This powerful call to arms offers a realistic vision for getting locally produced, healthy food onto everyone's table, "[blending] a passion for sustainable living with compassion for the poor" (Dr. Jane Goodall) In *Closing the Food Gap*, food activist and journalist Mark Winne poses questions too often overlooked in our current conversations around food: What about those people who are not financially able to make conscientious choices about where and how to get food? And in a time of rising rates of both diabetes and obesity, what can we do to make healthier foods available for everyone? To address these questions, Winne tells the story of how America's food gap has widened since the 1960s, when domestic poverty was "rediscovered," and how communities have responded with a slew of strategies and methods to narrow the gap, including community gardens, food banks, and farmers'

markets. The story, however, is not only about hunger in the land of plenty and the organized efforts to reduce it; it is also about doing that work against a backdrop of ever-growing American food affluence and gastronomical expectations. With the popularity of Whole Foods and increasingly common community-supported agriculture (CSA), wherein subscribers pay a farm so they can have fresh produce regularly, the demand for fresh food is rising in one population as fast as rates of obesity and diabetes are rising in another. Over the last three decades, Winne has found a way to connect impoverished communities experiencing these health problems with the benefits of CSAs and farmers' markets; in *Closing the Food Gap*, he explains how he came to his conclusions. With tragically comic stories from his many years running a model food organization, the Hartford Food System in Connecticut, alongside fascinating profiles of activists and organizations in communities across the country, Winne addresses head-on the struggles to improve food access for all of us, regardless of income level.

"Outstanding . . . a wide-ranging invitation to think through the

moral ramifications of our eating habits." —The New Yorker One of the New York Times Book Review's Ten Best Books of the Year and Winner of the James Beard Award Author of *This is Your Mind on Plants*, *How to Change Your Mind* and the #1 New York Times Bestseller *In Defense of Food* and *Food Rules* What should we have for dinner? Ten years ago, Michael Pollan confronted us with this seemingly simple question and, with *The Omnivore's Dilemma*, his brilliant and eye-opening exploration of our food choices, demonstrated that how we answer it today may determine not only our health but our survival as a species. In the years since, Pollan's revolutionary examination has changed the way Americans think about food. Bringing wide attention to the little-known but vitally important dimensions of food and agriculture in America, Pollan launched a national conversation about what we eat and the profound consequences that even the simplest everyday food choices have on both ourselves and the natural world. Ten years later, *The Omnivore's Dilemma* continues to transform the way Americans think about the politics, perils, and pleasures of eating.

A beautiful commemorative edition of Dr. Martin Luther King's essay "Letter from Birmingham Jail," part of Dr. King's archives published exclusively by HarperCollins. With an afterword by Reginald Dwayne Betts On April 16, 1963, Dr. Martin Luther King Jr., responded to an open letter written and published by eight white clergymen admonishing the civil rights demonstrations happening in Birmingham, Alabama. Dr. King drafted his seminal response on scraps of paper smuggled into jail. King criticizes his detractors for caring more about order than justice, defends nonviolent protests, and argues for the moral responsibility to obey just laws while disobeying unjust ones. "Letter from Birmingham Jail" proclaims a message - confronting any injustice is an acceptable and righteous reason for civil disobedience. This beautifully designed edition presents Dr. King's speech in its entirety, paying tribute to this extraordinary leader and his immeasurable contribution, and inspiring a new generation of activists dedicated to carrying on the fight for justice and equality.
