One of America's most admired TV anchors gives us an intimate chronicle of the final year of the twentieth century. In this engrossing narrative, a national bestseller, are all the most significant matters of that year--from Bill Clinton's impeachment to Columbine, from the war in Kosovo to Y2K and the mass-marketing of Viagra. Here are the people who made the news--from Slobodan Milosevic to Hillary Rodham Clinton to Michael Jordan to John F. Kennedy Jr. The events of 1999 anticipate so many of the on-going challenges America faces today that Koppel's account feels entirely prescient. Koppel's book moves on yet another level as events trigger memories of his own past, providing a more personal resonance to his telling of the history we all share. He takes us back to the England in which he lived until he was thirteen. He revisits his powerful experiences as an interviewer

investigating prison abuses and probing the violence in our schools. He discusses the strengths and weaknesses of the media; he talks about racial intolerance, about brutality toward gay people, about the absence of political leadership. He also examines such cultural phenomena as our obsession with celebrity and the impact of great theater and overhyped movies. Here is the voice we knew so well from Nightline--intelligent, curious, opinionated, witty, concerned--reminding us in entertaining and thought-provoking ways that even the most public events reverberate in our private lives.

The conspectus consists of introductory chapters on the sources available, the evolution of sixteenth-century type-casting and letter-engraving, biographical notices of 17 punchcutters (both famous ones, such as Colines, Garamont, Granjon, and lesser known ones, such as Vatel, Gryphius, or Du Boys) and the methodology used. The main part of the book consists of the facsimiles of 409 typefaces (216 Romans, 88 Italics, 61 Greeks, 41 Hebrews, 2 Arabics, and one phonetic) each with a short identifying notice, describing their letter family, size, punchcutter (or eponym), their first appearance in books or type-specimens, the surviving materials such as punches or matrices, and finally (for about two-thirds of them), the recent literature. Every typeface has been illustrated, several with multiple examples of their use.

For more than a century, original music has been composed for the cinema. From the early days when live music accompanied silent films to the present in which a composer can draw upon a full orchestra or a lone synthesizer to embody a composition, music has been an integral element of

most films. By the late 1930s, movie studios had established music departments, and some of the greatest names in film music emerged during Hollywood's Golden Age, including Alfred Newman, Max Steiner, Dimitri Tiomkin, and Bernard Herrmann. Over the decades, other creators of screen music offered additional memorable scores, and some composers—such as Henry Mancini, Randy Newman, and John Williams—have become household names. The Encyclopedia of Film Composers features entries on more than 250 movie composers from around the world. It not only provides facts about these artists but also explains what makes each composer notable and discusses his or her music in detail. Each entry includes Biographical material Important dates Career highlights Analysis of the composer's musical style Complete list of movie credits This book brings recognition to the many men and women who have written music for movies over the past one hundred years. In addition to composers from the United States and Great Britain, artists from dozens of other countries are also represented. A rich resource of movie music history, The Encyclopedia of Film Composers will be of interest to fans of cinema in general as well as those who want to learn more about the many talented individuals who have created memorable scores.

Rebellious, headstrong, independent - and on her own at age 15 - Lorelei dreamed of being a model, and made that happen through serendipity; a chance meeting with a '70s SoCal Rock Star opened the A-list Hollywood doors to a wondrous world, as well as a full-blown romance. Pounding the pavement in L.A. and New York taught her the hard knocks of being a working class model. Sheer will and determination jetted her off to Europe, where she became a top runway and magazine model, and where she met the doomed love of her life, fiancé Steve Clark of Def Leppard. With humor, pathos, and a world map of insight, Runway RunAway takes readers on a breathless journey around the globe with a backstage pass to high fashion, true romance, and Rock 'n Roll from some of the biggest names in the business.

One of the oldest teams in the NFL, the Pittsburgh Steelers have carved one of the most exciting legacies in professional football. Founded as the Pittsburgh Pirates by Art Rooney in 1933 with winnings from a single day at the racetrack, the Steelers spent the next 40 years as the NFL's "Lovable Losers." All that changed in the early '70s, as savvy draft choices and a smashmouth style of play transformed the Steelers into the most dominant team of the decade. In *Tales from the Pittsburgh Steelers Sideline*, veteran journalist Dale Grdnic captures the essence of the Steelers teams across the decades. Grdnic highlights many of the squad's most memorable moments, including Franco Harris's Immaculate Reception and their eight Super Bowl appearances. He covers the team's greatest rivalries, including the epic battles with the Oakland Raiders and Dallas Cowboys. And he profiles the memorable players who've worn the Black and Gold over the decades, including Byron White, Johnny "Blood" McNally, Terry Bradshaw, Lynn Swann, Mean Joe Greene, Jack Lambert, Jerome Bettis, and "Big Ben" Roethlisberger. The latest addition to the *Tales* series, this is a must-have book for any member of Steelers Nation.

This collection of thirteen essays examines sixteenth-century type design in France. Typefaces developed during this period were to influence decisively the typography of the centuries which followed, and they continue to influence a great many contemporary typefaces. The papers' common goal is to establish the paternity of the typefaces described and critically to appraise their attributions, many of which have previously been inadequately ascribed. Such an approach will be of interest to type historians and type designers seeking better-documented attributions, and to historians, philologists, and bibliographers, whose study of historical imprints will benefit from more accurate type descriptions. The papers and illustrations focus on the most important letter-cutters of the French Renaissance, including Simon de Colines, Robert Estienne, Claude Garamont, Robert Granjon, Pierre Haultin, and also include a number of minor masters of the period.

If you operate your own coaching business - whether online or in person - you know there is a lot to learn! Get a jumpstart on the big stuff with this book written by 12 inspiring coaches across all markets! From money mindset to managing a team, this is THE manual for coaches. Written in collaboration by: Annika Suoma Frey Bonnie Chase RN Kelly Caldwell Carla Gibson DC Cherrise Boucher Aliza Bloom Robinson Dana Attkisson Croy Melissa Kirkpatrick Misti Patrella Patti O'Leary Tarryne West Katie Henry Kavita Singh Here's some feedback from our beta readers: "I think this book seems like a very valuable tool for aspiring coaches. It covers every aspect of the profession and really shows how this is one profession that you can't practice if you don't have your own ducks in a row. If you're not authentic, at peace and together yourself, you will quickly be labeled a fraud and lose credibility. This book offers the tools to help coaches identify the needs of their clients and relate to them on a personal level with an individualized approach that can be implemented many different ways. Cool concept." S.B. "The Team Management Chapter was an easy read and very informative. Being a loyal Tony Robbins follower, I was amazed that I had never heard of the assessment testing he provides. I was glad that it was included in the chapter along with other ways to learn more about yourself and your team member's strengths. This book will be a great asset to new and seasoned Coaches alike." E. Z. "I LOVE YOUR CHAPTER on authenticity Katie. You can feel your energy, positivity and light through your words. You spread your message in your writing because it is so authentic and real and you embody your message in how you share it. The advice you gave was 100% spot on, a real foundation to kicking off ANY business- not only for healers. This is a constant theme throughout the entire book...genuine, intuitive and straight from the heart. I will definitely share this book with the entrepreneurs who are my clients. Thank you!" KS

The Palaeotypography of the French Renaissance Henry Holt and Company

This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
