted Christianity to be fashionable. Spearhead by internationally renowned televangelist preachers who teach and adopt a fundamental faith movement. This radical journey of outspoken faith has become the fastest growing craze in modern Christianity and been undertaken by millions of unsuspecting people who are leaving their traditional mainstream churches to join this innovative solution for their faith. Their sermons have become the most listened to gospel in modern time. Open

the Church Doors and Let Me Out! is the remarkable true story of a missionary family travelling to North America only to find themselves abandoned by this local church. Following the Evangelical ethos, they discover that the innovation and declaration of its gospel is far from the lights and glamour of its staged productions. A deep, bold, compelling and stirring testimony which exposes controversies and biblically challenges the practices of the global, emerging, Evangelical church. It is the cry of millions of born again Christians around the world who are saying, 'enough is enough!' www.openthechurchdoorsandletmeout.com

From the ruins of the irradiated wastes emerge bloodthirsty scavengers and a dangerous new breed of creature known as the Changed. Some survivors call them zombies, others say that they're mutants—whatever they truly are, their sole desire is to murder and eat those unaffected. A small group of survivors from Illinois attempts to escape further south away from the deepening cold of the nuclear winter. Along the way, they discover that the true monsters are not the Changed—the enemy to fear most is their fellow man.

"Everyone knows about Noah, Moses, and Paul. But what about Hagar, Michal, and Priscilla, all women who had a direct influence in the story of God's people? The Bible is full of fascinating, powerful, and faithful women, as well as lessons that have unique meaning for women today." "In The Women's Study Bible, respected Bible scholars draw out these often overlooked stories and reveal the lives of women at the time and share lessons for women of today. Separate sidebars cover topics such as midwifery, women disciples,

and female images of God. The Women's Study Bible doesn't shy away from the difficult issues, but helps readers to understand them better in both their original context and the modern world." "The New Living Translation of the Bible uses inclusive language for humanity and where it is clear that both male and female are meant to be included." --Book Jacket.

The bible for the D.I.Y set: detailed instructions for how to make your own sauerkraut, beer, yogurt and pretty much everything involving microorganisms.--The New York Times *Named a Best Gift for Gardeners by New York Magazine The original guide to kraut, kombucha, kimchi, kefir, and kvass; mead, wine, and cider; pickles and relishes; tempeh, koji, miso, sourdough and so much more...! Winner of the James Beard Foundation Book Award for Reference and Scholarship, and a New York Times bestseller, with more than a quarter million copies sold, The Art of

Fermentation is the most comprehensive guide to do-it-yourself home fermentation ever published. Sandor Katz presents the concepts and processes behind fermentation in ways that are simple enough to guide a reader through their first experience making sauerkraut or yogurt, and in-depth enough to provide greater understanding and insight for experienced practitioners. While Katz expertly contextualizes fermentation in terms of biological and cultural evolution, health and nutrition, and even economics, this is primarily a compendium of practical information--how the processes work; parameters for safety; techniques for effective preservation; troubleshooting; and more. With two-color illustrations and extended resources, this book provides essential wisdom for cooks, homesteaders, farmers, gleaners, foragers, and food lovers of any kind who want to develop a deeper understanding and appreciation for arguably the oldest form of food preservation, and part of the roots of culture itself. Readers will find detailed information on fermenting vegetables; sugars into alcohol (meads, wines, and ciders); sour tonic beverages; milk; grains

and starchy tubers; beers (and other grain-based alcoholic beverages); beans; seeds; nuts; fish; meat; and eggs, as well as growing mold cultures, using fermentation in agriculture, art, and energy production, and considerations for commercial enterprises. Sandor Katz has introduced what will undoubtedly remain a classic in food literature, and is the first--and only--of its kind.

A Cretan Healer's Handbook in the Byzantine Tradition Xlibris Corporation
 Judy Frankamp discovered that being raised in a "religious" home was not enough. It was only when Jesus her Saviour became the Lord of her life, she truly understood what it meant to be born again. Then she could not help but be honest and confront those around her. She takes us into specific issues that have bothered many Christians, but they could not quite get a handle on them. Frankamp knows how to put them into words. With an engaging, homey style, the author explains how she learned that her favorite "Christian" talk show host was really pushing the New Age. She puts into plain language what is wrong with Harry Potter. She describes her confrontation with liberal pastors who didn't care if their Bible had removed or changed the words of God. They just didn't want to make waves. On several occasions, she writes from the point of view of Satan and his devils,

scheming how to derail Christians. There are some things, like the Harry Potter craze, that we just "know" aren't right, but can't explain it. After reading Frankamp's story, you'll know how.

The Art of Fermentation Routledge
 Throughout the history of moral, political, and legal philosophy, many have portrayed passions and emotions as being opposed to reason and good judgment. At the same time, others have defended passions and emotions as tempering reason and enriching judgment, and there is mounting empirical evidence linking emotions to moral judgment. In *Passions and Emotions*, a group of prominent scholars in philosophy, political science, and law explore three clusters of issues: "Passion & Impartiality: Passions & Emotions in Moral Judgment"; "Passion & Motivation: Passions & Emotions in Democratic Politics"; and "Passion & Dispassion: Passions & Emotions in Legal Interpretation." This timely, interdisciplinary volume examines many of the theoretical and practical legal, political, and moral issues raised by such questions.
