Maybe you are already a fantastic dirty talker who needs a new idea or two, or maybe you're just in the mood to brush up on your naughty skills. Whatever the reason, you've chosen the right book to learn how to talk dirty! Talking dirty has become so much a part of our sexual culture that it has spawned surveys, interviews, forums, books, and research galore. In fact, before it was called "dirty talk," the art of saying sexual things to your lover with the intent to arouse had a scientific name: Lagnolia. There's good reason for all this scientific interest. Over 80% of our sex life takes place in our heads, meaning that fantasy, memory, and desire are some of the most powerful driving forces behind everything we do behind closed doors. Studies have shown that by the time you actually get physical with your partner, your mind has been leading up to the encounter. So why not go for the dirty talk? It's been in the back of your mind all day anyway! According to Aline P. Zoldbrod, PhD, the author of more than a few books on naughtiness, sexy talk with your partner not only revs up play between the sheets, but enriches your life in ways you never would have imagined. It makes your partner feel good to know how excited you are, and your excitement makes them feel like the best lover in the world. That might explain why talking dirty makes you tingle in all the right places, but it doesn't explain why the naughtiest dirty talk can also be the hottest. It's one thing to say "fuck" and get a smile, but it's quite another to tell your partner exactly how you want to fuck them, in the most graphic terms you can imagine. The dirtier the words, the better. What's up with that? One word: Taboo. This book helps you break the taboo and teaches you how to talk dirty to a guy. **INSIDE YOU WILL LEARN:** 1.
