*The Secret Tradition in Freemasonry, Vol.  
2 of 2* Theclassics.us

"This book traces the continued existence of the spiritual alchemy of rebirth in heterodox and specifically Boehmist circles from around 1600 to the early twentieth century. The basic claim of continuity from Boehme to Atwood argued

here is not new. A particularly apt expression may be found in F. Sherwood Taylor's *The Alchemists* of 1949, in which the founding editor of *Ambix* notes 'the existence of a school of mystical alchemists whose purpose was self-regeneration.' With Boehme as an important early exponent, this 'tendency culminated in 1850' with Atwood's *Suggestive Inquiry into the Hermetic Mystery*. Taylor's statement, it turns out, could hardly have been more accurate yet has so far lacked the support of a

comprehensive presentation. This led Principe and Newman to describe such claims of continuity regarding spiritual alchemy as mere 'conjecture' without 'clear historical evidence.' This book marshals that hitherto elusive evidence, much of it found in obscure manuscript sources, and thus documents the continuity of spiritual alchemy that links the early-modern to the modern era"--  
*The Three Stages of Initiatic Spirituality*  
Cambridge Scholars Publishing  
Modern Speculative Freemasonry was

born at a Lodge meeting at the Rummer and Grapes Tavern, later moving to the Horn Tavern. The first three Grand Masters had changed the existing Operative Mason's rituals in some way, and the only way to find out what those changes were, was to compare the current ritual to the bits of ritual that exist prior to the establishment of the Premier Grand Lodge in 1717, the event Masonic scholar Albert Pike calls the "Revival." The allure of researching the early days of Freemasonry is that we can learn about the objectives of the first three Grand Masters, and thus answer some or all of the following questions: \*Why the Lodge at the Horn Tavern was so different from the other three Lodges whose "Constitution is Immemorial." \*What was the secret scroll owned by a librarian at the University of Oxford that might hold the formula for alchemy's ultimate prize, the Philosophers' Stone? \*Why valuable documents were destroyed during the early days of the Grand Lodge of England. \*How did the son of the only "black" queen of England become Freemasonry's first royal Grand Master? \*Why the Bishop of London treated Pocahontas as "visiting royalty,"

and what became of her? \*Who was the Chinese mandarin, who may hold the secret to one of the degrees? \*Why a rival "Chinese" secret society tried to bring down Freemasonry. This book answers these questions, and many more!

### **The Meaning of Being Illuminati**

DigiCat

This early work by Arthur Edward Waite was originally published in 1922 and we are now republishing it with a brand new introductory biography. 'Saint-Martin, the French Mystic, and the Story of Modern Martinism' is one of Waite's works on the history of mysticism. Arthur Edward Waite was born on the 2nd of October, 1857 in America. After the death of his father, Waite and his mother returned to her native England, where he was raised in North London, attending St. Charles' College from the age of thirteen. Waite left school to become a clerk, but also wrote verse in his spare time. The death of his sister, Frederika Waite, in 1874 soon attracted him into psychical research. Waite became a prolific author with many of his works being well received in academic circles. He wrote occult texts on subjects including divination, esotericism,

Rosicrucianism, Freemasonry and ceremonial magic, Kabbalism, and alchemy.

[The Hermetic and Alchemical Writings of Paracelsus the Great](http://light.org) light.org

"The Brotherhood of the Rosy Cross - A History of the Rosicrucians" is Arthur Edward Waite's study of the elusive Rosicrucians, a secret society which the first appeared to the public in Germany in the early 17th century. Arthur Edward Waite (1857 - 1942), more commonly referred to as A. E. Waite, was an American-born British mystic and poet. He wrote profusely on the subject of the occult and esoteric matters, and is famous for being the co-creator of the Rider-Waite Tarot deck. His work arguably constitutes the first attempt to systematically studying the history of western occultism, which he viewed more of a spiritual tradition than proto-science or pseudo-religion, as was the more common conception. Contents include: "Mythical Rosicrucian Precursors", "Militia Crucifera Evangelica", "Alchemists And Mystics Symbolism", "Of The Rose And Cross", "Fama Fraternalitatis R C", "Confessio Fraternalitatis R C", "The Chemical

Nuptials”, “Authorship Of The Chemical Nuptials”, “Development Of Rosicrucian Literature”, etc. Other works by this author include: “The Alchemical Writings of Edward Kelly” (1893), “Turba Philosophorum” (1894), and “Devil-Worship in France” (1896). Many vintage books such as this are increasingly scarce and expensive. It is with this in mind that we are republishing this volume now in an affordable, modern, high-quality edition complete with the original text and artwork.

*Freemasonry: Quest for Immortality* Read Books Ltd

This book articulates a new research program, called “Ur-Illuminism,” which consists in an integrated and systematic study of humanity’s quest for “illumination,” namely, for the highest and noblest possible mode of being. Thus, it takes on the challenge of revising widely accepted ways of understanding and interpreting the ontological underpinnings of civilization and the ontological potential of humanity. It allows the reader to delve into a creative “rediscovery” of Platonism, medieval Christian mystics’ and scholars’ writings, and various “illuminist” systems,

from the Orphic mystical cult to the European Enlightenment and thence to the eighteenth-century Illuminati fraternities and beyond. Moreover, the book studies major issues in the history of philosophy, politics, and esoteric systems (such as Hermeticism, the Kabbalah, alchemy, the Rosicrucian movement, Freemasonry, and the Bavarian Illuminati). It maintains that a postmodern “rediscovery” of premodern metaphysics, specifically, a postmodern esoteric theocracy (as distinct from old sacerdotalism and religious formalism), is the best bulwark against oppression and the ontological degradation of humanity, as well as the best path to the attainment of that wisdom and spiritual self-knowledge which constitute the existential integration and completion of the human being. In this context, it proposes a peculiar and intellectually fecund synthesis between Tory Anarchism, Libertarianism, Platonism, and Byzantine Hesychasm, as they are elucidated here.

Freemasonry: Spiritual Alchemy Simon and Schuster

Hidden within age-old classic stories lie the hermetic teachings of alchemy and

Freemasonry • Explains how the stages of the Great Work are encoded in both little known and popular stories such as Cinderella, Snow White, and Little Red Riding Hood • Reveals the connection between Mother Goose and important esoteric symbols of the Western Mystery tradition • Demonstrates the ancient lineage of these stories and how they originated as the trigger to push humanity toward higher levels of consciousness

In his *Mystery of the Cathedrals*, the great alchemist Fulcanelli revealed the teachings of the hermetic art encoded in the sculpture and stained glass of the great cathedrals of Europe. What he did for churches, his disciple Bernard Roger does here for fairy tales. Through exhaustive analysis of the stories collected by the Brothers Grimm, Perrault, and others, Roger demonstrates how hermetic ideas, especially those embodied in alchemy and Freemasonry, can be found in fairy tales, including such popular stories as Cinderella, Snow White, Sleeping Beauty, and Little Red Riding Hood as well as the tales attributed to “Mother Goose.” The goose has long been an important esoteric symbol in the

Western Mystery tradition. The stories told under the aegis of Mother Goose carry these symbols and secrets, concealed in what hermetic adepts have long called "the language of the birds." Drawing upon the original versions of fairy tales, not the sanitized accounts made into children's movies, the author reveals how the tales illustrate each stage of the Great Work and the alchemical iterations required to achieve them. He shows how the common motif of a hero or heroine sent in search of a rare object by a sovereign before their wishes can be granted is analogous to the Masonic quest for the lost tomb of Hiram or the alchemist's search for the fire needed to perform the Great Work. He also reveals how the hero is always aided by a green bird, which embodies the hermetic understanding of the seed and the fruit. By unveiling the secret teachings within fairy tales, Roger demonstrates the truly ancient lineage of these initiatory stories and how they originated as the trigger to push humanity toward higher levels of consciousness.

**Freemasonry and Catholicism** 22 Lions René Guénon (1886-1951) was one of the great luminaries of the twentieth century,

whose critique of the modern world has stood fast against the shifting sands of intellectual fashion. His extensive writings, now finally available in English, are a providential treasure-trove for the modern seeker: while pointing ceaselessly to the perennial wisdom found in past cultures ranging from the Shamanistic to the Indian and Chinese, the Hellenic and Judaic, the Christian and Islamic, and including also Alchemy, Hermeticism, and other esoteric currents, they direct the reader also to the deepest level of religious praxis, emphasizing the need for affiliation with a revealed tradition even while acknowledging the final identity of all spiritual paths as they approach the summit of spiritual realization. Studies in Freemasonry and the Compagnonnage is both an attempt to rediscover the lost roots of Masonry and a fascinating look into the many controversies swirling around the subject of Masonry in serious intellectual circles during the first half of the twentieth century. It must also be classed, along with Symbols of Sacred Science, Spiritual Authority and Temporal Power, Traditional Forms and Cosmic Cycles, The Esoterism of Dante, Insights

into Christian Esoterism and Insights into Islamic Esoterism and Taoism-not to mention related sections in many of his other books-as one of René Guénon's masterful excursions into esoteric myth, symbolism, and secret history. Freemasonry may indeed be, as Guénon ultimately concluded, a largely degenerated and thus no longer strictly 'operative' offshoot of a true initiatory lineage; yet its symbolism, like that of the original Rosicrucians, remains profound, traditional, and therefore ultimately legitimate. And given that the 'Spirit bloweth where it listeth', it is always possible that symbolism of this order may awaken in a receptive soul intimations of the Truth and the Way, which can be of inestimable of value in 'the path to the Path', the quest for a living initiatory spirituality.

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1919 edition. Excerpt: ...of the Rose and the "Cross to teach them to work faithfully

to make the Molten Sea, the Philosopher's Stone, and to find the New Word which shall admit them to the kingdom for they believe more in works than in faith. The accompanying chart shows graphically the three Ages mentioned in this article: (1) The First Age, when each human being was a complete creative unit, male-female, double sexed, and ruled by one Hierarch, Melchisedec, who filled a dual office as King and Priest. (2) The Second Age, when the division of the race EVOLUTION LEMURIAN EPOCH HUMANITY WAS DOUBLE-SEXED MALE-FEMALE EACH BEING A COMPLETE CREATIVE UNIT MELCHISEDEC KING 6 JUST RECEIVED DIVINE RULER OVER HUMAN BROTHERHOOD TYPIFIED BY ABRAHAM MELCHISEDEC IS CALLED KING OF SALEM (AND PEACE PREVIOUS SATURN PERIOD, POLARIAN EPOCH SUN PERIOD HYPERBOREAN EPOCH MOON PERIOD LEMURIAN EARTH END OF into men and women, and the division of the rulership into State and Church caused war and strife. The State espouses the cause of Fatherhood and Man and upholds the male ideal of Arts, Crafts and Industry, embodied in Hiram Abiff. The Church espouses the cause of Motherhood and

Woman and holds aloft the female ideal of love, and hearth and home embodied in the Madonna and her child. It is the conflicting interests of the man and the woman, the home and the shop, the Church and the State, which cause the economic struggle, the war and the strife with which mankind is cursed and which make all long and pray for the reign of peace. (3) The Third Age, when a divine Christ, who, like Melchisedec, shall fill the dual office of King and priest, and shall rule over a purged and glorified humanity, which has risen from sex-love to soul-love. PART VI Spiritual Alchemy WHEN we expose a piece of iron to... The Secret Teachings of All Ages Holmes Publishing Group LLC Masonic ritual contains a veiled secret which points toward a hidden psychological current, inherent in the Western Mystical Tradition. This scarcely perceivable sentient science has manifested throughout the ages within the ancient Gnostic schools, the writings of the great Hermetic philosophers, and the noble art of Freemasonry. These institutions have operated as a means of perpetuating a method of personal

typology and perception, which is essential to human interaction. The intrinsic numerological correspondences of Craft ritual contain the keys to perfecting this powerful system of communication and the Self. This seminal work provides a practical framework, through which the student can master his own typology, understand the elements of perception, and utilize vital communication techniques which can unlock the very mysteries of human existence. By employing techniques as diverse as Jungian psychoanalysis, Masonic geometry, and alchemical parable, Porter has formulated a unique and timely tome that is certain to revolutionize the perceptions of contemporary Masonic culture and the means by which we articulate ideas. We can detect deception, influence others, effect positive change, and synthesize a unique cognitive vernacular, specifically crafted to convey the most profound Masonic truths. Spiritual Freemasonry: Volume One Weiser Books From Egyptian mythology to Jewish mysticism, Rome and Greece to the druids and the gnostics, Tim Wallace-Murphy

exposes a fascinating lineage of hidden mysteries and secret societies, continuing through the Templars, Rosicrucians, and Freemasons to our modern visionaries. This hidden stream of spirituality and that of sacred knowledge are inseparably entwined to form the single most important continuous strand in the entire Western esoteric tradition. This tradition exerted a seminal influence on the thinking of the builders of the great cathedrals; leading teachers in ecclesiastical schools; philosophers; playwrights; poets such as Shakespeare, Goethe, Blake, and W. B. Yeats; and on artists and Renaissance giants such as Leonardo da Vinci and Michelangelo. It is also the root from which sprang alchemy and modern science. Now, as more people are looking to find information on the alternatives to dominant religions and dogmas that have told us what to think and how to behave, as faith has been questioned by religious scandals, economic meltdowns, and an increasingly sick planet Earth, Wallace-Murphy reveals the secrets of the masters, including invaluable spiritual insights into everyday life that have been hidden throughout the

ages. He shows us who kept this spiritual tradition alive despite appalling persecution, so that we in the twenty-first century might benefit from its accumulated fruits and ennoble our lives. Hidden Wisdom will be of immense interest to readers of the number one bestseller *The Lost Symbol* as it explains much of Dan Brown's focus on the ancient mysteries. Tim Wallace-Murphy is an international best-selling author known for his deep knowledge of Rosslyn, the Knights Templar, Sacred Geometry, and Rex Deus.

This is the first book which establishes a direct link between the rituals of Freemasonry and the practice of both chemical and spiritual alchemy. Albert Pike

understood that the symbolic degrees of Freemasonry contained alchemical secrets, but he never put the whole pattern together and showed how. This book shows these connections for the first time. This book is a must for any Freemason who wants to understand the secret meanings behind the Symbolic "Blue Lodge" ritual. Tim Hogan is a PM, 32\*KCCH, KT, FRC, PSM-AMD, and Knight RC of the Royal Order of Scotland. He lectures extensively both inside and outside of the United States on Freemasonry.

**Esoteric Freemasonry** Read Books Ltd  
Reveals the secret spiritual exercises of the Bektashi Order of Sufis • Shows how this order, also known as Oriental Freemasonry, preserves the ancient spiritual doctrines forgotten by modern Freemasonry • Explains how to transform the soul into the alchemical Magnum Opus by combining Masonic grips and the

abbreviated letters of the Qur'an • Includes a detailed biography of Baron von Sebottendorff Originally published in Germany in 1924, this rare book by Baron Rudolf von Sebottendorff reveals the secret spiritual exercises of the Bektashi Order of Sufis as well as how this order, also known as Oriental Freemasonry, preserves the ancient spiritual doctrines forgotten by modern Freemasonry. Sebottendorff explains how the mysterious abbreviated letters found in the Qur'an represent formulas for perfecting the spirit of the individual. When combined with Masonic hand signs and grips and conducted accordingly to a precise schedule, these formulas incorporate spiritual power into the body and transform the soul from its base state into a noble, godlike state: the Magnum Opus of the medieval alchemists. Laying out the complete program of spiritual exercises, Sebottendorff explains each abbreviated word-formula in the Qur'an, the hand gestures that go with them, and the exact order and duration for each exercise. Including a detailed biography of Sebottendorff and an examination of alchemy's Islamic heritage, this book

shows how the traditions of Oriental Freemasonry can ennoble the self and lead to higher knowledge.

The Quest for the Phoenix Walter de Gruyter

After the spiritual awakening following the Transmission of Light in the First Degree, the stimulation of the "dew" that animates the soul in the Second Degree, followed by the "Dark Night of the Soul" and the mystic resurrection in the Third Degree, the Mason is now perfected. However, without understanding the 25th Signpost, he is without a guide: "The Grand Master is dead, the Temple is not complete, and we have not found the Lost Word." Like the Royal Arch Degree, this book completes the journey, and understanding the symbolism of the Royal Arch, completes this remarkable transformation. \*What was thought to be so important about the Royal Arch Degree that it is included in the Blue Lodge as a Chapter, as well as both the Scottish and York Rites? \*What the various hints (Signposts) in the preceding three degrees were pointing to, and an explanation of the import of the Twenty-fifth Signpost. \*How this degree categorically refutes any

notion of the soul dying after death. \*Why Freemasonry may hold the secret teaching that religions around the world, including the Abrahamic faiths, have either not found, or do not want the faithful to know. \*Why Trinitarianism was thought to be so essential to Christianity that it was enshrined in law, and how Freemasonry's rituals complete this doctrine. \*How the Third Degree completes the Mason's journey with a life-changing experience. This book answers these questions, and many more!

**Freemasonry and Catholicism; an Exposition of the Cosmic Facts Underlying These Two Great Institutions As Determined by Occult Investigation** Lulu.com

Are Freemasons a secret society, with dangerous agenda, as their enemies would like to present or a philanthropic association of good men (and women) trying to become better and improve the society they live in? Can we subscribe to the controversial idea that the phenomenon of Freemasonry has a life of its own within our collective unconscious that sustains itself regardless of human destiny? Enter into this mysterious world

of symbols, bizarre rituals, secret words, signs, and handshakes and learn first hand what it is all about, where it is coming from and where it is going.

*Freemasons Press* Simon and Schuster

The life of a human being is composed of several dynamics in permanent interaction. Some have named them alchemy and, others, sacred geometry. Whatsoever is the term applied, it is formed under the same principles. These dynamics are the core of the reality we experience, both inwards and outwards, leading towards what is called manifestation or occult magic. They are also the root cause behind our own identity and thought patterns. The shape and direction of the dynamics is presented in our emotions and the interactions we form on a daily basis, because they interfere with our aura and the predominant energy that we are exteriorizing, even without knowing. Nobody, not even those who don't believe in these divine laws, are immune to them. And the prove of such, comes in the form of dreams that, quite often, reveal the inner world we try to hide from ourselves. Along this line of thought, this book

intends to show you how all of these dynamics interact with one another, by describing how they manifest from different angles. In knowing this, you will be able to have more control over your life and destiny, quite simply, because they are systematically repeated in the different methods of fortunetelling, and despite the differences between human beings and their own nature. The understanding of this knowledge is of a tremendous importance for those who wish to transcend their spiritual nature and acquire a higher level of consciousness.

**The Golden Builders** Createspace Independent Publishing Platform  
The author presents with this intellectual biography of the Lutheran alchemist Count Michael Maier an academic study of western esotericism in general and to the study of alchemy and rosicrucianism in particular. The author charts the development of Maier's Hermetic worldview in the context of his service at the courts of Emperor Rudolf II and Moritz of Hessen-Kassel. The problem of the nature of early Rosicrucianism is addressed in detail with reference to

Maier's role in the promotion of this "serious jest" in the years immediately prior to the outbreak of the Thirty Years' War. The work is set in the context of ongoing debates concerning the nature of early modern alchemy and its role in the history of Western esotericism.

Hidden Wisdom Freemasonry: Spiritual Alchemy  
In 1716 four Lodges of Operative Masons met at the Apple Tree Tavern in London and decided to create a "Grand Lodge" to reorganize Freemasonry, which was slowly dying out. After the establishment of the Premier Grand Lodge the next year, 1717, one of the Lodges, the Rummer and Grapes, took a decidedly new direction that resulted in the creation of what would later become known as Speculative Freemasonry, the basis of modern Freemasonry. However, as there is very little documentation from this period, many questions are left unanswered: \*Why three educated and busy men decided to rewrite the ritual of a stonemasons' guild, when they were neither stonemasons nor manual workers. \*Why the first three Grand Masters gave eight years of their lives to this cause. Not only that, but why they thought it

necessary to add a third degree to the ritual. \*Why the literati and aristocracy of Europe were motivated to join these three men, an antiquarian, a Huguenot priest and a possible alchemist, in a room above a tavern to study the new degrees. \*Why there is a "key to the rituals" that Desaguliers referred to in the Constitutions of 1723. \*Why the first three Grand Masters were interested in "making good men better," when they were also not philanthropists. \*Why the first three Grand Masters used steganography to hide secrets in the rituals, making them a puzzle for Freemasons to discover. \*Lastly, and probably most importantly, why the English nobility (and later royalty) believed so strongly in what these three men had conceived that they lent their names to the enterprise by becoming its figurehead, Grand Masters. This book answers these questions, and more! Spiritual

*Freemasonry and Catholicism* Jazzybee Verlag

A leading scholar of esoteric spirituality uncovers the history of Gnostic alchemy from Hellenistic Alexandria to the Renaissance. In *The Golden Builders*, Tobias Churton eschews myth and pseudohistory to trace 1,600 years of Hermetic spiritual and philosophical development. In a breathtaking span of detailed research, he sheds light on the origins of Gnostic alchemy, pre-Grand

Lodge Freemasonry, and the mysterious Fraternity of the Rosy Cross (the Rosicrucians). He introduces readers to great men of magic and spiritual wisdom such as Paracelsus, Caspar Schwenckfeld, Johann Valentin Andrae, and others. This sweeping work is divided into three parts: Part 1 presents a broad survey of the Hermetic current and its transmissions from Hellenistic Alexandria to the time of Paracelsus. Part 2 focuses on the Rosicrucian movement as a vehicle of the Hermetic current, drawing on the research of scholars such as Carlos Gilly. Part 3 concentrates on Elias Ashmole, the English polymath, alchemist, astrologer, and early Freemason who carried the Hermetic current forward during the Renaissance. Debunking myths while revealing genuine mysteries, *The Golden Builders* combines authoritative scholarship with deep spiritual wisdom.
