## **SHANNON MADALYNN**

---

### **Tears of Rage** Harper Collins

The first dedicated textbook for Criminology students studying homicide. As the authors explain, criminal homicide is but one form of lethal violence victims may suffer, leading them to describe a much broader range of scenarios. Ranging from murder to manslaughter to State killings, genocide and disasters involving victims of public policy, corporate crime or

shortcomings in health and safety, Making Sense of Homicide re-positions discussion of the topic for those wishing to see beyond routine media hype and ill-informed popular discourse. The book also contains a special expert contribution by former Police Superintendent Ronald Winch about how the UK police investigate homicide including fundamental requirements and pitfalls. The book ranges in scope from serial killing to mass and spree homicide and across the jurisdictions of the UK, USA and other countries. Also interweaved in this key

resource are acutely observed accounts of the Holocaust, capital punishment and homicide within a consumer society. The authors explain the categories within which homicide is conventionally discussed, as well as crimes of the powerful and those made opaque for political, economic or other questionable purposes, making the work one of immense value to anyone wishing to see violence through a new lens. A hugely wide-ranging explanation of homicide, perfect for dedicated courses. The book demonstrates how homicide definition

stems from political, cultural and societal choices and looks at the deficits in homicide classifications. An entirely fresh look at the subject. From the Foreword 'It is no small feat to offer such robust understandings of homicide ... A judicious and much needed collection at a time in which our existence is evermore enveloped by aspects of death, despair and homicide in all its various malignant forms.'— Professor David Wilson. Authors Dr Adam Lynes, Professor Elizabeth Yardley and Lucas Danos all teach at Birmingham City University, one of the UK's leading centres of Criminology where their existing publications have attracted considerable acclaim. Ronald Winch spent over 30 years in the police including investigating homicide and other serious, major and complex crimes. Together they bring straightforward and refreshing perspectives to a sometimes hard to understand and often disquieting topic.

Schoolteacher and sleuth Amanda Pepper leads her class to Philadelphia's public library, where she investigates the murder of a lovely young librarian.

In the Woods National Geographic Books

Murder, sex and violence, set in a small town deep in the heart of Florida--the one the tourist drives through without even seeing. Was Adam Stone what he appeared to be? Or were the layers of deception never ending?

*Box Set: Until Proven Innocent and The Unsolved Murder of Adam Walsh Books One and Two* William Dietrich

In Almagen, a small village in the Andalucian mountains, Staffe nurses himself back from the brink of death. His idyllic new life in Spain appeals and Staffe is becoming a part of the community. One day his friend, Manolo, takes Staffe to visit Almeria and tells him about a body that has been found buried in an old greenhouse by the Mediterranean. Staffe becomes inexorably drawn to the case and befriends a journalist, Raul, who presents the killing as a simple case of drug-trafficking gone wrong, but it soon emerges that this murder mirrors the methods of torture used during Spain's brutal civil war. When Raul plunges to his death in a drunken car crash, Almagen's own secret past slowly rises to the surface, bringing with it family feuds and an expatriate ménage of a famous British

artist, a Vietnam war vet, and a beautiful German heiress. Between the sierra and the sea, everyone seems to want to bury the past - except Staffe, who's new life is threatened as he refuses to abandon his investigation. Once unearthed, the past refuses to go away and the closer the unseen enemy gets, the more Staffe's own past haunts him - torn and trapped by two so different worlds, and closer than ever to the man who murdered his parents.

*The Mulbuie Murder. Life and Trial of John Adam at Inverness Circuit Court ... 1835, for the Murder of His Wife, Jane Brechin, Etc* Waterside Press

When the body of a theology student is found on a desolate stretch of coast in East Anglia, his wealthy father demands that Scotland Yard should re-examine the verdict of accidental death. Commander Adam Dalgliesh agrees to pay a visit to the young man's theological college, St Anselm's, a place he knew as a boy, expecting no more than a nostalgic return to old haunts and a straightforward examination of the evidence. Instead he finds himself embroiled in intrigue, secrets and mystery as the college is torn apart by a sacrilegious and horrifying murder . . .

Award-winning P.D. James (author of *Death Comes to Pemberley* and *Children of Men*) masterfully explores an isolated and beleaguered community coping with the evil and disruption of murder. In 2003, this novel was adapted for BBC television and starred Martin Shaw, Hugh Fraser and Robert Hardy. Set on the wild coast of East Anglia, this number one bestseller is the fourteenth Adam Dalgliesh novel and a thrilling work of crime fiction possessing all of the qualities which distinguish P. D. James as a novelist.

*Death in Holy Orders* Gollancz

“Les Standiford’s account of the decades-long attempt to solve the murder of Adam Walsh is chilling, heartbreaking, hopeful, and as relentlessly suspenseful as anything I’ve ever read. A triumph in every way.” —Dennis Lehane, author of *Mystic River* “The most significant missing child case since the Lindbergh’s....A taut, compelling and often touching book about a long march to justice.” —Scott Turow, author of *Presumed Innocent* The abduction that changed America forever, the 1981 kidnapping and murder of six-year-old Adam Walsh—son of John Walsh, host of the Fox TV series *America’s Most*

*Wanted*—in Hollywood, Florida, was a crime that went unsolved for a quarter of a century. *Bringing Adam Home* by author Les Standiford is a harrowing account of the terrible crime and its dramatic consequences, the emotional story of a father and mother’s efforts to seek justice and resolve the loss of their child, and a compelling portrait of Miami Beach Homicide Detective Joe Matthews, whose unwavering dedication brought the Adam Walsh case to its resolution.

*Suffer the Children* Waterside Press

Are you prepared to defend the biblical account of Adam as a living man formed by God? Many theologians, pastors, and philosophers now teach that the Adam we find in Genesis was a myth, story, or parable. In *Adam: First and the Last*, Simon Turpin – Ex. Director of *Answers in Genesis*, UK/ Europe, reveals why understanding Adam to have been the first man created is critical for a consistent theological understanding of the biblical message of creation, the fall, and redemption. “If you deny the ‘First Adam,’ not only do you deny the sufficiency of Scripture and undermine its authority, but you ultimately attack the life, teaching,

and person of the ‘Last Adam,’ our Lord Jesus Christ.” Ken Ham, CEO of *The Ark Encounter*, *Creation Museum*, & *Answers in Genesis* The very teachings of Jesus regarding creation and the flood are being attacked on the basis that, because of His human nature, there was error in some of His teaching. The theory of biological evolution, though lacking evidence, is why many reject Adam as a historical individual or see him as anything other than the originating head of the human race. The church is facing a crisis because too few of her people and leaders understand the consequences of combining the Bible and evolution. Sadly today, more and more evangelical Christian scholars are having to redefine passages of Scripture because they have adopted the idea of evolution and millions of years into their thinking. These questions may be the biggest doctrinal issues facing our generation, and the church’s attitude toward them could be a defining moment in Christianity. *Adam: First and the Last* will prepare you, your family, and your church to stand against today’s false teachers and strengthen your faith in the infallible Word of God. Turpin offers a true biblical

apologetic that will be used for decades and even centuries to help the Body of Christ hold fast to their confession of faith without wavering (Hebrews 10:23).

John Adam the Murderer ... A Sermon Preached ... After the Execution of John Adam for the ... Murder of Jane Brechin, Etc National Geographic Books

When Lloyd Fouracre left a party with his friends in September 2005, the night before his 18th birthday, nobody could have guessed that within an hour he would be dead. Encountering a gang of drunken teenagers spoiling for a fight, Lloyd and his friends were attacked-leaving him with injuries so numerous and severe that he stood no chance of survival. Shattered by his loss, Lloyd's older brother, Adam, knew life would never be the same again. Spurred on by the senseless tragedy, he founded the Stand Against Violence charity. Over the course of years, Adam's efforts would send him on a real-life game of snakes and ladders, experiencing demoralizing setbacks and incredible highs-finally achieving the support of many, including Paul Sinha from ITV's *The Chase* and even Her Majesty The Queen. Today, Stand

Against Violence is firmly established and continues to educate and inspire thousands of young people each year all over the UK. When September Ends tells the story of how Adam Fouracre turned a devastating loss into an opportunity to help others. It also offers the perspective of the charity's least likely supporter-one of Lloyd's killers-and describes the impact of a global event that would change everyone's lives.

*Bringing Adam Home* Arthur Jay Harris London. A city where no-one feels safe and one man's crime is another man's justice. A paedophile is brutally murdered in his own home, and to protect other known offenders the police must haul the families of their victims down to the station for questioning. It's just another day in the life of D. I. Will Wagstaffe; better known to friends and enemies alike as Staffe. In this case nothing is simple, least of all Staffe's personal life. There's heartache from Sylvie, his estranged lover, and the dark shadow of Jessop, his mentor. And as he digs for answers into the grime of the city he finds the boundaries between right and wrong have been blurred, but the main question remains: just how far would you

go to protect your children?

*The Road to Murder* A&C Black

Disputing the police, investigative author and journalist Arthur Jay Harris shows why the 1981 kidnapper and murderer of 6-year-old Adam Walsh, son of John Walsh, is serial killer Jeffrey Dahmer.

*A Mind to Murder* Faber & Faber

Why do serial killers gravitate towards certain kinds of occupation? Why do they pursue certain types of victim? How do they leave the radar and remain hidden? Through his wide knowledge of the topic honed at one of Britain's leading centres for criminological studies, Adam Lynes demonstrates how theory, practice, profiling and behaviour intertwine to identify the kind of people we should fear (and especially if we are vulnerable to predators). The book also looks at those personality-types most likely to become serial killers whilst hiding in plain sight. From Britain's serial killing studies centre of excellence. Looks in depth at eight of Britain's serial killer drivers, dealing with some of the most notorious crimes of modern times. A fresh and uniquely interesting perspective. Demonstrates the links between mobility, transience,

recognisance, predatory behaviour and acting out murderous fantasies. From the text "It is apparent that driving as a form of occupational choice is a "popular" form of employment for British serial murderers. In an effort to determine why this may be, [ the ] case studies of eight British serial murderers [ in the book ] demonstrate just how such an occupation can impact upon these offenders' criminal behaviour...These findings may prove to be of benefit to scholars of serial murder, and to those who attempt to apprehend them."

**Frustrated Witness! - Second Edition**  
Waterside Press

A reformed Sicilian criminal, Carmelo Trapani, has been kidnapped and his search for the the aged Carmello leads Staffe all the way back to a terrible act at the Battle of Cable Street. Meanwhile, Staffe's own loyal servant,, DS Pulford, is in Pentonville awaiting trial for the murder of Jadus Golding, the very man who attempted to murder Staffe, leaving wounds from which Staffe is still recovering and it suits some in the heirarchy to see Pulford go down. Can Staffe save Carmelo without leaving

Pulford to the political vultures?As he battles find the man who murdered his own assailant, pressures also mount from within and Staffe's heart falters - in every way. His job is on the line and when he least expects it, his own past puts a gun to his head.Hailed as 'London's answer to The Wire,' Kill And Tell takes the Staffe series up a notch and into the very highest echelon of contemporary crime writing. *Slay the Dragon* Random House UNTIL PROVEN INNOCENT The prosecutor was no longer sure both murder defendants were guilty. So he asked his dad -- the real-life Kojak. A mother's dying, gasping call to 911: "My husband! My baby!" In her secluded ranch house, she'd been stabbed with a kitchen knife. Her husband, infant and elderly father-in-law had all been shot in the head, point-blank. For three years, police had two suspects under surveillance, then arrest. Both faced the death penalty. But prosecutor Brian Cavanagh began to doubt that the defendants were partners. So he consulted with his father, a retired NYPD cop whose reputation for savvy sleuthing had inspired the creation of one of the most beloved characters in television history. Now the

question was: Could Dad help solve the case? THE UNSOLVED MURDER OF ADAM WALSH The famous missing child case of Adam Walsh, a 6-year-old last seen at a Sears in a shopping mall in Hollywood, Florida, in July 1981 was the worst nightmare imaginable. Two weeks later, a child's severed head was found and identified as Adam. No one has ever been arrested for the crime. For the most part, the case's narration has been told by the victims, Adam's parents Reve and John Walsh. However, there has been another voice, independent investigative journalist and author of five True Crime books about Florida, Arthur Jay Harris, who has continued to write about it for two decades, and has worked on it with ABC News, The Miami Herald, and others. The deeply-researched story he tells disputes almost everything that everyone in the public has been led to believe. IN BOOK ONE, Harris shows that the taker of Adam was most likely not the drifter Ottis Toole, as police now say, but rather the serial killer Jeffrey Dahmer, who was arrested ten years later with eleven severed heads in his apartment. Harris documented him by a police report living near Hollywood as

a transient about when Adam disappeared. That report had him supposedly finding a dead body in an alley behind where he worked. The report referred to a meter and storage room steps away where Harris and ABC News found blood droplets rising up a wall next to a lumberman's axe and a sledgehammer. Was this Dahmer's doing? Further, Dahmer was identified by seven police witnesses who said they saw him at the mall with or near Adam when he was taken. One of those witnesses said he saw him throw Adam into a blue van and get away. Where Dahmer worked there was a blue van, easily and often taken for personal use, without permission. Early on, a blue getaway van was Hollywood's first, best clue. IN BOOK TWO, Harris shows that all the official files are incredibly missing the most customary documents that would prove the ID of the found child who was said to be Adam. Among the documents missing are the autopsy report, a forensic dental report (considering that the ID was strictly based on a tooth comparison), and Adam's dental chart and dental X-rays. An investigation by the Florida Department of Law Enforcement confirmed his finding. In

fact, the ID was not only shoddy and inadequate but is overwhelmingly likely wrong. In Adam's last photo he was clearly missing both his top front teeth. A police crime scene photo, never before published, shows the found child had a mostly-in buck tooth -- a top left front tooth. Harris consulted a number of pediatric and forensic dental and medical examiner experts who confirmed the obvious: there wasn't enough time for Adam to have grown it in that far. All that would have been exposed at a court trial -- but more than 30 years after Adam's disappearance, there has never been one. Did police end the search for Adam too soon? Could Adam still be alive? In fact not so impossible, Harris found...  
*Dead Sister* Faber & Faber  
"McGinnis is the new king of thrilling, action filled, blockbuster novels" --N. Robyn  
A police officer is brutally murdered in a "mostly peaceful" Oakland protest. City hall shuts down any serious investigation of the heinous crime. Ex-Navy SEAL Adam Weldon and his cop buddy BC take up the search for the killers only to find themselves hunted, outmatched, and at risk of being killed at

any moment. As they fight for their lives, Adam and BC discover the horrible truth: The murder is part of a relentless, 40-year, "unrestricted warfare" assault on America by an implacable, seemingly all powerful foe. A sovereign state with vast resources-including database files on virtually everyone and the ability to track-and kill-anyone anywhere at any time. A sovereign state determined to bring America to its knees and to become itself the dominant power in the world. Can Adam and his team-and American democracy itself-survive? To find out, plunge headlong into this rousing, upbeat, rip-roaring Adam Weldon thriller by award-winning author William McGinnis.

**A Mind to Murder** Faber & Faber  
Now a major Channel 5 series 'The Queen of Crime.' New York Times Commander Adam Dalgliesh is already acquainted with the Dupayne Museum in Hampstead, and with its sinister murder room celebrating notorious crimes committed in the interwar years, when he is called to investigate the killing of one of the trustees. He soon discovers that the victim was seeking to close the museum against the wishes of both staff and fellow

trustees. Everyone, it seems, has something to gain from the crime. When it becomes clear that the killer is prepared to kill again, inspired by the real-life crimes from the murder room, Dalgliesh knows that to solve this case he has to get into the mind of a ruthless killer.

'Genuinely chilling, a delight.' Observer  
'Does everything a crime novel should - and then a whole lot more. A very good novel indeed.' Daily Mail

### **Broken Through** Faber & Faber

Grace Rampling, sweating miserably in the newsroom during an oppressive heatwave, desperately misses her new lover. Three weeks after she first held Sergeant Adam Davis in her arms, he

*Death in the Sun* Birlinn

Why? Two unforgettable names, Adam Walsh and Jeffrey Dahmer, one tragic case: The author's goal is justice for little Adam Walsh. A wall of evidence points to America's most notorious serial killer and pedophile Jeffrey Dahmer murdering and decapitating Adam. Accordingly, the author wants the Hollywood Police Department (HPD) to reopen the case and close it correctly. This will finally bring proper closure for the Walsh family, which

includes Adam's father, John, who channeled his rage by becoming the crime-fighting host of the popular TV show America's Most Wanted. Who? The author describes how he encountered Dahmer at length near the time and place little Adam was abducted. This book has consumed well over three decades of the author's life, with at least one decade investigating and writing this book. He has appeared on many TV shows and in numerous print publications as a witness. In 2010 he filed a lawsuit against the HPD, State Attorney's Office, and one of the detectives involved in the Adam Walsh case. What? As much as this book is a case for Dahmer being Adam's murderer, it is equally a study of how the HPD conducted the homicide investigation, becoming the greatest ally and defender of America's most notorious serial killer. I have a problem with facts that don't fit, with witnesses not called or used, with bungled investigations, and with cover-ups after the fact, the author writes. The author presents many, many witnesses who know they saw Dahmer. Packed with charts, diagrams, photos, and letters, this is the most extensive collection of records to date of the Adam

Walsh case.

*Bringing Adam Home* Pyle-Reese Book Account

The Dupayne, a small private museum in London devoted to the interwar years 1919 - 1939, is in turmoil. As its trustees argue over whether it should be closed, one of them is brutally and mysteriously murdered. Yet even as Commander Dalgliesh and his team proceed with their investigation, a second corpse is discovered. Someone in the Dupayne is prepared to kill and kill again. Still more sinister, the murders appear to echo the notorious crimes of the past featured in one of the museum's galleries: the Murder Room. The case is fraught with danger and complications from the outset, but for Dalgliesh the complications are unexpectedly profound. His new relationship with Emma Lavenham -- introduced in the last Dalgliesh novel, *Death in Holy Orders* -- is at a critical stage. Now, as he moves closer and closer to a solution to the puzzle, he finds himself driven further and further from commitment to the woman he loves. *The Real-Town Murders* Faber & Faber  
When six-year-old Adam Walsh was

abducted from the Hollywood Mall on July 27, 1981, and his severed head found at the Florida Turnpike, no one could have guessed that it would take police almost thirty years to find the culprit or that even then they had still got it all so wrong. Willis Morgan was an eye witness at the mall the day Adam was taken, but rather than feel relief when the Hollywood Police Department finally convicted serial killer Ottis Toole in 2008, he felt sick and frustrated. Frustrated that a young child was snatched from right in front of him. Frustrated that evidence, leads and witness testimony were lost. Frustrated that eyewitness testimony of Jeffrey Dahmer being at the Hollywood Mall the same day was disregarded. Frustrated because there was a compelling wall of evidence that it was Jeffrey Dahmer, the Milwaukee Cannibal, who killed Adam, and not Toole. And most of all frustrated because no justice has yet been served for Adam Walsh. In his book "Frustrated

Witness", Morgan details his unnerving encounter with serial killer Jeffrey Dahmer in the mall, the other eyewitness accounts of that fateful day and major flaws in the police investigation. "This is the account of Adam Walsh's abduction and my attempts stretching across decades to find justice for him," Morgan writes. "As much as this book is a case for Jeffrey Dahmer being Adam's murderer, it is equally a study of how the Hollywood Police Department (HPD) conducted the homicide investigation." Morgan has left no stone unturned in his quest for the truth and "Frustrated Witness" includes an incredible array of evidence he gathered, piece by painstaking piece, to prove Dahmer committed the murder of Adam Walsh. This includes crime scenes he uncovered, police investigative reports he researched, an analysis of suspect composites and even the sordid details of Dahmer's murky past before he came to be known as America's most notorious serial killer who dismembered, ate or kept parts of his

victims. "Frustrated Witness" not only implicates Dahmer but presents the facts to the court of public opinion, in the hope that it ultimately brings about justice for Adam Walsh.

**Frustrated Witness!** Simon and Schuster Lies. Adultery. Blackmail. 'Neat and startling . P. D. James is simply a wonderful writer.' New York Times 'Highly recommended.' Daily Telegraph Superintendent Adam Dalgliesh has never failed to solve a case. When he is called to the scene of a gruesome murder at a psychiatry clinic in London, he finds it in lockdown: no one has entered or left the building since the discovery of the body. So, it figures, the culprit must be amongst the people before him. As Dalgliesh quickly discovers, however, the intricate web of lies and grudges among the staff and patients at the Steen Clinic cast confusing shadows. Amid all that deceit, could the killer be preparing to strike again?
