Alastair Humphreys walked across India, from the Coromandel Coast to the Malabar Coast, following the course of a holy river. Walking alone and spending the nights

sleeping under the stars, in the homes of welcoming strangers or in small towns and villages, he experienced the dusty enchantment of ordinary, real India on the smallest of budgets. *There Are Other Rivers* tells the story of the walk through an account of a single day as well as reflecting on the allure of difficult journeys and the eternal

appeal of the open road. Alastair Humphreys is a National Geographic 'Adventurer of the Year'. Reviews for previous books "Believe me, he can write, and rather well" - Geographical "...displays a tendency for Big Hairy Audacious Goals that is almost unnerving." - Treehugger.com Amazon Reviews "This book has it all: it's a great travel read,

a look into the human soul and how most people, given enough determination, could attempt something like this." "No expensive equipment or 'fastest, strongest, quickest'; just a brilliant, understated story." "Simply outstanding." "If you prefer the comfort of your armchair these books will still stir your imagination and curiosity for the world." "An absolute must-read or any passionate traveller." GoodReads Reviews "Wow... another great

book by Alastair Humphreys." "One of the best adventure travel books I've read." [@al_humphreys](http://www.alastairhumphreys.com) *Boy's Life* Penguin UK 'A really great read, fascinating, moving' Adrian Chiles The End to End record is the longest place-to-place cycling record in Britain. It is a daunting 842 miles and for the men and women who attempt to break the record, there can be no second place, only the binary outcome of total success or failure. Paul

Jones decided to ride from Land's End to John O' Groats to try to understand the relentless physical and mental challenges involved. End to End is a captivating and beautifully written narrative. A lyrical account of the journey sits alongside meetings with amazing cyclists; people like Eileen Sheridan; who covered the distance in under three days in 1954, or current men's record holder Michael Broadwith who did it in a scarcely believable 43 hours. End to End is a portrayal of

hope and ambition, of what happens when things go wrong and how hard it is to make them right. It is about courage, obsession and joy, but above all else, it is a compelling exploration of why journeys matter for all of us. 'A brilliant book, a triple trip: one on the road, one in History and one into the author's mind. Cycling is about all that' Paul Fournel 'Jones's funny and affectionate book is a celebration of "the fellowship of the road"' Spectator 'A truly excellent book . . . Paul

Jones's End To End is a wonderful, sometimes frenetic and deeply honest book by a man bursting with passion for cycling, its cultures and lore, and people who do extraordinary things' BikeRadar

/DIVI am a queen. I live in a castle, right across the street from the John Howard Housing Projects. Every day right after school I run to my bedroom window and open it wide--even in the middle of winter when the

wind blows wet snow up my nose. I watch for my knight in shining armor. He's ten years old, like me, and rides a bike--a two-wheeler with rusty spokes and torn-up seat. So begins Sharon Flake's highly-anticipated new novel--a moving story of an unlikely friendship. DIVI Queen is a royal pain in the neck! Her Highness treats everyone like her loyal subjects: her classmates, her teacher, even her parents! That's why all the kids hate her and it's hard for her to make friends. To make

matters worse, Queen known she is bright. Her teacher thinks she's a spoiled know-it-all, and that keeps her in hot water as well. When a new kid comes to Queen's school riding a broken bike and wearing run-over shoes, he immediately becomes the butt of everyone's jokes. Her parents insist she be nice to Leroy, since history has never been kind to queens who forget how to be humble. But Leroy isn't just smelly, Queen thinks that he tells fibs—whoppers in

fact—and when he says he's an African prince from Senegal, sparks fly between him and Queen. There's only room for one blue-blooded family on 33rd Street, and Queen is determined to prove Leroy is an impostor. What Queen ultimately discovers about Leroy makes her wonder what "happily ever after" really means. If a broken-bike boy is truly Queen's knight in shining armor, can he save her from herself, by teaching her how to be a good friend? The Patchwork Bike Simon

 Summary: "Arriving in Cape Town with Rita (his bike), Alastair was a long, long way from his home in Yorkshire. He cycled the length of South and North America, the breadth of Asia and back across Europe, crossing the mountains and salt-flats of South America, canoeing the Five-Finger Rapids of the Yukon River and braving a Siberian Winter with the flimsiest tent."--Publisher description.
The Boy Who Biked the World: Complete

Collection Scholastic Inc. Hand-selected by Alastair Humphreys, read about the incredible journeys undertaken by twenty of the most heroic and impressive explorers who ever lived, including Ibn Battuta (14th-century explorer); Apsley Cherry-Garrard (a member of Scott's Antarctic expedition); Michael Collins (Apollo Moon mission astronaut) and Nellie Bly (who travelled round the world in less than 80 days). A wide-spread selection of explorers from young to

old, male to female and with a range of abilities, these explorers crossed land, sea and sky in the name of adventure and may just inspire readers aged 7+ to do the same. Alastair Humphreys was named National Geographic Adventurer of the Year in 2012 for his work on the concept of microadventures. *A Biker's Life* Random House From the creator of *The Boy and the Airplane*, a touching wordless picture book about a little girl, a shiny bicycle, and the

meaning of persistence—with an unexpected payoff. A little girl sees a shiny new bicycle in the shop window. She hurries home to see if she has enough money in her piggy bank, but when she comes up short, she knocks on the doors of her neighbors, hoping to do their yardwork. They all turn her away except for a kindly old woman. The woman and the girl work through the seasons, side by side. They form a tender friendship. When the weather warms, the

girl finally has enough money for the bicycle. She runs back to the store, but the bicycle is gone! What happens next shows the reward of hard work and the true meaning of generosity. Wordless, timeless, and classic, *The Girl and the Bicycle* carries a message of selflessness and sweet surprises and makes an ideal gift for graduations and other special occasions.

[Mike and the Bike](#) Bruno Gmuender GMBH *I Love My Bike* tells the story of a girl's first

experience with her bike, and is filled with beautiful illustrations and a heartwarming message of perseverance. There's a flame on the frame and I love how it feels from my head to my heels when my feet push the pedals and the pedals turn the wheels. I love my bike. *I Love My Bike* is a picture book about a daughter learning to ride a bike with the help of her father. It's also about that exhilarating feeling you get when you succeed at something for the first time as a child. And, most

importantly, it's about learning that when you fall off, the best thing to do is get back on again! The story is told through wonderful watercolours from critically acclaimed artist Sam Usher, with words from children's poet Simon Mole. Celebrating both family relationships and being outdoors, this is the perfect read for families everywhere. **End to End** *Boy Who Biked the World* In My World, Peter Sagan, one of cycling's greatest riders of all time, gives

bike racing fans a glimpse behind the scenes of his cycling life, revealing the full extent of his dedication to competition and determination to win. With four Tour de France points jersey victories, three road race world championships, the 2018 Paris-Roubaix, and multiple spring classics among Sagan's palmares, the world of cycling agrees that this intense yet fun-loving rider is among the most dominant and fun-to-watch riders of his generation. Inside My World, Sagan discusses

his relationship with fellow riders, his heroes, and how he copes with the expectation of success. He also shares technical details about his preparation, dissects the art of the sprint, and analyzes the tactics that play out during a fiercely competitive stage or race. **Flying Fergus 1: The Best Birthday Bike** Eye & Lightning Books 96 pages of comic strip - that's something that can be leafed through fairly quickly, one should think. But things are different when it comes to

American comic artist Zack's juicy, nasty and nostalgic erotic stories! In fact, the stories are so hot that readers will have trouble getting through just one of them from beginning to end without...well, taking a break, shall we say? But Zack's comics are also so much more than sex. They're arty, nostalgic and fantastically drawn; a real treat for all the senses!

Live adventurously, be creative, make a living
Adventurers cross deserts and row oceans, appearing to live the dream. Yet they also must pay the bills and carve out time to get away. Are you trying to make a career doing what you love, daring to go freelance in a creative industry, growing an audience or curious

about an unconventional career? What is it like to build a life from living adventurously? Whether you are adventurous, creative or just curious, Ask an Adventurer answers your questions from behind the scenes, rather than the usual questions adventurers hear: there are no kit lists, practical expedition planning advice or daring deeds in these pages. Instead, Alastair tackles questions asked by readers on social media such as: How do you make a living? How do

you make time for adventure? How do you stay motivated and focused? How do you deal with post-adventure blues? How do you deal with the dilemma of flying and travel? How has social media changed the way you tell stories? How do you become an adventurer? How much does an adventurer earn? How do you decide what you will or won't do for money? How do you find sponsors? How do you get your work done? How can we make the world of adventure better? How do

you get a book published? How do you get paid to give talks? How do you become a better speaker? How do you deal with emails? How do you start a podcast? How do you launch an email newsletter? And more...

The first in a fantastically fun, magical cycling adventure series from Sir Chris Hoy. Fergus Hamilton, a boy who always dreams big, gets a rusty old bike for his ninth birthday from his mum and granddad. It's not the flashy Sullivan Swift he'd longed for - but when it's all cleaned up and he takes it for a test run, he discovers something amazing. When the pedals turn backwards, Fergus and his dog, Chimp, are magically transported to Nevermore, a land where

cycling is banned by the wicked King Woebegot. He meets the ever enthusiastic Princess Lily, has an amazing adventure bunny-hopping on his bike over the Swamp of Certain Death and outwitting the Knights of No-Nonsense and their Hounds of Horribleness, and lands back in the real world with a bump. Fergus still has to complete the time trial to join the local cycling team though - can Grandpa Herc and his best friend Daisy help him realise that he doesn't need magic to succeed,

and that hard work, a bit of patience and some help from his friends can do the trick? With fantastic illustrations from Clare Elsom.

Summer Fit Learning
A Bike at Large is the fourth book in Jo's best-selling 'At Large' series. When he's overtaken by a jogger on a borrowed mountain bike, Jo knows it's time for drastic action. Welcome to the world of a man in his 60s and his new e-bike, Columbanus. His first injury occurs literally within one yard - setting off for his first practice ride round a car park, he misjudges the width of the handlebars and scrapes his hand on

the cycle shop's stone wall. 'You'll go places you'll never have dreamed of,' promises the shop owner. Prophetic words indeed. Eighteen hours later Jo is embedded in his neighbour's hedge due to a clothing malfunction; it's just as well he put his ego and self-esteem in the top drawer in the kitchen before setting out. With the emergency ambulance on speed-dial, Jo climbs a steep learning curve on a series of mini-

adventures throughout the north of England, mercifully with a diminishing distance-to-injury ratio. By calling his e-bike a 'Lifestyle Investment,' it takes his wife's mind off the cost - a sensitive issue as she needs some new slippers. Asked whether he is searching for eternal youth, he replies, 'Not really ... more trying to keep out of my eternal hole in the ground.' Fuelled by red wine and optimism, off he goes ...
