## ARROYO MACIAS

*National Geographic Readers: Ellis Island* National Geographic Books

Come face-to-face with the world's deadliest creatures! Plus free realistic snake's tooth necklace. Find out about the world's most fearsome animals in this fact-packed book. Deadly Creatures includes facts, stats, and fun quizzes about the fifty of the most dangerous creatures in the world. From wolverines to puffer fish, ogre-faced spiders to fire ants, this book is bursting with real-life monsters.

**Mistletoe and Murder** Raintree

Describes the different types of dolphins, where they live, what they eat, etc.

*Amazing Animal Journeys* Bloomsbury Wildlife

Kids love the Cutest Animals on the Planet, so for daring readers, the animal kingdom's fiercest, fastest, and most dangerous creatures are sure to thrill! But don't be fooled. Even tiny animals like cute little jewel-toned frogs or massive, sleepy-looking, plant-eating hippos can pack a deadly punch. Earth's oceans, forests, grasslands, deserts, and even cities are home to a wide variety of amazing animals with crazy cool slaying skills that help them hunt for food and defend themselves. In this lively and browsable book, readers find out where these impressive creatures live, what makes

them tick, how they beat the odds in harsh habitats, and just what makes them so deadly. Meet the Nile crocodile and learn about its astonishing bite force. Discover the elephant seal's deafening roar. Explore how the jaguar's speed and night vision help it ambush prey. Encounter enormous harpy eagles, bone-crushing snakes, venomous spiders, and more. Jaw-dropping photos and surprising facts bring readers up close and personal to the world's most fearsome—and fascinating!—animals. Like Cutest Animals on the Planet, the previous book in this new series, this often-humorous, snackable content provides great entry points for readers of all levels and lots of fascinating facts to share with friends and family.

[National Geographic Readers: Water](#) The Rosen Publishing Group, Inc

Blast off on a trip to discover the fascinating world of meteors. In this image-packed book, kids will learn all about these objects hurtling through space—and into our atmosphere. This level 3 reader is written in an easy-to-grasp style to encourage the scientists and explorers of tomorrow!

*National Geographic Readers: Deadly Predators* National Geographic Books

Killer instincts help this group of animals to thrive in the wild. This book explores what makes an animal especially deadly and how they live to kill.

[Spiders and Other Arthropods](#) Disney Electronic Content

National Geographic Primary Readers is a high-interest series of beginning reading books that have been developed in consultation with education experts. The books pair magnificent National Geographic photographs with lively text by skilled children's book authors across four reading levels. Level 4: Independent reader Perfect for kids who are reading on their own with ease and are ready for more challenging vocabulary with varied

sentence structures. They are ideal for readers of White and Lime books. Chocolate or vanilla? Creamy peanut butter or crunchy? Cats or dogs? On some matters in life, every kid must take a stance. Ever since the first youngster in history had a pet, cats vs. dogs has been a hotly debated issue at break times and lunch tables worldwide. Which one's better? Smarter? This reader presents the facts in fun and informative fashion. Kids will love the stimulating level 4 text as they decide the answer to this question for themselves.

[National Geographic Readers: Wildfires](#) National Geographic Books

Everyone loves the smile on a dolphin's face. Though smart enough to become theme park tricksters, dolphins are first and foremost wild mammals. Melissa Stewart's lively text outlines our responsibility to conserve their natural environment. This high-interest book also offers an interactive experience to boost awareness of these adorable creatures. National Geographic supports K-12 educators with ELA Common Core Resources. Visit [www.natgeoed.org/commoncore](http://www.natgeoed.org/commoncore) for more information.

**Puzzle Book Deadly Creatures** National Geographic Books

Steve Backshall embarks on his most daring adventure yet. He has just six months to travel to six continents and find 60 of the deadliest creatures on the planet for the 26-part Children's BBC series of the same name. From lethal beauties to killer beasts, from the unseen to the unexpected, the one thing these creatures have in common is that they are all deadly to other animals. Steve's encounters range from famous killers such as the Black Mamba and the North American Grizzly Bear to less well known but no less deadly animals. He introduces the surreal Pink River Dolphin of Amazonia and captures Australia's elusive Ghost Bat for a closer look. Learn about the ingenious techniques and extraordinary weapons that some of our most dangerous animals are armed with. Including the renowned, the unexpected and the downright bizarre, this companion book to Steve Backshall's high adrenaline tour of the world's most deadly is not to be missed.

**Deadly Predators** National Geographic Society

Come face-to-face with sharks, wolves, tigers, and many more predators in this gripping new addition to the National Geographic Kids Reader series. Amazing animal photos will wow kids as they discover how predators hunt, raise their young, and contribute to the food chain. This Level 2 reader is written in easy-to-grasp text and will help kids understand who rules in the wild!

[The World's Deadliest Animals](#) Carson-Dellosa Publishing

Get to know scales, shells, and other kinds of amazing animal armor in this engaging Level 1 Reader from National Geographic Kids, now with more than 125 books from Pre-reader to Level 3 in the series. Packed with beautiful and engaging photos, kids will learn all about these fantastic creatures. Learn about animals with shells, scales, and spikes! This Reader is carefully leveled for an early independent reading or read aloud experience, perfect to encourage the scientists and explorers of tomorrow!

**National Geographic Readers: Water** National Geographic Books

Presents general information about different types of reptiles, looking at what they are, how they are classified, the characteristics of different species, their origins, and fun facts about them.

[Deadliest Animals](#) National Geographic Kids

Water is all around us; we drink it every day. In this level 3 reader, kids will learn about the water cycle, discovering how rain and snow flow into our

lakes, rivers, and oceans, and later evaporate into the sky again. Vivid photography and accessible text make this book an ideal introduction to the science of water.

[National Geographic Kids Animal Records](#) Chronicle Books

These heartwarming stories of animal babies, rescued and nursed back to health by humans, will pull at the heart strings and make kids realize there's a survivor inside all of us. This reader is illustrated with adorable photographs that document these animals' recoveries. The carefully written text guarantees a successful and rewarding reading experience for level 1 readers. National Geographic supports K-12 educators with ELA Common Core Resources. Visit [www.natgeoed.org/commoncore](http://www.natgeoed.org/commoncore) for more information.

**Deadliest Animals** National Geographic Children's Books

Did you know that a tiny golf ball-sized creature called the blue-ringed octopus contains enough venom to kill 26 adult humans? Or why the Sydney funnel web spider is one of the most dangerous creatures in the world? In this Level 3 book, kids will be fascinated by 12 species that you hope you'll never come across! Sharks, snakes, jellyfish and more—these creatures are among the most threatening—and interesting—in the world! National Geographic supports K-12 educators with ELA Common Core Resources. Visit [www.natgeoed.org/commoncore](http://www.natgeoed.org/commoncore) for more information.

**Steve Backshall's Deadly 60** Speedy Publishing LLC

Awesome facts, crazy quizzes and brain-busting games. Everything you need to know about amazing animal journeys!

**Cats Vs. Dogs** National Geographic Kids

They're SSSSLITHERY! SLIPPERY! They creep us out! But get to know them and you'll find snakes private, quiet types who just want a cool, shady place to call home. From the tip of their forked tongues, to skin that sheds, to the rattles on certain tails, these creatures have secrets all kids will love. Cool photos and fun facts slip us inside their surprising world. National Geographic supports K-12 educators with ELA Common Core Resources. Visit [www.natgeoed.org/commoncore](http://www.natgeoed.org/commoncore) for more information.

**Dolphins** National Geographic Readers

"Meet the world's most dangerous animals and mind-blowing stuff about them in this furr-ocious new book"--

[National Geographic Readers: Deadliest Animals](#) National Geographic Society

Describes how predators hunt, raise their young, and contribute to the food chain.

[National Geographic Readers: Saving Animal Babies](#) National Geographic Society

Explore 12 species that you hope you'll never come across, from sharks, snakes, jellyfish, bears, tigers and mosquitoes.

[National Geographic Readers: Planets](#) National Geographic Society

National Geographic Primary Readers is a high-interest series of beginning reading books that have been developed in consultation with education experts. The books pair magnificent National Geographic photographs with lively text by skilled children's book authors across four reading levels.
