Animals that Migrate Capstone

With bears everywhere, a child has to find his special bear before he can sleep.

Going Home Ideals Publications

Animals behave the way they do because of genetics and their environment. In most cases, scientists study animal behavior to better understand certain personality traits. Read about camouflage, migration, hibernation and flight. Identify the animals that are well-known to display such behaviors. Lessons learned through reading are remembered better. So what are you

waiting for? Grab a copy today.

About Parrots HarperCollins

Describes the habits of animals, including the arctic tern, monarch butterfly, Chinook salmon, and green turtle, that regularly change their homes to find better weather, safer conditions, or more food.

'The Migration of a Whale' is an innovative book exploring the fascinating journey of a whale as it migrates across the oceans. A mixture of innovative torn-paper illustrations and diagrams bring the subject to life.

Don't Hog The Hedge Kids Can Press Ltd

There is more than one way for animals to prepare for winter. Some, such as mice, foxes, and moose, simply tolerate the cold. Of course black bears hibernate, but chipmunks, wood frogs, and garter snakes do too. And then there are the creatures that

migrate, including hummingbirds, blue whales, and even earthworms! This rhyming nonfiction picture book by Laura Purdie Salas tells you all about how animals survive chilly weather.

Hibernation Raintree

BEAR & FOX The Northern Trail tells a wonderful story of friendship and following your dreams. Bear wants to go ice fishing but he has a problem: the lake won't freeze. Winters aren't as cold as they used to be. Bear's friend Fox thinks of a clever plan and the animals decide to head for the North to look for snow. On the way they meet many other forest animals, who also need cooler climate and join the hikers. The story continues through beautiful Nordic nature as the animals go hiking towards the North. They travel by foot, kayak and canoe and bicycle, and ski under the arctic lights Aurora Borealis. Finally they find snow, but there is a surprise waiting to happen, too. The story and illustrations of the picture book "Bear and Fox - The Northern Trail" are by the Finnish Illustrator Ulla Sainio. BEAR & FOX The Northern Trail: 36 pages story of friendship in a changing world suitable for small children Follow us for more books of the adventures of BEAR & FOX!. The series consists of several lined notebooks, and there is also a Bear & Fox sticker book available in Finnish. Inquiries: Gentil Graphics Publishing
