The Cambridge Companion to Greek Tragedy

The Cambridge Companion to Greek Lyric The Cambridge Companion to Archaic Greece provides a wide-ranging synthesis of history, society, and culture during the formative period of Ancient Greece, from the Age of Homer in the late eighth century to the Persian Wars of 490–480 BC. In ten clearly written and succinct chapters, leading scholars from around the English-speaking world treat all aspects of the civilization of Archaic Greece, from social, political, and military history to early achievements in poetry, philosophy, and the visual arts. Archaic Greece was an age of experimentation and intellectual ferment that laid the foundations for much of Western thought and culture. Individual Greek city-states rose to great power and wealth, and after a long period of isolation, many cities sent out colonies that spread Hellenism to all corners of the Mediterranean world. This Companion offers a

vivid and fully documented account of this critical stage in the history of the West. The Cambridge Companion to Latin Love Elegy Cambridge University Press A COMPANION TO ANCIENT GREEK AND ROMAN MUSIC A comprehensive guide to music in Classical Antiquity and beyond Drawing on the latest research on the topic, A Companion to Ancient Greek and Roman Music provides a detailed overview of the most important issues raised by the study of ancient Greek and Roman music. An international panel of contributors, including leading experts as well as emerging voices in the field, examine the ancient 'Art of the Muses' from a wide range of methodological, theoretical, and practical perspectives. Written in an engaging and accessible style, this book explores the pervasive presence of the performing arts in ancient Greek and Roman culture—ranging from musical mythology to music theory and education, as well as archaeology and the practicalities of performances in private

and public contexts. But this Companion also explores the broader roles played by music in the Graeco-Roman world, examining philosophical, psychological, medical and political uses of music in antiquity, and aspects of its cultural heritage in Mediaeval and Modern times. This book debunks common myths about Greek and Roman music, casting light on yet unanswered questions thanks to newly discovered evidence. Each chapter includes a discussion of the tools or methodologies that are most appropriate to address different topics, as well as detailed case studies illustrating their effectiveness. This book Offers new research insights that will contribute to the future developments of the field, outlining new interdisciplinary approaches to investigate the importance of performing arts in the ancient world and its reception in modern culture Traces the history and development of ancient Greek and Roman music, including their Near Eastern roots, following a thematic approach Showcases contributions from a wide range of disciplines and

international scholarly traditions Examines the political, social and cultural implications of music in antiquity, including ethnicity, regional identity, gender and ideology Presents original diagrams and transcriptions of ancient scales, rhythms, and extant scores that facilitate access to these vital aspects of ancient music for scholars as well as practicing musicians Written for a broad range of readers including classicists, musicologists, art historians, and philosophers, *A Companion to Ancient Greek and Roman Music* provides a rich, informative and thought-provoking picture of ancient music in Classical Antiquity and beyond. [The Cambridge Companion to Early Greek Philosophy](#) Cambridge University Press A systematic survey of archaic Greek society and culture which introduces the reader to a wide range of new approaches to the period. The first comprehensive and accessible survey of developments in the study of archaic Greece Places Greek society of c.750-480 BCE in its chronological and geographical context

Gives equal emphasis to established topics such as tyranny and political reform and newer subjects like gender and ethnicity Combines accounts of historical developments with regional surveys of archaeological evidence and in-depth treatments of selected themes Explores the impact of Eastern and other non-Greek cultures in the development of Greece Uses archaeological and literary evidence to reconstruct broad patterns of social and cultural development *The Cambridge History of Greek and Roman Political Thought* John Wiley & Sons As a creative medium, ancient Greek tragedy has had an extraordinarily wide influence: many of the surviving plays are still part of the theatrical repertoire, and texts like Agamemnon, Antigone, and Medea have had a profound effect on Western culture. This Companion is not a conventional introductory textbook but an attempt, by seven distinguished scholars, to present the familiar corpus in the context of modern reading, criticism, and performance of Greek tragedy. There are three

main emphases: on tragedy as an institution in the civic life of ancient Athens, on a range of different critical interpretations arising from fresh readings of the texts, and on changing patterns of reception, adaptation, and performance from antiquity to the present. Each chapter can be read independently, but each is linked with the others, and most examples are drawn from the same selection of plays. [The Cambridge Companion to the Epic](#) Cambridge Scholars Publishing *The Cambridge Companion to Homer* is a guide to the essential aspects of Homeric criticism and scholarship, including the reception of the poems in ancient and modern times. Written by an international team of scholars, it is intended to be the first port of call for students at all levels, with introductions to important subjects and suggestions for further exploration. Alongside traditional topics like the Homeric Question, the divine apparatus of the poems, the formulae, the characters and the archaeological background, there are detailed discussions of

similes, speeches, the poet as story-teller and the genre of epic both within Greece and worldwide. The reception chapters include assessments of ancient Greek and Roman readings as well as selected modern interpretations from the eighteenth century to the present day. Chapters on Homer in English translation and 'Homer' in the history of ideas round out the collection.

A Companion to Horace
Cambridge University Press

A Companion to Greek Mythology presents a series of essays that explore the phenomenon of Greek myth from its origins in shared Indo-European story patterns and the Greeks' contacts with their Eastern Mediterranean neighbours through its development as a shared language and thought-system for the Greco-Roman world. Features essays from a prestigious international team of literary experts Includes coverage of Greek myth's intersection with history, philosophy and religion Introduces readers to topics in mythology that are often inaccessible to non-specialists Addresses the Hellenistic and Roman

periods as well as Archaic and Classical Greece

A Companion to Greek Studies Cambridge University Press

This book deals with Greek lyric composed more than twenty-five centuries ago. These poems sing of everyday events and emotions in human life, from the most festive to the most serious, presenting a living portrait of the ancient Greeks. This multidisciplinary volume begins with a panorama of Greek lyric poetic genres, their main authors and their representative topics. The first part contains philological studies and literary analyses, first of some Greek poets—Anacreon, Sappho and Lycophron, among others—then of their influence on Horace's Latin poetry, and on contemporary poetry. The second part, illustrated with colour images, studies Greek lyric from socio-political and iconographic perspectives, analysing its coincidences and reflections in images from Greek pottery, sculptures and reliefs. In addition, this section includes two works on musical theory and composition related to ancient Greek lyric. The volume closes with two

studies of the image of Sappho in cinema.

Brill's Companion to Greek and Latin Pastoral
Cambridge University Press

Latin love elegy is one of the most important poetic genres in the Augustan era, also known as the golden age of Roman literature. This volume brings together leading scholars from Australia, Europe and North America to present and explore the Greek and Roman backdrop for Latin love elegy, the individual Latin love elegists (both the canonical and the non-canonical), their poems and influence on writers in later times. The book is designed as an accessible introduction for the general reader interested in Latin love elegy and the history of love and lament in Western literature, as well as a collection of critically stimulating essays for students and scholars of Latin poetry and of the classical tradition.

The Cambridge Companion to Byron John Wiley & Sons

Horace is a central author in Latin literature. His work spans a wide range of genres, from iambus to satire, and odes to literary epistle, and he is just as much at home writing

about love and wine as he is about philosophy and literary criticism. He also became a key literary figure in the regime of the Emperor Augustus. In this 2007 volume a superb international cast of contributors present a stimulating and accessible assessment of the poet, his work, its themes and its reception. This provides the orientation and coverage needed by non-specialists and students, but also suggests provoking perspectives from which specialists may benefit. Since the last general book on Horace was published half a century ago, there has been a sea-change in perceptions of his work and in the literary analysis of classical literature in general, and this territory is fully charted in this Companion.

Greek Lyric Poetry and Its Influence Cambridge University Press

A Companion to Greek Literature presents a comprehensive introduction to the wide range of texts and literary forms produced in the Greek language over the course of a millennium beginning from the 6th century BCE up to the early years of the Byzantine Empire.

Features contributions from a wide range of established experts and emerging scholars of Greek literature Offers comprehensive coverage of the many genres and literary forms produced by the ancient Greeks—including epic and lyric poetry, oratory, historiography, biography, philosophy, the novel, and technical literature Includes readings that address the production and transmission of ancient Greek texts, historic reception, individual authors, and much more Explores the subject of ancient Greek literature in innovative ways

Greek Poetry: Elegiac and Lyric: Oxford Bibliographies Online Research Guide

Cambridge University Press
Pioneering study of the cultural value attached to ancient Greek lists, catalogues, and inventories across literature and epigraphy.

The Cambridge Companion to Latin Love Elegy BRILL

Miss Dale examines the the rhythms of Greek lyric and the laws which control them. In this 1968 second edition, she has corrected what she calls 'the errors and

shortcomings' of the first, and has taken into account work published in the intervening years. Miss Dale writes for classical scholars and others interested in metric.

The Cambridge History of Classical Literature: Volume 1, Greek Literature, Part 3, Philosophy, History and Oratory Cambridge University Press

A 1999 Companion to Greek philosophy, invaluable for new readers, and for specialists.

The Cambridge Companion to Greek Lyric John Wiley & Sons

A Companion to the Latin Language presents a collection of original essays from international scholars that track the development and use of the Latin language from its origins to its modern day usage. Brings together contributions from internationally renowned classicists, linguists and Latin language specialists Offers, in a single volume, a detailed account of different literary registers of the Latin language Explores the social and political contexts of Latin Includes new accounts of the Latin language in light of modern linguistic

theory Supplemented with illustrations covering the development of the Latin alphabet

[A Companion to Greek Literature](#) Cambridge University Press

This volume ranges in time over a very long period and covers the Greeks' most original contributions to intellectual history. It begins and ends with philosophy, but it also includes major sections on historiography and oratory. Although each of these areas had functions which in the modern world would not be considered 'Literary', the ancients made a less sharp distinction between intellectual and artistic production, and the authors included in this volume are some of Europe's most powerful stylists: Plato, Herodotus, Thucydides and Demosthenes.

[Ancient Greek Lists](#) Cambridge University Press

The corpus of Greek lyric holds a twofold attraction. It provides glimpses of the song culture of early Greece in which lyric performance had a central place, and it presents us with some captivating and memorable poetry which has been admired since antiquity. This edition

gathers poems by seven of the nine canonical lyricists (Alcman, Alcaeus, Sappho, Stesichorus, Ibycus, Anacreon, Simonides), as well as a number of carmina popularia and carmina convivalia and passages from Timotheus' Persians. Both longer and shorter pieces are included. The Introduction discusses major issues in the study of Greek lyric including genre, performance and transmission. The commentary is literary in emphasis but also treats questions of syntax, textual reconstruction, metre and dialect. The volume will be of interest to higher-level undergraduates and graduate students as well as to scholars.

A Companion to Greek Lyric OUP Oxford

"Latin love elegy is one of the most important poetic genres in the Augustan era, also known as the golden age of Roman literature. This volume brings together leading scholars from Australia, Europe and North America to present and explore the Greek and Roman backdrop for Latin love elegy, the individual Latin love elegists (both the canonical and the non-canonical), their poems and influence on writers in

later times. The book is designed as an accessible introduction for the general reader interested in Latin love elegy and the history of love and lament in Western literature, as well as a collection of critically stimulating essays for students and scholars of Latin poetry and of the classical tradition"--

Cambridge University Press

This book is a chronological survey of the major writers (or reciters, or performers, or orators) of Ancient Greece. Part One considers the major genres of ancient Greek literature: epic, history, drama, satire, lyric, and philosophy. It profiles some of the key issues and authors of each period, characterizes the literature of each period, and sprinkles quotes through the whole. Part Two comprises fifteen short essays on aspects of ancient Greek culture, including language (script and dialects); folklore; music; dance; mythology; painting; theater; government; military structures; class structure; gender relations; innovations; trade; and science. Overall, the book will serve as both reference

guide and launchpad for ongoing attention to our Hellenic heritage.

Wandering Poets in Ancient Greek Culture
Cambridge University Press

Every great civilisation from the Bronze Age to the present day has produced epic poems. Epic poetry has always had a profound influence on other literary genres, including its own parody in the form of mock-epic. This Companion surveys over four thousand years of epic poetry from the Babylonian Epic of

Gilgamesh to Derek Walcott's postcolonial Omeros. The list of epic poets analysed here includes some of the greatest writers in literary history in Europe and beyond: Homer, Virgil, Dante, Camões, Spenser, Milton, Wordsworth, Keats and Pound, among others. Each essay, by an expert in the field, pays close attention to the way these writers have intimately influenced one another to form a distinctive and cross-cultural literary tradition. Unique in its coverage of the vast scope of that tradition,

this book is an essential companion for students of literature of all kinds and in all ages.

The Cambridge Companion to European Modernism Cambridge University Press
Brill's Companion to Greek Land Warfare Beyond the Phalanx brings together emerging and established scholars to build on the new consensus of multiform Greek warfare, on and off the battlefield, beyond the usual chronological, geographical, and operational boundaries.
