 A stunning survey of modern illustration that uses older styles of artistic expression to evoke a sense of another time and place. These vintage-style illustrations play with the past, subvert it, on occasion, but always feel fresh. Organized into 12 chapters by historical or cultural period, the book features hundreds of the best examples of modern retro illustration including styles as varied as Constructivist, Dada and Art Nouveau. From work showing the ornamentation of Victorian fonts, the stylized angles of Art Deco, the lines of soviet poster art, the influence of Saul Bass and Blue Note record sleeves to the new slant on photorealism, and the renaissance of punk and comic art. Hundreds of artists from all over the

world have contributed to a beautiful, witty and inspiring collection of vintage illustration that will inspire designers, illustrators and artists working today. !--

The mid-20th century was an amazing time for American women's fashion! Following the war, women started looking to American designers rather than French couture houses for

inspiration and to demand clothing they could move in, even play in. In this follow-up to Gertie's New Book for Better Sewing, Gretchen "Gertie" Hirsch celebrates the classic casual styles that icons like Katharine Hepburn, Audrey Hepburn, and Rosie the Riveter made famous--think wide-legged trousers, fitted capri pants, beach rompers, shorts, knit tops, jeans, and day dresses. In Part I, Hirsch introduces key techniques for sportswear construction--from working with knit fabrics to the intricacies of pant-making--and in Part II, she showcases a 30-plus-piece vintage-inspired casual wardrobe.

In that yawning gap between the antique and the new, there is something else.

Some call it vintage, some retro, but whatever the name the concept is the same - the objects and furniture that are not quite old and not quite new, but are always original and unique. Modern Retro looks at this fascinating area of design and decoration. The arrangement of rooms - where to put what - has always been a vital part of successful interior decoration, and it is even more important when it comes to creating an interior that is a mixture of the expected and the completely unexpected. It is an art and it requires a real skill, for there has to be respect for every objet trouve, as well as an understanding of how each element will work best. Modern Retro shows how to combine, how to edit and how to put the unlikely and the unusual together in a sympathetic way.

Inspiration and ideas occupy every page of this absorbing book.

The Vintage Book of Modern Indian Literature Rizzoli Publications

In recent years American readers have been thrilling to the work of such Indian writers as Salman Rushdie and Vikram Seth. Now this extravagant and

wonderfully discerning anthology unfurls the full diversity of Indian literature from the 1850s to the present, presenting today's brightest talents in the company of their distinguished forbearers and likely heirs. The thirty-eight authors collected by novelist Amit Chaudhuri write not only in English but also in Hindi, Bengali, and Urdu. They include Rabindranath Tagore, arguably the first international literary celebrity, chronicling the wistful relationship between a village postal inspector and a servant girl, and Bibhuti Bhushan Banerjee, represented by an excerpt from his classic novel about an impoverished Bengali childhood, Pather Panchali. Here, too, are selections from Nirad C. Chaudhuri's Autobiography of an Unknown Indian, R. K. Narayan's The

English Teacher, and Salman Rushdie's *Midnight's Children* alongside a high-spirited nonsense tale, a drily funny account of a pre-Partition Muslim girlhood, and a Bombay policier as gripping as anything by Ed McBain. Never before has so much of the subcontinent's writing been made available in a single volume.
